The Super Smart Cyber Guide for Kids is an empowering and informative book that engages children (ages 6-11) in developing smart habits for the digital age. It invites them to explore and enjoy technology and learn why and how to be mindful and careful when connected. The book combines educational narrative, conversation starters, and fun hands-on

learning activities to help children learn the important building blocks for online safety. Along the way, this book will inspire them toward a lifetime of good habits and well-honed skills so they become confident, safe, and thoughtful cyber citizens. This book is part of an award-winning series from Watering Can Press that offers tools to help parents, teachers, and community leaders equip children with educational, empowering, and fun books that "grow kids with character".

The women of the Bible have a lot to say to women of today-how to live, how not to live, what choices to make, and why. The Smart Guide to the Bible: Women of the Bible introduces you to the Old and New Testament's most influential women, both young and old, shy and bold. Through their struggles and situations you'll discover the many blessings of being a wise and faithful woman of God.

Most kids are naturally trusting, but the Internet requires people to be watchful. This title offers kids suggestions on how to protect their identities online and how to avoid those who wish them harm.

Dr.J's Guide to GRE

Vocabulary is a profound attempt to provide students with novel, logically determined and easy techniques to ace the infinite and immensely complex GRE vocabulary. It is a one-of-its-kind book that clearly, deeply and precisely throws light on the frequently repeated words in the exam as well as the essential word cluster that every student needs to grasp to score well

in the exam. GRE Verbal Reasoning is like Pandora's Box; you never really know what all you will get.

However, through years of research and teaching, the author has been able to simplify this intricate and challenging lexical resource in a student-friendly template. Word Trails Approach has been the brainchild of this book wherein seemingly complex and hard-to-remember words are finely weaved in a trail similar to how an exhausted trekker will find a new trail or path that can

safely lead him to his destination. The standpoints of the Word Trails Approach are a complete coverage of syllabus in an extremely simple manner, a strong, logical and derivable tone and a brain-stimulating exercise for the students who can use this process to maintain their proficiency of vocabulary not only for the exam but also for a lifetime. The book also entails a concisely written A Week Before the Exam chapter and concludes with playful word puzzles that provide the audience with a tangible

takeaway of the theory. In an extremely path-breaking manner, the book highlights the techniques that work and don't and provides a solid framework for all type of candidates who want to succeed in this fierce examination pattern.

The question we hear so often from people who want to live and work in Japan: "Can I make a decent enough wage to live comfortably and save for the future while working in Japan, even if I do not know

Japanese?"The answer is YES, and this book will show you how. Japan is not like the West, so it makes sense that there would be a learning curve to figuring out the job market here. The problem for so many people wanting to come to Japan is that the learning curve is so steep that it can seem impossible to start moving up. It isn't, but getting in the mindset that will help you in Japan is hard. If you aren't happy making a

specifically for women

entrepreneurs If you relish the
thought of how the Internet can
help you share your message
with the world, create a profitable
business, and enjoy the freedom
of entrepreneurship, Power Up
for Profits is the book for you.
"Kathleen Gage clearly
understands two things: Power
and Profit. While this book
allows you to use your passions
and creativity to find a wealthy
path in business it doesn't allow
you to get bogged down in the
BS of "how." It's clear. It's step

we make, very few of us are equipped with useful decision-making skills. Because of this, we often approach our choices tentatively, or even fearfully, and avoid giving them the time and thought required to put our best foot forward. In *Smart Choices*, John Hammond, Ralph Keeney, and Howard Raiffa—experts with over 100 years of experience resolving complex decision problems—offer a proven, straightforward, and flexible roadmap for making better and more impactful decisions, and offer the tools to achieve your goals in every aspect of your life. Their step-by-step, divide-and-conquer approach will teach you
