

The Short Stories Of Ernest Hemingway

Before he gained wide fame as a novelist, Ernest Hemingway established his literary reputation with his short stories. This collection, *The Short Stories*, originally published in 1938, is definitive. Among these forty-nine short stories are Hemingway's earliest efforts, written when he was a young foreign correspondent in Paris, and such masterpieces as "Hills Like White Elephants," "The Killers," "The Short, Happy Life of Francis Macomber," and "The Snows of Kilimanjaro." Set in the varied landscapes of Spain, Africa, and the American Midwest, this collection traces the development and maturation of Hemingway's distinct and revolutionary storytelling style—from the plain, bald language of his first story, "Up in Michigan," to the seamless prose and spare, eloquent pathos of "A Clean, Well-Lighted Place" to the expansive solitude of the Big Two-Hearted River stories. These stories showcase the singular talent of a master, the most important American writer of the twentieth century.

Hit men kill an unresisting victim, and investigator Reardon uncovers his past involvement with beautiful, deadly Kitty Collins.

The subject of endless biographies, fictional depictions, and critical debate, Ernest Hemingway continues to command attention in popular culture and in literary studies. He remains both a definitive stylist of twentieth-century literature and a case study in what happens to an artist consumed by the spectacle of celebrity. *The New Hemingway Studies* examines how two decades of new-

millennium scholarship confirm his continued relevance to an era that, on the surface, appears so distinct from his—one defined by digital realms, ecological anxiety, and globalization. It explores the various sources (print, archival, digital, and other) through which critics access Hemingway. Highlighting the latest critical trends, the contributors to this volume demonstrate how Hemingway's remarkably durable stories, novels, and essays have served as a lens for understanding preeminent concerns in our own time, including paranoia, trauma, iconicity, and racial, sexual, and national identities.

The zoo is nearly empty as Joan and her four-year-old son soak up the last few moments of playtime. They are happy, and the day has been close to perfect. And for the next three hours—the entire scope of the novel—she keeps on running. Arnie was fascinated as he watched the customers stream into the bakery. One by one, doughnuts were chosen, placed in paper bags, and whisked away with their new owners. Some went by the dozen in giant boxes. "Good-bye!" Arnie yelled to each doughnut. "Have a good trip!" "This is so exciting!" Arnie beamed. "I wonder who will choose ME?" At first glance, Arnie looks like an average doughnut—round, cakey, with a hole in the middle, iced and sprinkled. He was made by one of the best bakeries in town, and admittedly his sprinkles are candy-colored. Still, a doughnut is just a doughnut, right? WRONG! Not if Arnie has anything to say about it. And, for a doughnut, he sure seems to have an awful lot to say. Can Arnie change the fate of all doughnuts—or at least have a hand in his own future? With an Overview by Paul Smith and a Checklist to Hemingway Criticism, 1975–1990 New Critical Approaches to the Short Stories of Ernest Hemingway is an all-new sequel to Benson’s highly acclaimed 1975 book, which provided the first comprehensive anthology of criticism of Ernest Hemingway’s masterful short stories. Since that time the availability of Hemingway’s papers, coupled with new critical and theoretical approaches, has enlivened and enlarged the field of American literary studies. This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection. The contributors interpret a variety of individual stories from a number of different critical points of view—from a Lacanian reading of Hemingway’s “After the Storm” to a semiotic analysis of “A Very Short Story” to an historical-biographical analysis of “Old Man at the Bridge.” In identifying the short story as one of Hemingway’s principal thematic and technical tools, this volume reaffirms a focus on the short story as Hemingway’s best work. An overview essay covers Hemingway criticism published since the last volume, and the bibliographical checklist to Hemingway short fiction criticism, which covers 1975 to mid-1989, has doubled in size. Ernest Hemingway's first new book of fiction since the publication of "A Farewell to Arms" in 1929 contains fourteen stories of varying length. Some of them have appeared in magazines but the majority have not been published before. The characters and backgrounds are widely varied. "A Clean, Well-Lighted Place" is about an old Spanish Beggar. "Homage to Switzerland" concerns various conversations at a Swiss railway-station restaurant. "The Gambler, the Nun, and the Radio" is laid in the accident ward of a hospital in Western United States, and so on. Ernest Hemingway made his literary start as a short-story writer. He has always excelled in that medium, and this volume reveals him at his best.

First published in 1927, *Men Without Women* represents some of Hemingway's most important and compelling early writing. In these fourteen stories, Hemingway begins to examine the themes that would occupy his later works: the casualties of war, the uneasy relationship between men and women, sport and sportsmanship. In "Banzai Story," Hemingway offers a lasting tribute to the famed matador Maera. "In Another Country" tells of an Italian major recovering from war wounds as he mourns the untimely death of his wife. "The Killers" is the hard-edged story about two Chicago gunmen and their potential victim. Nick Adams makes an appearance in "Ten Indians" in which he is presumably betrayed by his Indian girlfriend, Prudence. And "Hills Like White Elephants" is a young couple's subtle, heart-wrenching discussion of abortion. Pared down, gritty, and subtly expressive, these stories show the young Hemingway emerging as America's finest short story writer.

From childhood on, Ernest Hemingway was a passionate fisherman. He fished the lakes and creeks near the family's summer home at Walloon Lake, Michigan, and his first stories and pieces of journalism were often about his favorite sport. Here, collected for the first time in one volume, are all of his great writings about the many kinds of fishing he did—from angling for trout in the rivers of northern Michigan to fishing for marlin in the Gulf Stream. In *A Moveable Feast*, Hemingway speaks of sitting in a café in Paris and writing about what he knew best—and when it came time to stop, he “did not want to leave the river.” The story was the unforgettable classic “Big Two-Hearted River,” and from its first words we do not want to leave the river either. He also wrote articles for *The Toronto Star* on fishing in Canada and Europe and, later, articles for *Esquire* magazine about his growing passion for big-game fishing. Two of his last books, *The Old Man and the Sea* and *Islands in the Stream*, celebrate his vast knowledge of the ocean and his respect for its great denizens. *Hemingway on Fishing* is an encompassing, diverse, and fascinating assemblage. From the early Nick Adams stories and the memorable chapter on fishing the Irati River in *The Sun Also Rises* to such late novels as *Islands in the Stream*, this collection traces the evolution of a great writer's passion, the range of his interests, and the sure use he made of fishing, transforming it into the stuff of great literature. Anglers and lovers of great writing alike will welcome this important collection.

during his own time, he had a cult following. His many books, *The Old Man and the Sea*, *A Farewell to Arms*, *For Whom the Bell Tolls*, and *The Snows of Kilimanjaro* remain well-loved classics to this day. In 1954 Hemmingway won the Nobel Prize for literature in recognition of his talent. “Papa” Hemingway possessed a bright personality and traveled incessantly. He handwrote his manuscripts in pencil and on a “good” day he could write seven pencils down to their nubs while standing in one place; moving only to shift his body weight from one foot to the other. A tragic figure, he suffered from numerous maladies and injuries throughout his life: anthrax, malaria, amoebic dysentery, pneumonia, skin cancer, hepatitis, and diabetes amongst them. Additionally, he experienced ruptured internal organs (kidneys, spleen, and liver), a cracked vertebra, and a fractured skull. His passions were three: literature, alcohol, and fishing. Among his favorite books, Hemingway listed Flaber’s *Madam Bovary*, Stendhal’s *The Red and the Black*, Joyce’s *Dubliners*, Tolstoy’s *Anna Karenina*, and Dostoyevsky’s *The Brothers Karamazov* as must-reads for all.

Written when Ernest Hemingway was thirty years old and lauded as the best American novel to emerge from World War I, *A Farewell to Arms* is the unforgettable story of an American ambulance driver on the Italian front and his passion for a beautiful English nurse. Set against the looming horrors of the battlefield—wary, demoralized men marching in the rain during the German attack on Caporetto; the profound struggle between loyalty and desertion—this gripping, semiautobiographical work captures the harsh realities of war and the pain of lovers caught in its inexorable sweep. Ernest Hemingway famously said that he rewrote the ending to *A Farewell to Arms* thirty-nine times to get the words right. In *Maps of the Imagination*, Peter Turchi posits the idea that maps help people understand where they are in the world in the same way that

literature, whether realistic or experimental, attempts to explain human realities. The author explores how writers and cartographers use many of the same devices for plotting and executing their work, making crucial decisions about what to include and what to leave out, in order to get from here to there, without excess baggage or a confusing surplus of information. Turchi traces the history of maps, from their initial decorative and religious purposes to their later instructional applications. He describes how maps rely on projections in order to portray a three-dimensional world on the two-dimensional flat surface of paper, which he then relates to what writers do in projecting a literary work from the imagination onto the page.
