Research and Development Report

How can anyone from a backyard hobbyist to a large-scale rancher go about raising and selling ethically produced meats directly to consumers, restaurants, and butcher shops? The regulations and logistics can be daunting enough to turn away most would-be livestock farmers, and finding and keeping their customers challenges the rest. Farmer, consultant, and author Rebecca Thistlethwaite and her husband and co-author, Jim Dunlop, both have extensive experience raising a variety of pastured livestock in California and now on their homestead farm in Oregon. Each species chapter discusses the unique requirements of that animal, then delves into the steps it takes to prepare and get them to market.

New York Times bestselling author of *The Power of Broke* and "Shark" on ABC's hit show *Shark Tank* explores how grit, persistence, and good old-fashioned hard work are the backbone of every successful business and individual, and inspires readers to Rise & Grind their way the top. Daymond John knows what it means to push yourself hard--and he also knows how spectacularly a killer work ethic can pay off. As a young man, he founded a modest line of clothing on a \$40 budget by hand-sewing hats between his shifts at Red Lobster. Today, his brand FUBU has over \$6 billion in sales. Convenient though it might be to believe that you can shortcut your way to the top, says John, the truth is that if you want to get and stay ahead, you need to put in the work. You need to out-think, out-hustle, and out-perform everyone around you. You've got to rise and grind every day. In the anticipated follow-up to the bestselling *The Power of Broke*, Daymond takes an up close look at the hard-charging routines and winning secrets of individuals who have risen to the challenges in their lives and grinded their way to the very tops of their fields. Along the way, he also reveals how grit and persistence both helped him overcome the obstacles he has faced in life and ultimately fueled his success.

Edgar Hoover, renowned journalist and author Burton Hersh sets their highly publicized clashes in the context of Joe Kennedy's ongoing manipulation of Congress and his children's careers, and his lifelong connections to organized crime. Theirs was a unique triumvirate, marked by conflict and betrayal, and culminating in a near-Shakespearean tragedy. Based on compelling new research, and told in gripping anecdotal style, Hersh chronicles the complex relationship between the two antagonists, from their early brushes during the McCarthy years to their controversial deaths.

Why Freedom Matters celebrates freedom in over 100 speeches, letters, essays, poems, and songs, all infused with the spirit of democracy. Here are the voices of presidents and slaves, founding fathers and hip-hop artists, suffragettes, civil rights workers, preachers, labor leaders, and baseball players. Inspired by the Declaration of Independence, the book is published in conjunction with The Declaration of Independence Road Trip, a 3 1/2-year cross-country educational tour of an extremely rare, original hand-printed copy of the Declaration. The Declaration of Independence Road Trip's mission is to energize Americans by bringing our founding document to towns small and large across the country. Like the document itself, this compelling anthology reveals America's soul as it wrestles with questions of life, liberty, and the pursuit of happiness, and strives to fulfill the ideals of Thomas Jefferson's words.

In the wake of a man's graphic murder in front of hundreds of party-goers, the victim's best friend, investment expert Grove O'Rourke, is entreated by the man's widow for help, a situation that is further complicated by a dark secret and an expensive cover-up.
