"In an instant I was unbuttoned and had my trousers down, and was between her legs almost before she had concluded her sentence. The excitement of my caresses had moistened her juicy cunt, and the head of my prick entered without any difficulty. ... I gradually made my way up to its utmost limits. Here I stopped, leaving it sheathed up to the root, and making it throb from instant to instant. Then seeking my loved Miss Evelyn's mouth, our lips and tongues met. Her arms round my waist became tighter in their embrace. The delicious folds of her luscious juicy quim began to throb and press on my excited member. Allowing her to become thoroughly excited, I waited until she actually quite unexpectedly yielded down her nature, and spent profusely, to the exquisite pleasure of my saturated organ." "With abandon we both sank in the death-like ecstasies of the delicious melting away in all the luxury of contented and voluptuous discharges."

The Romance of Lust - A Classic Victorian Erotic Novel

The Romance of Lust or Early Experiences is a Victorian erotic novel written anonymously in four volumes during the years 1873-1876 and published by William Lazenby. VOLUME I. CONTENTS The Novice - Mrs. Benson - Mary - Mrs. Benson's Correspondence with Mrs. Egerton - Miss Evelyn - Eliza There were three of us - Mary, Eliza, and myself. I was approaching fifteen, Mary was about a year younger, and Eliza between twelve and thirteen years of age. Mamma treated us all as children, and was blind to the fact that I was no longer what I had been. Although not tall for my age, nor outwardly presenting a manly appearance, my passions were awakening, and the distinctive feature of my sex, although in repose it looked magnificent enough, was very sufficiently developed when under the influence of feminine excitement. As yet, I had absolutely no knowledge of the uses of the different organs of sex. My sisters and I all slept in the same room. They together in one bed, I alone in another. When no one was present, we had often mutually examined the different formations of our sexes. We had discovered that mutual handlings gave a certain amount of pleasing sensation; and, latterly, my eldest sister had discovered that the hooding and unhooding of my doodle, as she called it, instantly caused it to swell up and stiffen as hard as a piece of wood. My feeling of her little pinky slit gave rise in her to nice sensations, but on the slightest attempt to insert even my finger, the pain was too great. We had made so little progress in the attouchements that not the slightest inkling of what could be done in that way dawned upon us. I had begun to develop a slight growth of moss-like curls round the root of my cock; and then, to our surprise, Mary began to show a similar tendency. As yet, Eliza was as bald as her hand, but both were prettily formed, with wonderfully full and fat mounts of Venus. We were perfectly innocent of guile and quite habituated to let each other look at all our naked bodies without the slightest hesitation; and when playing in the garden, if one wanted to relieve the pressure on the bladder, we all squatted down together, and crossed waters, each trying who could piddle fastest. Notwithstanding these symptoms of passion when excited, in a state of calm I might have passed for a boy of ten or eleven. My father had left us but moderately provided for, and mamma, wishing to live comfortably, preferred giving me lessons along with my sisters at home to sending me to school; but her health beginning to fail, she inserted an advertisement in the Times for a governess. Out of a large number of applicants, a young lady, of the name of Evelyn, was selected. Some ten days afterwards she arrived, and became one of the family. We did not see much of her the first evening, but after breakfast the following morning, mamma accompanied her to what was considered our school-room, and said, "Now, my dears, I place you under Miss Evelyn's care; you must obey her in all things; she will teach you your lessons, as I am unable to do so any longer." Then, turning to our new governess, "I fear you will find them

somewhat spoiled, and unruly; but there is a horse, and Susan will make you excellent birch rods whenever you require them. If you spare their bottoms when they deserve whipping, you will seriously offend me." As mamma said this, I observed Miss Evelyn's eyes appeared to dilate with a sort of joy, and I felt certain that, severely as mamma had often whipped us, if we should now deserve it, Miss Evelyn

Her close and tight-fitting white stockings displayed her well-formed legs, for while confined to the house during our morning lessons she did not wear drawers; so that in the position she sat in, with her knees higher than her feet on the already high fender, and her legs somewhat apart to hold her work in her lap more easily, the whole glorious underswell of both thighs, and the lower part of her fine large bottom, with the pinky slit quite visible, nestled in a rich profusion of dark curls, were fully exposed to my view.
