\The Story of Preaching is a fresh look at the preacher and preaching from the early days of the Church until today. It is not a history of preaching

because there are some obvious gaps in the timeline. What I have attempted to do is to describe the preacher and the characteristics of the period in which he or she lived. One of the things which I have tried to

do is to show
how the
preachers

objectives in
doing this is to
help the
preachers of my
day to address
the issues of
this era as the

addressed the issues in their time. The book will show that some who dared to challenge the attitudes of their day faced many challenges, and some even faced death because of their commitment to apply the

the status quo
of their day.
However, the
book will show
that there were
