YOUR SECRET MAP TO A RICH LIFE What is your true calling and why aren't you already living it? Imagine if there was a map that showed you step by step how to get from where you are now to your true calling and the life you were born to live - the most brilliant, rich, fulfilling, and dazzling life you could ever dream of. You are holding in your hands such a map. HERO is the map for your life. You'll be inspired to find your own calling and start taking the steps toward making the life of your dreams an everyday reality. Be the hero you are meant to be.

A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind. The Secret Simon and Schuster

Is it possible to believe in both God and the law of attraction? Isn't this all just some New Age, "power of the mind" thing? If the law of attraction works, why isn't it in the Bible - or is it? Questions like these are being asked by people around the world after reading the best-selling book, The Secret. According to the law of attraction, you can have virtually anything desired if your mind is trained to put out continual thoughts to attract it into your life. In this deeply compelling work, Ed Gungor seeks to establish a more complete and accurate representation of the power of the mind by explaining the role that God plays in the equation. This book is not written to attack but rather to examine what the author believes is misguided advice while still speaking to the heart-felt need that is causing so many to explore this ancient practice. Some of his views may surprise you. There is more to the story that must be told.

*What would you do if destiny twisted the road you took? What if it threw you to a place you did not want to go? Would you fight, would you run or would you accept? Set across two cities in India in the early eighties, *Life is What You Make it* is a gripping account of a few significant years of Ankita's life. Ankita Sharma has the world at her feet. When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.
