After being reborn and becoming a magic wielding soldier in the Imperial Army, Tanya Degurechaff bemoans her fate of being placed at the very edge of the front lines instead of a comfy place in the rear. The Saga of Tanya the Evil, Vol. 8 (manga)

The eastern front is a place where soldiers never sleep and artillery guns howl without rest. This quagmire is where the Salamander Kampfgruppe has been hurled once again, just another cog in the grand war machine of their fatherland. Still, there's only so much one unit can do. As the fighting ramps up with renewed enemy attacks and a brand-new weapon that pitches the Federation's quantity against the Empire's quality, Tanya faces one of her toughest battles yet, making a certain visitor's arrival a sight for sore eyes...

After gaining a reputation as an excellent instructor from her exercises with the Northern Sea Fleet, Tanya gets saddled with the task of managing a huge batch of newbies on the Rhine lines alongside the 203rd. These green soldiers, lacking in both training and experience, need to be pruned down somehow-and what better place to do that than the most hellish battlefield this world has ever seen...?

Extolled for her achievements in Dacia, Tanya makes her grand return to Norden! As the war escalates, so do the General Staff's expectations for the 203rd Aerial Mage Battalion (much to the young major's dismay). From a barrage of enemy formulas to communication mishaps with higher-ups, it looks like everyone in the world-be they enemies or allies-will stop at nothing to sabotage the former salaryman!

Barely two months remain until winter, and opinion is split over whether the Empire should launch a full-scale offensive or rest until spring. Time is running out, and the General Staff can't make up their minds. While everyone else is frozen with inaction, the Salamander Kampfgruppe under Tanya's command is singled out for a mission that will ultimately decide the army's course. As they face attacks from a seemingly relentless enemy that leave them without even time to sleep, will Tanya's troops be able to hold out?
