Scooter and Nugget cannot be content like most other house cats eating, sleeping, and annoying their humans. These two sisters, who just happen to speak English as well as cat talk, decide to sneak outside on a regular basis to explore their neighborhood. When they overhear their human housemates Tony and Misty discussing a recent burglary in the area, Scooter and Nugget decide to become amateur detectives and solve the case. Getting outside is easy once Tony and Misty go off to work. Dealing with the challenges of outdoor cats who are unfriendly and downright mean, dogs who would love to prove to them who rules the streets, and a group of gang cats who want them off their turf is not so easy. One challenge after another seems to prevent the cats from solving the crime. How do they track the criminals down? How do they figure out where the thieves will strike next? What do they do if and when they finally do catch them? Nugget, younger and less experienced than Scooter, does not have a clue how to answer these questions. Scooter, older and wiser, has a plan. Follow along as the plan is put into action. With the help of Tyrone Williams,

a teacher at the local middle school who discovers by accident the secret that the cats can speak English, the plot unfolds. These private eye cats will reveal to you just how successful two four legged felines can be when they become determined to put a plan into action. In 1977, Marcia Muller invaded the all-male domain of detective literature and within a decade was established as the mother of the female hardboiled private eye. She is now the author of four detective series, including the critically acclaimed Sharon McCone series of more than two dozen novels. This collection critically assesses Marcia Muller's writing and reevaluates current critical views on women's detective fiction in general. In the first two of the book's three sections, essays explore Muller's engagement with modern and postmodern feminism, ethnicity, and the socially underprivileged. The third section focuses on one of Muller's major themes, the trauma of history. Drawing from the feminist, historicist, mythic, psychoanalytic, and cultural approaches found in all three sections, the conclusion offers a panoramic perspective on Muller's accomplishments. This challenging, fun-filled activity book will bring out the super sleuth in every midgrader. Each mysterious and intriguing story

provides young detectives with a perplexing whodunit. Then a crossword puzzle filled with clues helps kids crack the case. Lively illustrations add to the fun, and a glossary at the end of the book helps enhance midgraders' vocabulary.

Since its appearance nearly two centuries ago, crime fiction has gripped readers' imaginations around the world. Detectives have varied enormously: from the nineteenth-century policemen (and a few women), through stars like Sherlock Holmes and Miss Marple, to newly self-aware voices of the present - feminist, African American, lesbian, gay, postcolonial and postmodern. Stephen Knight's fascinating book is a comprehensive analytic survey of crime fiction from its origins in the nineteenth century to the present day. Knight explains how and why the

various forms of the genre have evolved, explores a range of authors and movements, and argues that the genre as a whole has three parts - the early development of Detection, the growing emphasis on Death, and the modern celebration of Diversity. The expanded second edition has been thoroughly updated in the light of recent research and new developments, such as ethnic crime fiction, the rise of thrillers in the serial-killer and urban collapse modes, and feel-good 'cozies'. It also explores a number of fictional works which have been published in the last few years and features a helpful glossary. With full references, and written in a highly engaging style, this remains the essential short guide for readers of crime fiction everywhere!

*? Australian crime fiction has grown from the country's origins as an 18th-century English prison colony. Early stories focused on escaped convicts becoming heroic bush rangers, or how the system mistreated those who were wrongfully convicted. Later came thrillers about wealthy free settlers and lawless gold-seekers, and urban crime fiction, including Fergus Hume's 1887 international best-seller *The Mystery of a Hansom Cab*, set in Melbourne. The 1980s saw a surge of private-eye thrillers, popular in a society skeptical of police. Twenty-first century authors have focused on policemen--and increasingly policewomen--and finally indigenous crime narratives. The author explores in detail this rich but little known national subgenre. A mystery expert investigates how the giants of the genre pull off all those crimes and keep the*

Marcia Muller and the Female Private Eye

More than any other writer, Raymond Chandler (1888-1959) is responsible for raising detective stories from the level of pulp fiction to literature. Chandler's hard-boiled private eye Philip Marlowe set the standard for rough, brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world. Chandler's seven novels, including *The Big Sleep* (1939) and *The Long Goodbye* (1953), with their pessimism and grim realism, had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town, rife with corruption and lawlessness. In addition to novels, Chandler wrote

short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback*, and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking Marlowe has spawned a thousand imitations. *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-noir films of today owe to Chandler's stark vision.

Private Eyes is the complete map to what Raymond Bandler called "the mean streets," the exciting world of the fictional private eye. It is intended to entertain current PI fans and to make new ones.

Six months into retirement from the local council, and Stanley was about as bored as he thought he could possibly be. Then he mowed the lawn (again) and knew his life was over. His wife was happy doing her crosswords, but Stanley felt like an old age pensioner with nothing to look forward to apart from sitting in his chair, watching daytime TV, and walking his dog, Roobarb. On a whim, after yet another wet walk with his overweight pooch, he put an advert in the corner shop window: Old Age Pensioner Investigations. No job too big, or small. From murder to missing cats, Detective Stanley can solve it all. He went home, got told off for letting Roobarb get mud on the lino, stared at Custard the cat who stole the only biscuit he was allowed a day (he was putting on weight), and fell asleep in his chair. Then the doorbell rang. He had a case. The old age private eye was in

business. Now all he had to do was actually solve a murder. Oh, and get a pad, and a pen, and maybe detectives had cars too, and secretaries, and offices... He wasn't bored any more, that was the main thing. Plus the murder mystery, of course.

The Book of Extraordinary Amateur Sleuth and Private Eye Stories

L.A. Private Eyes

L.A. Private Eyes examines the tradition of the private eye as it evolves in films, books, and television shows set in Los Angeles from the 1930's through the present day. It takes a closer look at narratives—both on screen and on the printed page—in which detectives travel the streets of Los Angeles, uncovering corruption, moral ambiguity, and greed with the conviction of urban cowboys, while always ultimately finding truth and redemption. With a review of Los Angeles history, crime stories, and film noir, L.A. Private Eyes explores the metamorphosis of the solitary detective figure and the many facets of the genre itself, from noir to mystery, on the screen. While the conventions of the genre may have remained consistent and recognizable, the points where they evolve illuminate much about our changing gender and power roles. From Philip Marlowe and Sam Spade to Jake Gittes, private eyes have made for some of the most memorable characters in cinema. We often view these detectives as lone wolves who confront and try to make sense of a violent and chaotic modern world. Bran Nicol challenges this stereotype in *The Private Eye* and offers a fresh take on this iconic character and the film noir genre. Nicol traces the history of private eye movies from the influential film noirs of the 1940s to 1970s neonoir cinema, whose slow and brilliant decline gave way to the fading of detectives into movie mythology today. Analyzing a number of classic films—including *The Maltese Falcon*, *The Big Sleep*, *Chinatown*, and *The Long Goodbye*—he reveals that while these movies are ostensibly thrillers, they are actually occupied by issues of work and love. The private eye is not a romantic hero, Nicol argues, but a figure who investigates the concealments of others at the expense of his own private life. Combining a lucid introduction to an underexplored tradition in movie history with a new approach to the detective in film, this

book casts new light on the private worlds of the private eye.

In this companion to her best-selling books , Carr presents five exciting new mysteries for student detectives to tackle. Students will sharpen their sleuthing skills after completing the course designed for great detectives at the Private Eye School, before moving on to tackle mysteries such as "The Vandal Strikes" and "The Great Electric Train Robbery." Along the way, students will learn to analyze bloodstains and lip prints, while decoding messages and solving challenging puzzles. Each of these mysteries requires students to think outside of the box, organize data, take notes, make inferences, and use deductive reasoning skills. The mysteries include a teacher's guide and attractive reproducible pages for students to use in their investigations.
