Roman's not like the other King souls in Primitus, he knows that. He thinks about things other than survival, like why the sun no longer sets or rises. He questions the strict laws and beliefs they are forced to live under. And he doesn't buy the official narrative about what happened to the world, why there's nothing left but suffering and death--that it's all Eve's fault. Chosen to lead a special operation, from Primitus to Antiquus and back again, the strange journey turns into an unexpected rabbit hole of answers. He discovers he's in the last epoch, living in what's left of the third dimension, a dimension that's collapsing. And that there's a higher dimension, called Aquarius. He must get to Aquarius, to Eve,

and bring the rest of humanity with him. But first, he needs to learn what's creating this reality and why he's still in it. He'll need to unravel the secrets of existence, and the mysteries of the universe. The fate of humanity depends on it.

In the 1960s, legendary hypnotherapist Dolores Cannon began working with patients who had smoking and eating issues. When taken deep into their subconscious, a surprising thing happened. No matter their class, creed or religion, clients from all over the world kept saying the same thing: " I came here to raise Earth ' s vibration" Upon returning to full consciousness this was something of a confusion to people at the time especially prior to crossing the great marker in 2012 when earth moved into a much higher photonic area of the cosmos changing the magnetics and many other elements that trigger our DNA and consciousness. This book acts as a 360* dot-connector, giving a beginner to master level explanation of the Starseed phenomenon, which is currently exploding globally and where it has developed to since. It links together various information and insights spiritually, metaphysically and scientifically so that the phenomenon can be broken down into disparate parts and understood from a very unique vantage point as a connected whole. This book offers the why, who, how, when, and where. For a very long time humanity has been kept in the dark about its spiritual and cosmic inheritance. Who would do such a thing and what would they gain from such an endeavour? In an age of lies everything has become a conspiracy theory and the truth is far stranger than fiction. We are not having a global awakening, but a remembrance of who we really are, a return to our true selves. We are from the stars and we are

not alone.

Voodoo, D'Angelo's much-anticipated 2000 release, set the standard for the musical cycle ordained as "neo-soul," a label the singer and songwriter would reject more than a decade later. The album is a product of heightened emotions and fused sensibilities; an amalgam of soul, rock, jazz, gospel, hip-hop, and Afrobeats. D'Angelo put to music his own pleasures and insecurities as a man-child in the promised land. It was both a tribute to his musical heroes: Prince, Sly Stone, Marvin Gaye, J Dilla...and a deconstruction of rhythm and blues itself. Despite nearly universal acclaim, the sonic expansiveness of Voodoo

proved too nebulous for airplay on many radio stations, seeping outside the accepted lines of commercial R&B music. Voodoo was Black, it was definitely magic, and it was nearly overshadowed by a four-minute music video featuring D'Angelo's sweat-glistened six-pack abs. "The Video" created an accentuated moment when the shaman lost control of the spell he cast.

If you are interested in understanding more about your true self, the purpose of life and your spiritual path, Esoteric Astrology is the book for you. You will be guided into a deeper dimension of astrology and the spiritual laws behind all life, for example the law of reincarnation and karma. There is a great difference between esoteric astrology that interprets the horoscope from the viewpoint of the soul, and traditional astrology that often is preoccupied with outer events and the desires and reactions of the outer self. An esoteric astrologer looks for the purpose of the soul, and the inner causes behind what happens to you in life. What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a

beginner's guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. From the perspective of a spiritual background, this is indeed an entirely new way of looking at our civilization.

In this book, among other sources, we have compiled key thoughts and material that were dictated to Alice Bailey (starting in the 1920s and continuing through the 1960s) from the Tibetan master Djwhal Khul. As you see in the references, she wrote eighteen books, which were published by Lucis Publishing Company, New York. Djwhal Khul shared this material from another dimension, giving us a new perspective. We highly

recommend these books because Djwhal Khul is in a higher vibrational dimension, working and aiding us in an enlightened evolution. What we have added to this book is some of our thoughts about the energies to which Khul refers. We know very little about these energies, and this material presents a challenge to us in our evolutionary sojourn. Each of us must pursue our understanding and knowledge about these energies. This is our goal and our reason for writing this book. Good travels to you.

The Aquarian Gospel of Jesus the Christ by Levi Dowling is surely the most detailed, intricate, compelling and impressive of all the modern gospels written to update scripture and to reveal spiritual truth for a new era. Though it claims to be a channeled revelation, it is obvious that Leo ("Levi") Dowling expended stupendous effort not only on content (with numerous fascinating tales, parables, and sayings) but also on form (the entire, massive work being set in iambic pentameter and hexameter). New Testament scholar Robert M. Price (Ph.D. in Systematic Theology; Ph.D. in New Testament, Drew University), having long been intrigued with the Dowling gospel, has undertaken to study it with the tools of modern biblical research. As with the Bible, the Aquarian Gospel yields new riches of understanding once one applies the methods that traditionalist believers most fear. For there are certainly believers in The Aquarian Gospel who are as stubbornly fundamentalist as any Baptist. Price's book aims at opening up a wider vista of interpretation to these people as well as

demonstrating to outsiders that the Aquarian Gospel deserves serious intention. He is friendly to the text under study and pays it due respect by scrutinizing it unflinchingly.
