

The Slide A Novel

A chance encounter with a burlesque dancer drags Jed Strait into the sleazy alleys of Los Angeles, where he finds the police following a string of murders along a path that will lead them straight back to his assistant. But Jed's efforts to unravel the truth and clear Carmelita's name are frustrated when his witnesses keep turning up dead. Is the killer onto him? Could Carmelita be playing him for a fool? It's all on the line as Jed races to find the killer - whoever it is - before he himself becomes the sour note at the end of *The Double-Time Slide*.

Roads: Book One Don't look back. Don't you ever look back... Shy tattoo artist Ash has a troubled past. Years of neglect, drug abuse, and life on the streets have taken their toll, and sometimes it seems the deep, unspoken bond with his lover is the only balm for wounds he doesn't quite understand. Chicago paramedic Pete is warmth, love, and strength—things Ash never knew he could have, and never even knew he wanted until Pete showed him. But fate is a cruel, cruel mistress, and when nightmares collide with the present, their tentatively built world comes crashing down. Traumatic events in Pete's work life distance him from home, and he doesn't realize until it's too late that Ash has slipped away. Betrayal, secrets, and lies unfold, and when a devastating coincidence takes hold, Pete must fight with all he has to save the love of his life.

Searching for an introduction to the shadowy, intriguing world of early 20th century gay-themed fiction? In *Lost Gay Novels*, respected pop culture historian Anthony Slide resurrects fifty early 20th century American novels with gay themes or characters and discusses them in carefully researched, engaging prose. Each entry offers you a detailed discussion of plot and characters, a summary of contemporary critical reception, and biographical information on the often-obscure writer. In *Lost Gay Novels*, another aspect of gay life and society is, in the words the author, "uncloseted," providing you with an absorbing glimpse into the world of these nearly forgotten books. *Lost Gay Novels* gives you an introduction to: authors who aren't usually associated with homosexuality, including John Buchan, James M. Cain, and Rex Stout the history of gay publishing in the US and abroad gay themes in novels published between 1917 and 1950—with entries from nearly every year! the ways in which the popular culture of the time shaped the authors' attitudes toward homosexuality the difficulty of finding detailed biographical information on little-known authors If you're interested in gay studies or history, or even if you're just looking for a comprehensive guide to titles you've probably never heard of before, *Lost Gay Novels* will be a welcome addition to your collection. The introduction from author Slide—called by the *Los Angeles Times* "a one-man publishing phenomenon"—provides you with an overview to the basics of this landmark collection. Themes found in many of the titles include death, secrecy, and living a double life, and in reading the entries you will discover just why these themes are so common. As Slide says in his introduction: "The approach of the novelist toward homosexuality may not always be a positive one... but the works are important to an understanding of contemporary attitudes toward gay men and gay society." *Lost Gay Novels* will help you further your own understanding of the dynamic relationship between literature and culture, and you will finish the book with a greater appreciation of modern American gay fiction.

This provocative, rollicking story is the much-anticipated new novel—the first in over a decade—from acclaimed author Bobbie Ann Mason. In *An Atomic Romance* we meet Reed Futrell, a sexy, thoughtful hero who grapples with radioactive contamination, a midlife crisis, and string theory—all while falling in love. Reed is an engineer at a uranium-enrichment plant near a riverside city in heartland America. He has deep roots in this community: He was raised there; his father worked at the very same plant before him. And it was here that Reed met, married, and then divorced his wife. Reed spends countless nights camping at a local wildlife preserve, gazing at the stars, fishing and hunting—that is, until deformed frogs are discovered at the site. Though his father was killed in a tragic accident at the atomic plant years ago, Reed stays on, proud to perform demanding and dangerous work for the benefit of the nation. As for the radioactive "incidents" he has endured, Reed prefers to think about other things—Hubble photographs of distant galaxies, Albert Einstein, his dog. Reed's casual attitude toward danger infuriates his on-again-off-again girlfriend, Julia, as much as his quirky mind and muscular body intrigue her. Julia, a biologist, is truly Reed's match—or maybe more than his match. They both are witty, curious, and fascinated by science. Indeed, their courtship began with banter about Stephen Hawking's theories of space-time, and ever since it has been an up-and-down adventure of sexual attraction, intellectual game-playing, and long silences when Julia refuses to return Reed's calls. When news reports reveal evidence of radioactive pollution in the land surrounding the plant, Reed and Julia's relationship faces an unprecedented challenge. In *An Atomic Romance*, Bobbie Ann Mason delivers a brilliant novel set against a backdrop of atomic power: a love story between a motorcycle-riding loner and an independent, strong-minded biologist; between the peaceful present in a typical American community and the nation's violent nuclear past; and, finally, between a good man and the work he takes pride in, though it may be putting his life in danger.

A Novel

The Black Slide

A Lesson in Making Peace

Touring as an opening act for a huge rock band and landing a record contract means you've hit the big time, right? Sadly, neither of those things gave Rusty Crawford, lead guitarist of the band Black Addiction, worldwide fame and fortune. Which was a shame because he had the lifestyle down to a fine art—without the clichéd stint in rehab. Even being back in the Bronx, paying his dues didn't rattle the charismatic axe man, ladies loved him and men wanted to be him. Fate would just have to catch up. Seemed like fate had more than just a platinum album planned for his future. Alison Williams had the perfect life. Or at least she did until her world came crashing down around her, in the most epic way. With her future no longer a certainty she finds herself out of her comfort zone and into uncharted territory—a place where Rusty Crawford likes to spend most of his time. Will the charming and ridiculously hot rock god help her find her feet, or send her further down the rabbit hole? One thing was for sure; both of them were in for the ride of their lives."

New York Times bestselling author Gerald A. Browne's suspenseful disaster novel about a massive mudslide along California's southern coast The people of Southern California worship the sun, but their idol has forsaken them. For more than two weeks, rain has fallen on this earthly paradise, destroying crops,

loosening the ground, and sending coffins into backyards, forcing rattlesnakes out of their nests into people's homes. As the punishing weather continues, people start to panic. After all, a little rain never hurt anybody—but a lot can kill. The Seaside Supermarket near Laguna Beach is doing brisk business when an earthquake hits and the ground begins to slide. Among the customers are architect Frank Brydon, who is dying of cancer; a hotshot Hollywood producer; and a young couple on a road trip that's supposed to save their relationship. As the earth shifts, the store slips down the hill face, coming to rest under a mountain of mud. With his knowledge of structural engineering, can Brydon lead the survivors in a desperate race against the clock to escape being buried alive?

A house at the beach. A bunch of hot strangers. A three-month party that's Off The Hook. Seven randoms cram into a house down the shore, and they've all got agendas. Curt wants a gig. Polly wants a life. Owen's jonesing for someone he can't have. And everyone's geared up for one wicked summer. Surfing all day, partying all night. Here's the real question: If your boyfriend's cheating but you're too busy hooking up, does it really count? And if people aren't who they say they are, does it really matter?

Explains how and why ramps and other inclined planes are used in everyday life.

Presents practical approaches for developing an effective presentation, covering such topics as creating diagrams, displaying data, arranging elements, creating movement, and interacting with slides.

An ominous new slide on the playground leads to a world of fear in *The Smashed Man of Dread End* author J.W. Ocker's latest middle grade horror, perfect for fans of R.L. Stine and *Scary Stories to Tell in the Dark*. Griffin Birch isn't known for being brave, but there's something about the new black slide on the elementary school playground that's made him curious. Against his better judgement, he just has to follow his best friend Laila down. But the Black Slide is no ordinary piece of playground equipment. What Griffin and Laila find at the other end of this strange portal is a cruel world, populated by bloodthirsty creatures on a quest to become immortal. And it's up to Griffin to save himself, his best friend—and the future of earth itself. Fans of classic horror will devour this creepy adventure packed with more twists and turns than the ominous black slide itself.

Receiving a threatening phone call and obscene messages in her peer evaluations, university writing workshop teacher Amy Gallup is forced to reevaluate her students' assignments in the aftermath of a murder to see if any of them demonstrated homicidal tendencies. Reprint.

Kids will love this fun fall follow-up to *Flutterby Butterfly* and *Hoppity Frog*, with interactive slide-out panels on each page! It's nighttime, and Little Owl wants to say goodnight to all her friends before she goes to sleep. She visits the old oak tree. Whoo-whoos inside? Goodnight, sleepy squirrels! She sees something fluffily peeking out from behind the bush. Goodnight, mommy rabbit! She sees stripy tails hanging from the trees. Goodnight, rustling racoons! Children will love pushing out the sturdy sliders on each page of this board book until Little Owl has said goodnight to a bunch of different animals, and finally, her family!

Vee Bell is certain of one irrefutable truth—her sister's friend Sophie didn't kill herself. She was murdered. Vee knows this because she was there. Everyone believes Vee is narcoleptic, but she doesn't actually fall asleep during these episodes: When she passes out, she slides into somebody else's mind and experiences the world through that person's eyes. She's slid into her sister as she cheated on a math test, into a teacher sneaking a drink before class. She learned the worst about a supposed "friend" when she slid into her during a school dance. But nothing could have prepared Vee for what happens one October night when she slides into the mind of someone holding a bloody knife standing over Sophie's slashed body. Vee desperately wishes she could share her secret, but who would believe her? It sounds so crazy she can't bring herself to tell her best friend, Rollins, let alone the police. Even if she could confide in Rollins, he has been acting distant lately, especially now that she's been spending more time with Zane. Enmeshed in a terrifying web of secrets, lies, and danger and with no one to turn to, Vee must find a way to unmask the killer before he or she strikes again.

The land along Pacific Palisades is apt to slip away without warning, hence the road-side signs - SLIDE AREA. Narrated by a script-writer, Lambert's widely-acclaimed 1959 Hollywood classic of lonely souls marooned on a glittering wasteland is a perceptive and sensitive study of human emotion.

*RUN, the Eisner Award-Winner for Best Graphic Memoir, is one of the most heralded books of the year including being named a: New York Times Top 5 YA Books of the Year · Top 10 Great Graphic Novels for Teens (Young Adult Library Services Association) · Washington Post Best Books of the Year · Variety Best Books of the Year · School Library Journal Best Books of the Year · Kirkus Reviews Best Books of the Year · Amazon Best History Book of 2021 • Top Ten Title of the Year (In the Margins Book Award) · In the Margins Book Award for Nonfiction winner · Top Ten Graphic Novels for Adults (American Library Association) · Best Books for Young Readers (U of Penn Graduate School of Education) · Books All Young Georgians Should Read (Georgia Center for the Book) First you march, then you run. From the #1 bestselling, award-winning team behind *March* comes the first book in their new, groundbreaking graphic novel series, *Run: Book One*. "Run recounts the lost history of what too often follows dramatic change—the pushback of those*

who refuse it and the resistance of those who believe change has not gone far enough. John Lewis's story has always been a complicated narrative of bravery, loss, and redemption, and Run gives vivid, energetic voice to a chapter of transformation in his young, already extraordinary life." –Stacey Abrams "In sharing my story, it is my hope that a new generation will be inspired by Run to actively participate in the democratic process and help build a more perfect Union here in America." –Congressman John Lewis The sequel to the #1 New York Times bestselling graphic novel series March—the continuation of the life story of John Lewis and the struggles seen across the United States after the Selma voting rights campaign. To John Lewis, the civil rights movement came to an end with the signing of the Voting Rights Act in 1965. But that was after more than five years as one of the preeminent figures of the movement, leading sit-in protests and fighting segregation on interstate busways as an original Freedom Rider. It was after becoming chairman of SNCC (the Student Nonviolent Coordinating Committee) and being the youngest speaker at the March on Washington. It was after helping organize the Mississippi Freedom Summer and the ensuing delegate challenge at the 1964 Democratic National Convention. And after coleading the march from Selma to Montgomery on what became known as "Bloody Sunday." All too often, the depiction of history ends with a great victory. But John Lewis knew that victories are just the beginning. In Run: Book One, John Lewis and longtime collaborator Andrew Aydin reteam with Nate Powell—the award-winning illustrator of the March trilogy—and are joined by L. Fury—making an astonishing graphic novel debut—to tell this often overlooked chapter of civil rights history.

The first investigative analysis of how corporate interests gained control of America's most popular winter sport, and how they are gutting ski towns, the natural mountain environment, and skiing itself in the desperate search for short-term profit.

Tucked away in the northeastern corner of Alaska is one of the most contested landscapes in all of North America: the Arctic National Wildlife Refuge. Considered sacred by Indigenous peoples in Alaska and Canada and treasured by environmentalists, the refuge provides life-sustaining habitat for caribou, polar bears, migratory birds, and other species. For decades, though, the fossil fuel industry and powerful politicians have sought to turn this unique ecosystem into an oil field. Defending the Arctic Refuge tells the improbable story of how the people fought back. At the center of the story is the unlikely figure of Lenny Kohm (1939–2014), a former jazz drummer and aspiring photographer who passionately committed himself to Arctic Refuge activism. With the aid of a trusty slide show, Kohm and representatives of the Gwich'in Nation traveled across the United States to mobilize grassroots opposition to oil drilling. From Indigenous villages north of the Arctic Circle to Capitol Hill and many places in between, this book shows how Kohm and Gwich'in leaders and environmental activists helped build a political movement that transformed the debate into a struggle for environmental justice. In its final weeks, the Trump administration fulfilled a long-sought dream of drilling proponents: leasing much of the Arctic Refuge coastal plain for fossil fuel development. Yet the fight to protect this place is certainly not over. Defending the Arctic Refuge traces the history of a movement that is alive today—and that will continue to galvanize diverse groups to safeguard this threatened land.

Everyone in the Donovan family can dance--and has a dance nickname--except Kai, but his family helps him practice his moves to prepare for his aunt's wedding reception.

Who Does What?

Slide or Die

West Slide Story

At once an offbeat love story, a moving portrait of a family in crisis, and a darkly funny American comedy, Kyle Beachy's arresting debut novel—written in prose that is swift, stunning, and sweet—heralds the arrival of a remarkable new voice in fiction. Potter Mays retreats after college graduation to the safe house of his childhood home. Like clockwork each morning, his mother makes him eggs, lovingly fried, hollowed-out pieces of toast. His father, in the midst of a campaign to revitalize downtown St. Louis, promises to "poke around" for gainful employment for his son. Potter's best friend, Stuart—an "Independent Thought Contractor" working out of his parents' lavish pool house—is willing to serve as a kind of life coach, provided, of course, that Potter pays for his services all summer. However... Altogether elsewhere, Potter's former (or future?) girlfriend, Audrey, is backpacking around Europe with her beautiful bisexual traveling companion, Carmel. Potter was not invited, and getting a good night's sleep has recently become an issue for him. As enigmatic packages arrive from Audrey, the refuge of his childhood home soon proves illusory. Potter's parents are oddly never in the same room together, the neighbor girl is looking quite adult, and Stuart's needed counseling service is subcontracted to a third-party denizen of the pool house with an agenda all his own. And just what are the packages coming from the attic? Kyle Beachy has woven a uniquely affecting story of the long and hard, then quick and hard, struggle to grow up. This is the story of a mouse who sneaks into an old empty house. Once inside Mouse is followed by a big black cat, but as Mouse reaches the black cat finds itself the target of a larger animal.

A grumpy/sunshine, rivals-to-lovers, sexy standalone novella from #1 NYT Bestseller Lauren Blakely and newcomer KD Casey! Don't play! That's the code I live by on and off the field. The other? Don't get distracted. Not by the media, not by hookups, and definitely not by our team's ridiculously charming star player, who loves to whisper dirty nothings to me every time we play ball. And sure, his offers are tempting, but he's the love 'em and leave 'em type, and I want the real thing. So I resist. But the night he steals second on me in the biggest game of my career, it's a guy's a whole lot harder to ignore. Especially after a filthy postgame kiss leaves me wanting all the things I can't have. What's the risk of being dirty just one time? ** A Note from Lauren to Readers, When I finished reading KD Casey's debut novel Unwritten Rules I was so impressed I asked her to co-write a fun little scene with me between two baseball players. We'd both written baseball romances so this made perfect sense. We had such a great time with these characters that a short scene turned into a sexy, flirty, dirty standalone novella that we love. I hope you're enjoying reading Dirty Slide as much as we enjoyed writing it! Xoxo Lauren A Note from KD Casey to Readers, I was ecstatic when Lauren reached out to me about potentially collaborating on a story. I loved the Men of Summer series, and jumped at the opportunity to create a new baseball romance. What started as a short story soon grew with the characters (which is one of the joys of writing!). We truly had a blast writing this and I hope you'll have the same reading! Play ball! KD

Winner of the National Book Award, the long-awaited novel from the author of the acclaimed collection, Jenny and the Jaws of Life, is a beautiful and wonderful novel that is somehow able to be at once bleak and hilarious, light-hearted and profound. It's the story of two sisters. Abigail Mather is a woman of enormous appetites, sexual and otherwise. Her fraternal twin Dorcas couldn't be more different: she gave up on sex once trying it, and she lives a controlled, dignified life of the mind. Though Abigail exasperates Dorcas, the two love each other; in fact, they complete each other. They are an odd pair, set down in an odd Rhode Island town, where everyone has a story to tell, and writers, both published and unpublished, carom off each other like billiard balls. What is it that makes the two women targets for the new man in town, the ch

schlockmeister Conrad Lowe, tall, whippet-thin and predatory? In Abigail and Dorcas he sees a new and tantalizing challenge. Not the conquest of Abigail, with her easy reputation, but a longer and more sinister game. A game that will lead to betrayal, shame and, ultimately, murder. In her darkly comic and unsettling first novel, Jincy Willett proves that she is a true find: that rare writer who can explore the side of human nature with the lightest of touches.

It's Ok to Go Up the Slide

Slide Rule

Book One

A Novel of Fame, Honor, and Really Bad Weather

When it comes to parenting, sometimes you have to trust your gut. With her first book, It's OK Not to Share, Heather Shumaker overturned all the conventional rules of parenting with her "renegade rules" for raising competent and compassionate kids. In It's Ok To Go Up the Slide, Shumaker takes on new hot-button issues with renegade rules such as: - Recess Is A Right - It's Ok Not To Kiss Grandma - Ban Homework in Elementary School - Safety Second - Don't Force Participation Shumaker also offers broader guidance on how parents can control their own fears and move from an overscheduled life to one of more free play. Parenting can too often be reduced to shuttling kids between enrichment classes, but Shumaker challenges parents to reevaluate how they're spending their precious family time. This book helps parents help their kids develop important life skills in an age-appropriate way. Most important, parents must model these skills, whether it's technology use, confronting conflict, or coping emotionally with setbacks. Sometimes being a good parent means breaking all the rules.

Fans of Cynthia Hand and Sophie Jordan will love Impostor, the sequel to Jill Hathaway's psychological thriller Slide, which Publishers Weekly hailed as "an emotionally taut mystery with depth" in a starred review. Vee Bell's gift (or curse) of "sliding"—slipping into the mind of another person and experiencing life, briefly, through his or her eyes—has been somewhat under control since she unwillingly witnessed the horrific deaths of her classmates six months ago. But when Vee finds herself in strange situations with no memory of getting there, she begins to suspect that someone else she knows has the ability to slide—and is using Vee to exact revenge. With its gripping action and suspense, exceptionally drawn characters, and sizzling romance, Impostor is a fresh and captivating read.

WARNING! THIS MAY BE THE MOST SHOCKING BOOK YOU EVER READ! Max Fisher used to run a computer company; Angela Petrakos was his assistant and mistress. But that was last year. Principles of Data Integration

Run

Who gathers honey? Who designs clothes? Who makes lunch for students? So many jobs can be found in this delightful and satisfying sliding panel format for preschoolers. The 36 panels feature jobs in various settings: in the orchestra, at the market, at school, and more! Each new spread offers clues to the right responses and provides bite-size information.

Slide the panels to reveal the answers. It's match-and-learn fun for preschoolers!

Definitive novel of the "Lost Generation" focuses on the coming of age of Amory Blaine, a handsome, wealthy Princeton student. Fitzgerald's first novel and an immediate, spectacular success. Note.

How do you approach answering queries when your data is stored in multiple databases that were designed independently by different people? This is first comprehensive book on data integration and is written by three of the most respected experts in the field. This book provides an extensive introduction to the theory and concepts underlying today's data integration techniques, with detailed, instruction for their application using concrete examples throughout to explain the concepts. Data integration is the problem of answering queries that span multiple data sources (e.g., databases, web pages). Data integration problems surface in multiple contexts, including enterprise information integration, query processing on the Web, coordination between government agencies and collaboration between scientists. In some cases, data integration is the key bottleneck to making progress in a field. The authors provide a working knowledge of data integration concepts and techniques, giving you the tools you need to develop a complete and concise package of algorithms and applications. Offers a range of data integration solutions enabling you to focus on what is most relevant to the problem at hand Enables you to build your own algorithms and implement your own data integration applications

Kids will love Flutterby Butterfly--a springtime treat with interactive slide-out panels on each page! Flutterby Butterfly is missing. Where has she gone? Is she hiding under a shell? No, that's Top-Hat Tortoise! Is she munching on the leaves? No, that's Curly Caterpillar! Children will love pushing out the sturdy sliders on each page of this board book until they find Flutterby Butterfly!

What do you do when you're at the top of the playground slide but not quite ready to go down yet? Friends are lining up behind you and the pressure is on . . . Here's the perfect book for anyone who's ever been afraid to go into the deep end, off the high dive, or go down the big slide. Come on-slide, already! Children will be drawn to the bold, cheerful art and the soft, puffy cover. The rounded corners and strong paper stock will make it difficult for children to rip.

"Never go into the deep parts of the forest, for there are many dangers there, and they will ensnare your soul." Serafina has never had a reason to disobey her pa and venture beyond the grounds of the Biltmore estate. There's plenty to explore in her grand home, although she must take care to never be seen. None of the rich folk upstairs know that Serafina exists; she and her pa, the estate's maintenance man, have secretly lived in the basement for as long as Serafina can remember. But when children at the estate start disappearing, only Serafina knows who the culprit is: a terrifying man in a black cloak who stalks Biltmore's corridors at night. Following her own harrowing escape, Serafina risks everything by joining forces with Braeden Vanderbilt, the young nephew of the Biltmore's owners. Braeden and Serafina must uncover the Man in the Black Cloak's true identity...before all of the children vanish one by one. Serafina's hunt leads her into the very forest that she has been taught to fear. There she discovers a forgotten legacy of magic, one that is bound to her own identity. In order to save the children of Biltmore, Serafina must seek the answers that will unlock the puzzle of her past. Junior Asparagus and Laura Carrot teach their friends that a little cooperation means more fun for everyone.
