After soldiers of the new Emperor, led by Ying, engage in a fierce battle with the warrior-monks, Malao "the monkey" and his brothers rely on the ancient arts to help set things right.

The Stone Monkey A Lincoln Rhyme Novel Simon & Schuster

A classic of Chinese literature, this beloved folktale is part adventure story, part spiritual allegory—now reimagined by a National Book Award nominee Part spiritual pilgrimage, part historical epic, the folk novel Journey to the West, which came to be known as Monkey, is the most popular classic of Asian literature. Originally written in the sixteenth century, it is the story of the adventures of the rogue-trickster Monkey and his encounters with a bizarre cast of characters as he travels to India with the Buddhist pilgrim Tripitaka in search of sacred scriptures. Much more than a picaresque adventure novel, Monkey is a profound allegory of the struggle that must occur before spiritual transformation is possible. David Kherdian's masterful telling brings this classic of Chinese literature to life in a way that is true to the scope and depth of the original.

At 11-years-old, Malao is the youngest of the Five Ancestors. Master of the monkey fighting style, he's curious and quick, fast and fun-loving. But now, with the destruction of the temple and the deaths of his older brothers and Grandmaster, Malao the fun-loving monkey is forced to face things he'd rather not. As he grapples with these new and unwelcome feelings, Malao has an encounter with a dangerous band of bandits, is adopted by a troop of monkeys commanded by a one-eyed albino, and hears tantalizing rumors of a mysterious recluse called the Monkey King, who is said to act, and look, a lot like him. . . .

Acclaim for Stone Age Code: "The book is simply brilliant and genuine, so friendly and stimulating!" - Emiliano Bruner, Ph.D., Hominid Paleoneurology Researcher, Centro Nacional de Investigación sobre la Evolución Humana (Spain) "A charming, informative, and thought-provoking read." - Adam Cornford, poet, journalist, and a great-great-grandson of Charles Darwin. "My overall impression as a lifelong professor of literature is that this book is engaging, humorous, thought-provoking, creatively written, and artistically inspired." - Alwin Baum, Ph.D., Professor of Literature, California State University (retired) Fake acclaim for Stone Age Code, written by AI: "Shane Neeley, data scientist, biologist, and bestselling author of High Frequency and Data Density, answers each and every AI question you've ever asked." - Acclaim-Writing-Robot "Book of the year (so far)." - Acclaim-Writing-Robot "Read it, laugh at it, and move on." - Acclaim-Writing-Robot About the book: Stone Age Code illustrates the evolution of improbable data scientists. Though bad at math and often monkey-minded, Shane Neeley became outstanding at coding and building intelligent, creative machines. The universe also underestimated the walking apes; the monkeys weren't supposed to make it to space or conjure AI with clicks on a keyboard. A paleolithic birth of creativity, driven by the same old evolutionary selection pressures, fashioned humankind into artists, poets, comedians, believers and scientists. Another epic transformation is happening today as people begin to build intelligent machines. This book is a must-read for anyone learning AI: coders, coders-to-be, or coders-adjacent! Become an AI forefather to future generations, regardless of your background. In this entertaining approach, you will gain understanding of deep learning with neural nets, natural language generation, and AI art. Not a technical deep dive-the book relies more on sweeping generalizations and humor for instruction. Containing no equations or code, it still teaches machine learning literacy, and in an amusing way. You can train AI now to boost your imagination-to produce literature, art, comedy, and to tackle challenges at work. Shane Neeley holds degrees in molecular, cellular and developmental biology and bioengineering. He traded in his lab coat for a laptop and has spent the last decade writing code for biomedical software companies. He is particularly interested in AI for language generation and other means of computational creativity. The book itself, the cover art, the acclaim, and numerous prose snippets were made with the help of some charismatic robots that he trained. Monkey King Volume 02

Three bestselling Lincoln Rhyme mysteries on CD from the master of suspense, now in one specially priced pack read by Kerry Shale. It's Rhyme time.

The mischievous Monkey King attempts to achieve immortality the easy way, gains god-like powers, and wreaks havoc in heaven.

"The Rise of the Monkey King" is the first book in the "Journey to the West" series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include "Trouble in Heaven", "The Immortal Peaches" and "The Young Monk". NOTE: This book is written in Traditional Chinese, the character set used primarily in Taiwan. The book is also available in Simplified Chinese, the character set used in mainland China. Sun Wukong, the Handsome Monkey King, is one of most famous characters in Chinese literature and culture. His legendary bravery, his foolish mistakes, his sharp-tongued commentary and his yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films. The full story of Sun Wukong's adventures is told in Journey To The West, an epic 2,000 page novel written in the 16th Century by Wu Cheng'en. Journey To The West is probably the most famous and best-loved novel in China and is considered one of the four great classical novels of Chinese literature. Its place in Chinese literature is roughly comparable to Homer's epic poem The Odyssey in Western literature. Wikipedia sums up the book's role perfectly, saying "Enduringly popular, the tale is at once a comic adventure story, a humorous satire of Chinese bureaucracy, a spring of spiritual insight, and an extended allegory in which the group of pilgrims journeys towards enlightenment by the power and virtue of cooperation." Journey To The West is a very, very long story, consisting of a hundred chapters. It is loosely based on an actual journey by the Buddhist monk Xuanzang who traveled from the Chinese city of Chang'an westward to India in 629 A.D. and returned 17 years later with priceless knowledge and texts of Buddhism. Over the course of the book Xuanzang and his companions face the 81 tribulations that Xuanzang had to endure to attain Buddhahood. This book, The Rise of the Monkey King, covers the events in the first two chapters of this epic story. We learn how the little stone monkey is born, becomes king of his troop of monkeys, leaves his home to pursue enlightenment, receives the name Sun Wukong (literally, "ape seeking the void") from his teacher, and returns home to defend his subjects from a ravenous monster. Future books in this series will tell more stories from the life of this famous monkey and his companions. Because of this story's importance in Chinese culture, we've made every effort to remain faithful to the original while retelling it in simple language suitable for beginning Chinese learners at the HSK 3 level. We have tried to not add or change anything, though of course we've had to leave out a lot of detail. Wherever we had to use a word or phrase not contained in the 600-word HSK 3 vocabulary (which for example does not include the word "monkey"!) or that has not entered common usage since the HSK lists were created, those new words are defined in footnotes on the page where they first appear. New compound (multi-character) words and expressions are, whenever possible, chosen so that they use characters already in HSK 3. An English version of the story is included for reference at the end, as well as a complete glossary. In the main body of the book, each page of Chinese characters is matched with a facing page of pinyin. This is unusual for Chinese novels but we feel it's important. By including the pinyin, the English version and the glossary, we hope that every reader, no matter what level of mastery they have of the Chinese language, will be able to understand and enjoy the story we tell here. Our website, www.imagin8press.com, contains many helpful study aids, including links to other books you might enjoy.

A True Story

Monkey King

Chasing down a vicious serial killer who complicates his crimes by leaving behind iron-clan evidence implicating innocent people, Lincoln Rhyme and Amelia Sachs reluctantly team up for the investigation only to find themselves rendered the killer's next targets. By the author of The Cold Moon.

300,000 first printing.

NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017#1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone

who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, THE LOST CITY OF THE MONKEY GOD is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

The Birth of A Magical Stone Monkey

Historical 14-year quest of the 7th century Chinese monk, Xuanzang, to obtain Buddhist sutras – travelling through Xinjiang, Afghanistan, Pakistan and India. Yun-Chong Pan's retelling of the story, originally crafted by the Ming Dynasty story-teller, Wu Chengen, will captivate children with its fantasy, and delight young and old with its layers of reality and satire grounded in Chinese, Indian, Greek, and Old Testament mythology.

San Francisco has a Monkey King - and she's freaking out. Barista, activist, and were-monkey Maya McQueen was well on her way to figuring herself out. Well, part of the way. 25% of the way. If you squint. But now the Bay Area is being shaken up. Occupy Wall Street has come home to roost; and on the supernatural side there's disappearances, shapeshifter murders, and the city's spirit trying to find its guardian. Maya doesn't have a lot of time before chaos turns up at her door, and she needs to solve all of her problems. Well, most of them. The urgent ones, anyhow. But who says the solutions have to be neat? Because Monkey is always out for mischief.

From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, Year of the Monkey is a moving and original work, a touchstone for our turbulent times.

Jeffery Deaver Collection

Hunting down a killer and master illusionist whose first of several brutal murders took place at a prestigious New York music school, investigator Lincoln Rhyme and his protégée, Amelia Sachs, work together to prevent a terrifying act of vengeance. Reprint.

SOON TO BE A MAJOR TELEVISION EVENT FROM NBC, STARRING RUSSELL HORNSBY, ARIELLE KEBBEL, AND MICHAEL IMPERIOLI. From New York Times bestselling author Jeffery Deaver—Lincoln Rhyme is back, and on the trail of a killer whose weapon of choice cripples New York City with fear. The weapon is invisible and omnipresent. Without it, modern society grinds to a halt. It is electricity. The killer harnesses and steers huge arc flashes with voltage so high and heat so searing that steel melts and his victims are set afire. When the first explosion occurs in broad daylight, reducing a city bus to a pile of molten metal, officials fear terrorism. Rhyme, a world-class forensic criminologist known for his successful apprehension of the most devious criminals, is immediately tapped for the investigation. Long a quadriplegic, he assembles NYPD detective Amelia Sachs and officer Ron Pulaski as his eyes, ears and legs on crime sites, and FBI agent Fred Dellray as his undercover man on the street. As the attacks continue across the city at a sickening pace, and terrifying demand letters begin appearing, the team works desperately against time and with maddeningly little forensic evidence to try to find the killer. Or is it killers...? Meanwhile, Rhyme is consulting on another high-profile investigation in Mexico with a most coveted quarry in his crosshairs: the hired killer known as the Watchmaker, one of the few criminals to have eluded Rhyme's net. Juggling two massive investigations against a cruel ticking clock takes a toll on Rhyme's health. Soon Rhyme is fighting on yet another front—and his determination to work despite his physical limitations threatens to drive away his closest allies when he needs them most...

Now a major television series starring Russel Hornsby, Arielle Kebbel, and Michael Imperioli, "Lincoln Rhyme is more relentless than ever" (People) and Jeffery Deaver delivers "supercharged tension" (USA TODAY) in this New York Times bestselling suspense masterwork. NYPD criminalist Lincoln Rhyme joins his brilliant protégé Amelia Sachs, in the hunt for the Coffin Dancer—an ingenious killer who changes his appearance even faster than he adds to his trail of victims. They have only one clue: the madman has a tattoo of the Grim Reaper waltzing with a woman in the front of a coffin. Rhyme must rely on his wits and intuition to track the elusive murderer through New York City—knowing they have only forty-eight hours before the Coffin Dancer strikes again. Coffin Dancer is a "heart-stopping" (Booklist) thriller from #1 international bestselling author Jeffery Deaver's "simply outstanding" (San Jose Mercury News) Lincoln Rhyme series.

Monkey

In this deeply stirring novel, acclaimed author Cristina García follows one extraordinary family through four generations, from China to Cuba to America. Wonderfully evocative of time and place, rendered in the lyrical prose that is García's hallmark, *Monkey*

Hunting is an emotionally resonant tale of immigration, assimilation, and the prevailing integrity of self.

Sun Wu Kong, punished by Buddha centuries before, has spent five hundred years buried under Five-Finger Mountain when he encounters San Zang, a priest headed west in search of Buddhist scriptures. On the Goddess of Mercy's instructions, Wu Kong frees himself and assists the priest on a journey to the west that will be fraught with peril. But San Zang soon learns that trouble won't come only in the form of dragons or bandits; it will come from the violent and impetuous monkey who is now his companion.
