

The Trouble With Normal By Michael Warner

"Parker hasn't spoken since he watched his father die five years ago. He communicates through writing on slips of paper and keeps track of his thoughts by journaling. A loner, Parker has little interest in school, his classmates, or his future. But everything changes when he meets Zelda, a mysterious young woman with an unusual request: 'treat me like a teenager'"-- A shimmering collection of stories from the author of The Copenhagen Trilogy, translated into English for the first time From one of Denmark's most celebrated writers and the author of Childhood, Youth and Dependency, these short stories are brief, devastating, acid-sharp portrayals of love, marriage and family in mid-century Copenhagen. Here the ordinary events of everyday life - a wife anxious not to wake her husband, a little boy losing his father's beloved knife, a married woman's obsessive longing for a yellow silk umbrella, a girl dreaming of a masquerade ball - become dark and disconcerting, as we see what lies beneath. Translated into English for the first time, these are stories that explore yearning, fear, despair and the elusiveness of that strange thing called happiness. Translated by Michael Favala Goldman

Trouble with Fate Leigh Evans My name is Hedi Peacock and I have a secret. I'm not human, and I have the pointy Fae ears and Were inner-bitch to prove it. As fairy tales go, my childhood was damn near perfect, all fur and magic until a werewolf killed my father and the Fae executed my mother. I've never forgiven either side. Especially Robson Trowbridge. He was a part-time werewolf, a full-time bastard, and the first and only boy I ever loved. That is, until he became the prime suspect in my father's death... Today I'm a half-breed barista working at a fancy coffee house, living with my loopy Aunt Lou and a temperamental amulet named Merry, and wondering where in the world I'm going in life. A pretty normal existence, considering. But when a pack of Weres decides to kidnap my aunt and force me to steal another amulet, the only one who can help me is the last person I ever thought I'd turn to: Robson Trowbridge. And he's as annoyingly beautiful as I remember. That's the trouble with fate: Sometimes it barks. Other times it bites. And the rest of the time it just breaks your heart. Again...

An award-winning science writer traces our millennia-long effort to understand the phenomenon of gravity--the greatest mystery in physics, and a force that has shaped our universe and our minds in ways we have never fully understood until now.

Asking if the political requirements of gay pride have repressed discussion of the more uncomfortable or undignified aspects of homosexuality, 'Gay Shame' seeks to lift this unofficial ban on the investigation of homosexuality and shame by presenting critical work from the most vibrant frontier in contemporary queer studies.

The villainous George Wickham, determined to start trouble, returns to Hertfordshire and places the lives of Elizabeth and her newborn son in danger, forcing Darcy to rush to the rescue.

The riveting story of the fight for same-sex marriage in the United States--the most important civil rights breakthrough of the new millennium. On June 26, 2015, the United States Supreme Court ruled that state bans on gay marriage were unconstitutional, making same-sex unions legal throughout the United States. But the road to victory was much longer than many know. In this seminal work, Sasha Issenberg takes us back to Hawaii in the 1990s, when that state's supreme court first started grappling with the issue, and traces the fight for marriage equality from the enactment of the Defense of Marriage Act in 1996 to the Goodridge decision that made Massachusetts the first state to legalize same-sex marriage, and finally to the seminal Supreme Court decisions of Windsor and Obergefell. This meticulously reported work sheds new light on every aspect of this fraught history and brings to life the perspectives of those who fought courageously for the right to marry as well as those who fervently believed that same-sex marriage would destroy the nation. It is sure to become the definitive book on one of the most important civil rights fights of our time.

Due to some sexual content and mature themes, this novel is intended for audiences ages 17+ Two years ago, Leigh Anne Davis shocked everyone in tiny Fairhope, Georgia when she broke up with her wealthy boyfriend to attend an Ivy League university a thousand miles away. At school, she finds a happiness and independence she's never known. Until one terrifying night takes it all away from her. With no place else to go, Leigh Anne heads home to reclaim her old life. A life she worked so hard to escape. On the outside, she seems like the same girl everyone has always known. But deep inside, she's hiding a terrible secret. That's when she meets Knox Warner, a troubled newcomer to Fairhope. His eyes have the same haunted look she sees every day in the mirror, and when she's near him, the rest of the world fades away. But being with Knox would mean disappointing everyone all over again. If she wants to save what's left of her old life, she has no choice but to say goodbye to him forever. Only, the trouble with goodbye is that sometimes it's about courage and sometimes it's about fear. And sometimes you're too broken to know the difference until it's too late.

A high school drum major must save her school band and navigate romantic disasters when their cruise ship gets stranded at sea.

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are – and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer – the kind who makes you feel like you're a genius, rather than he's a genius' The Times

"Science-obsessed fourth grader Nora wants to be like her scientist family and publish a professional research paper on her favorite subject: her ant farm!"--

Most of us think we know what is meant when we hear the term "normal," but Cryle and Stephens upend taken-for-granted attitudes about the term. They offer a history of the intellectual and cultural issues that have been at stake in the use of the term since it appeared around 1820. What is taken at one time or any one culture to be "aberrant" or "deviant" clearly depends on assumed meanings for norm and normality. The authors of this book explore this history--peppered with a fascinating series of case studies--to make sense of variations on the theme of identity (disability, gender, race, sexuality) in fields organized around identity. They locate the concept in the scientific spheres where it originated in its modern sense and they chart its transformations and developments from the 1820s in France (medicine) to the mid-20th century (Alfred Kinsey). They start with comparative anatomy and other branches of medicine before moving on to consider developments in fields as remote as craniometry, statistics, criminal anthropology, sociology, and eugenics. It is not enough to say, with David Halperin, that "queer" is "whatever is at odds with the normal, the legitimate, the dominant." Cryle and Stephens move beyond a simple binary opposition between "normal" and "abnormality" to give us the whole picture, from the Continent to the U.S., and in all the contexts that distinguish the normal from other available terms (such as typical, average, respectable, conventional, white and heterosexual, and uniform). "Normality" has had a long struggle to secure its cultural dominance and authority, a story which is told here for the first time.

Publics and Counterpublics revolves around a central question: *What is a public?* The idea of a public is a cultural form, a kind of practical fiction, present in the modern world in a way that is very different from other or earlier societies. Like the idea of rights, or nations, or markets, it can now seem universal. But it has not always been so. Publics exist only by virtue of their imagining. They are a kind of fiction that has taken on life, and very potent life at that. Publics have some regular properties as a form, with powerful implications for the way our social world takes shape; but much of modern life involves struggles over the nature of publics and their interrelation. There are ambiguities, even contradictions in the idea of a public. As it is extended to new contexts and media, new politics and rhetorics, its meaning can be seen to change, in ways that we have scarcely begun to appreciate. By combining historical analysis, theoretical reflection, and extended case studies, *Publics and Counterpublics* shows how the idea of a public works as a formal device in modern culture and traces its implications for contemporary life. Michael Warner offers a revisionist account at the junction of two intellectual traditions with which he has been associated: public-sphere theory and queer theory. To public-sphere theory, this book brings a new emphasis on cultural forms, and a new focus on the dynamics of counterpublics. To queer theory, it brings a new way of seeing how queer culture (among other examples) is shaped by the counterpublic environment.

WHO'S CRAZY ANYWAY? Therapist Joan Mazza lets you decide! This extremely useful guide to therapy grew out of Joan Mazza's experience as both a patient in therapy, as well as years as a practicing therapist. Using what she learned, she has written a practical, easy-to-read book designed to help readers make informed, wise decisions when seeking the help they need. The book is written in user-friendly sound bites. Each topic covered has a brief explanation and in some cases, examples. As new concepts and techniques in the mental health field are being developed by pioneering and innovative therapists all the time, it is impossible to list all the therapy models and techniques available today. Still, Joan Mazza covers the main schools of thought and practice, as well as many non-traditional methods. An extensive bibliography recommends other books for study in those areas where readers may wish to seek further, more extensive coverage. When practiced responsibly, ethically and with caution, psychotherapy has a lot to offer people in distress. This book encourages readers to think critically about their problems and how they can be resolved. It suggests the types of help to pursue, and urges patients to be good consumers-willing to evaluate services received as they proceed. *Who's Crazy Anyway?* suggests questions for readers to ask themselves and their therapist. Joan Mazza contends that you know what's best for you, and this book is a good place to begin.

A Mystwalker Novel

A Very Short Introduction

The Trouble with Half a Moon

Publics and Counterpublics

Gay Shame

Postwar Youth and the Making of Heterosexuality

In recent years, lesbians and gay men have developed a new, aggressive style of politics. At the same time, innovative intellectual energies have made queer theory an explosive field of study. In "*Fear of a Queer Planet*", Michael Warner draws on emerging new queer politics, and shows how queer activists have come to challenge basic assumptions about the social and political world. Existing traditions of theory - Marxism, cultural studies, psychoanalysis, anthropology, legal theory, nationalism, and antinationalism - have too often presupposed a heterosexual society, as the essays in this volume demonstrate. "*Fear of a Queer Planet*" suggests a new agenda for social theory. It moves beyond the idea that lesbians and gay men share a minority identity and special interests and that their issues can be subordinated to more general social conflicts. Instead, Warner and the other contributors to this volume show that queer sexualities take many forms, are the subject of many kinds of conflict and struggles, and must be taken as a starting point in thinking about cultural politics. This collection explores the impact of ACT UP, *Queer Nation*, multiculturalism, the new religious right, outing, queerness, postmodernism, and other shifts in the politics of sexuality. The authors featured speak from different backgrounds of gender, race, nationality, and discipline. Together, they show how struggles over sexuality have profound implications for progressive politics, social theory, and cultural studies. Michael Warner has written extensively on censorship and the public sphere, the construction of American literary history, and the social and political implication of literary theories. He is author of "*The Letter of the Republic: Publication and the Public Sphere in Eighteenth-Century America*" and co-editor of "*The Origins of Literary Studies in America: A Documentary Anthology*".

NOW AN EMMY-NOMINATED HULU ORIGINAL SERIES •NEW YORK TIMES BESTSELLER •“A stunning novel about the transformative power of relationships” (People) from the author of Conversations with Friends, “a master of the literary page-turner” (J. Courtney Sullivan). ONE OF THE TEN BEST NOVELS OF THE DECADE—Entertainment Weekly TEN BEST BOOKS OF THE YEAR—People, Slate, The New York Public Library, Harvard Crimson AND BEST BOOKS OF THE YEAR—The New York Times, The New York Times Book Review, O: The Oprah Magazine, Time, NPR, The Washington Post, Vogue, Esquire, Glamour, Elle, Marie Claire, Vox, The Paris Review, Good Housekeeping, Town & Country Connell and Marianne grew up in the same small town, but the similarities end there. At school, Connell is popular and well liked, while Marianne is a loner. But when the two strike up a conversation—awkward but electrifying—something life changing begins. A year later, they’re both studying at Trinity College in Dublin. Marianne has found her feet in a new social world while Connell hangs at the sidelines, shy and uncertain. Throughout their years at university, Marianne and Connell circle one another, straying toward other people and possibilities but always magnetically, irresistibly drawn back together. And as she veers into self-destruction and he begins to search for meaning elsewhere, each must confront how far they are willing to go to save the other. Normal People is the story of mutual fascination, friendship and love. It takes us from that first conversation to the years beyond, in the company of two people who try to stay apart but find that they can’t. Praise for Normal People “[A] novel that demands to be read compulsively, in one sitting.”—The Washington Post “Arguably the buzziest novel of the season, Sally Rooney’s elegant sophomore effort . . . is a worthy successor to Conversations with Friends. Here, again, she unflinchingly explores class dynamics and young love with wit and nuance.”—The Wall Street Journal “[Rooney] has been hailed as the first great millennial novelist for her stories of love and late capitalism. . . . [She writes] some of the best dialogue I’ve read.”—The New Yorker

Be careful what you wish for . . . you just might get it. That's the trouble with spells. Portia Mullins never dreamed of grandeur, unless that grandeur came in the form of the school's reclusive hottie, Vance Mangum. She had no idea her feelings were reciprocated, until her entire life is turned upside down, when she discovers she's actually a witch. Her family's coven has been tasked to protect the ever-elusive Vance from his evil warlock father. Thrown into the middle of Vance's life only strengthens Portia's feelings for him, and before long the two of them are caught up in a whirlwind romance as Vance teaches Portia about her strong, yet budding, powers. However, the two get so caught up in each other they completely fail to see the threat in front of them, until it is too late. As magic releases mayhem, Portia is left with her love hanging in the balance as she desperately tries to save Vance from the fate they always feared. With over one half million series copies sold, The Trouble with Spells is the first installment in this ever-escalating paranormal romance series. If you love the romance of Twilight, the magic of Harry Potter, and the snarky one liners of The Mortal Instruments, then you're bound to enjoy this Lacey Weatherford bestselling series, Of Witches and Warlocks! Buy The Trouble with Spells today and join the masses who are falling in love with this paranormal romance super couple!

Ophelia has always considered her psychic abilities an imposition, except for those times she's been able to put her paranormal talents to good use—like when a friend asks her to help find a missing teenager. Unfortunately it means she and Abby, her kindly, canny sorceress granny, will be taking to the road to pursue the vanished girl in the wilds of Minnesota. The signs are pointing toward the secluded new age research facility of Jason and Juliet Finch, who live with their troubled—and possibly matricidal—thirteen-year-old niece. And a bizarre local murder that follows their arrival—plus the appearance of a mysterious Native American shaman—only emphasize the urgency of Ophelia and Abby's hunt, drawing them into a web of dark secrets and to the last place they'd ever wish to be: a cottage in the woods where true evil quite possibly resides.

Shortlisted for the 2017 Legislative Assembly of Ontario Speaker's Book Award Nominated for the 2018 Heritage Toronto Award - Historical Writing: Book The definitive, full-access story of the life and songs of Canada's legendary troubadour Gordon Lightfoot's name is synonymous with timeless songs about trains and shipwrecks, rivers and highways, lovers and loneliness. His music defined the folk-pop sound of the 1960s and '70s, topped charts and sold millions. He is unquestionably Canada's greatest songwriter, and an international star who has performed on the world's biggest stages. While Lightfoot's songs are well known, the man behind them is elusive. He's never allowed his life to be chronicled in a book—until now. Biographer Nick Jennings has had unprecedented access to the notoriously reticent musician. Lightfoot takes us deep inside the artist's world, from his idyllic childhood in Orillia, the wild sixties, and his canoe trips into Canada's North to his heady times atop the music world. Jennings explores the toll that success took on his personal life—including his troubled relationships, his battle with alcohol and his near-death experiences—and the extraordinary drive and tenacity that pulled him through it all. Rich in voices from fellow musicians, close friends, Lightfoot's family and the singer's own reminiscences, the biography tells the stories behind some of his best-known love songs, including “Beautiful” and “Song for a Winter's Night,” as well as the infidelity and divorce that resulted in classics like “Sundown” and “If You Could Read My Mind.” Kris Kristofferson has called Lightfoot's songs “some of the most beautiful and lasting music of our time.” Lightfoot is an unforgettable portrait of a treasured singer-songwriter, an artist whose work has been covered by everyone from Joni Mitchell, Barbra Streisand and Nico to Bob Dylan, Elvis Presley and Gord Downie. Revealing and insightful, Lightfoot is both an inspiring story of redemption and an exhilarating read.

"Written in an accessible, empathic style, and filled with evocative case material, this book belongs on the desks of family therapists, clinical and counseling psychologists, psychiatrists, and clinical social workers. Graduate-level students and residents in these areas will find it a timely and informative text."--BOOK JACKET.

Presents situations which illustrate when to share and when to keep a secret.

Ever noticed that women don't feature much in history books, and wondered why? Then this is the book for you. In The Trouble with Women, feminist artist Jacky Fleming illustrates how the opinions of supposed male geniuses, such as Charles Darwin (who believed that women have smaller brains than men) and John Ruskin (who believed that women's main function was to praise men), have shaped the fate of women through history, confining them to a life of domesticity and very little else. Get ready to laugh, wince, and rescue forgotten women from the "dustbin of history," while keeping a close eye out for tell-tale "genius hair."

"I loved this book. It's one of those books that you just want to give to everybody." —Nancy Pearl on NPR's Morning Edition
“An astute, engaging debut” (Publishers Weekly), *The Trouble with Goats and Sheep* is a quirky and utterly charming tale of a community in need of reconciliation and two girls learning what it means to belong. England, 1976. Mrs. Creasy is missing and the Avenue is alive with whispers. The neighbors blame her sudden disappearance on the heat wave, but ten-year-olds Grace and Tilly aren't convinced, and decide to take matters into their own hands. Spunky, spirited Grace and quiet, thoughtful Tilly go door to door in search of clues. The cul-de-sac starts to give up its secrets, and the amateur detectives uncover more than they ever imagined. A complicated history of deception begins to emerge—everyone on the Avenue has something to hide. During that sweltering summer, the lives of all the neighbors begin to unravel. The girls come to realize that the lies told to conceal what happened one fateful day about a decade ago are the same ones Mrs. Creasy was starting to peel back just before she disappeared... “A thoughtful tale of loyalty and friendship, family dynamics and human nature” (Kirkus Reviews), this glorious debut is part coming-of-age story, part mystery. *The Trouble with Goats and Sheep* radiates an unmistakable warmth and intelligence and is “rife with tiny extraordinaries” (The New York Times Book Review). “Joanna Cannon is an author to watch” (Booklist, starred review).

Draws on detailed research to demonstrate that well-intentioned attempts to combat social stigma have prevented successful research into the AIDS virus and have allowed the continued infection of thousands of people

An unprecedented work from the brilliant young editor of *The New Republic*--who is celebrated also as an incisive defender of the equality of homosexuals--*Virtually Normal* is an impassioned, reasoned, subtle, and uncompromising political and moral treatise that will set the terms of the homosexuality debate for the foreseeable future.

A hard-bitten former search-and-rescue dog helps solve a complicated missing chicken case.

"Is terrorism crime or war? Can there be a 'war against terrorism'? In this fully updated edition, Charles Townshend unravels the questions at the heart of the problem of terrorism - its causes, methods, effects, and limitations - suggesting that it must be understood as a political strategy whose threat can be rationally grasped and answered"--Publisher's description.

Donovan Croft is sent to be fostered by Keith Chapman's family when Donovan's mother has to return to the West Indies. But the trauma of leaving his parents is too much for Donovan, and he becomes mute. He won't talk to Keith or his family, and he won't talk to the teachers at school. The combination of Donovan's silence, and the racist attitudes of both pupils and teachers at school means trouble, and it's the growing bond between Donovan and Keith which helps them all find a way to resolution.

The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.

The Trouble with Dukes

The Trouble with Normal

Solving the Mystery Beneath Our Feet

In the years after the Second World War, economic and social factors combined to produce an intense concern over the sexual development and behaviour of young people. In a context where heterosexuality and 'normality' were understood to be synonymous and assumed to be necessary for social and national stability, teenagers were the target of a range of materials and practices meant to turn young people into proper heterosexuals. In this study, Mary Louise Adams explores discourses about youth and their place in the production and reproduction of heterosexual norms. She examines debates over juvenile delinquency, indecent literature, and sex education to show not why heterosexuality became a peculiar obsession in English Canada following the Second World War as much as how it came to hold such sway. Drawing on feminist theory, cultural studies, and lesbian/gay studies, *The Trouble with Normal* is the first Canadian study of 'youth' as a sexual and moral category. Adams looks not only at sexual material aimed at teenagers but also at sexual discourses generally, for what they had to say about young people and for the ways in which 'youth,' as a concept, made those discourses work. She argues that postwar insecurities about young people narrowed the sexual possibilities of both young people and adults. While much of the recent history of sexuality examines sexuality 'from the margins,' *The Trouble with Normal* is firmly committed to examining the 'centre,' to unpacking normality itself. As the first book-length study of the history of sexuality in postwar Canada, it will make an important contribution to the growing international literature on sexual regulation.

Criticizes the system of motivating through reward, offering arguments for motivating people by working with them instead of doing things to them

"Smart, sexy, and oh-so romantic." ---Mary Balogh, *New York Times* bestselling author **THEY CALL HIM THE DUKE OF MURDER**... The gossips whisper that the new Duke of Murdoch is a brute, a murderer, and even worse--a Scot. They say he should never be trusted alone with a woman. But Megan Windham sees in Hamish something different, someone different. No one was fiercer at war than Hamish MacHugh, though now the soldier faces a whole new battlefield: a London Season. To make his sisters happy, he'll take on any challenge--even letting their friend Miss Windham teach him to waltz. Megan isn't the least bit intimidated by his dark reputation, but Hamish senses that she's fighting battles of her own. For her, he'll become the warrior once more, and for her, he might just lose his heart.

Lancaster provides the disproof of evolutionary stories about men, women, and the nature of desire of the heterosexual fables that pervade popular culture, from prime-time sitcoms to scientific theories about the so-called gay gene.

Danny Kim is the frontman of a Seattle indie rock band. He's also struggling to graduate from college. After rudely hitting on a cute guy at one of his concerts, he gets in even deeper trouble when the guy proves to be the TA of his accounting class.Though Jiyoon clearly would prefer never to see Danny again, a rough breakup brings them unexpectedly together and a tentative friendship forms. But Danny can barely keep his band afloat and pass all his classes, nevermind learn how to make time for what is rapidly becoming the most important person in his life.

The Engagement

A Critical Genealogy

The Trouble with Tuck

Renowned Eastern European author Adam Michnik was jailed for more than six years by the communist regime in Poland for his dissident activities. He was an outspoken voice for democracy in the world divided by the Iron Curtain and has remained so to the present day. In this thoughtful and provocative work, the man the *Financial Times* named "one of the 20 most influential journalists in the world" strips fundamentalism of its religious component and examines it purely as a secular political phenomenon. Comparing modern-day Poland with postrevolutionary France, Michnik offers a stinging critique of the ideological "virus of fundamentalism" often shared by emerging democracies: the belief that, by using techniques of intimidating public opinion, a state governed by "sinless individuals" armed with a doctrine of the only correct means of organizing human relations can build a world without sin. Michnik employs deep historical analysis and keen political observation in his insightful five-point philosophical meditation on morality in public life, ingeniously expounding on history, religion, moral thought, and the present political climate in his native country and throughout Europe.

Finnigan, a Secret Service squirrel in training, reports on the unusual activities at Normal Towers, the apartment building across from his park.

Michael Warner, one of our most brilliant social critics, argues that gay marriage and other moves toward normalcy are bad not just for the gays but for everyone. In place of sexual status quo, Warner offers a vision of true sexual autonomy that will forever change the way we think about sex, shame, and identity.

"Readers cannot help but cheer for Dellie and the little boy who helps pull her family together. Rich secondary characters add depth and dimension to this fast-paced tale of bereavement, forgiveness and healing."—Kirkus Reviews
Ever since her brother's death, Dellie's life has been quiet and sad. Her mother cries all the time, and Dellie lives with the horrible guilt that the accident that killed her brother may have been all her fault. But Dellie's world begins to change when new neighbors move into her housing project building. Suddenly, men are fighting on the stoop and gunfire is sounding off in the night. In the middle of all that trouble is Corey, an abused five-year-old boy, who's often left home alone and hungry. Dellie strikes a dangerous friendship with this little boy who reminds her so much of her brother. She wonders if she can do for Corey what she couldn't do for her brother—save him.

Available for the first time in a Yearling edition, the classic, inspiring story of a dog who triumphs against all odds, by the bestselling author of *The Cay*. Helen adored her beautiful golden Labrador from the first moment he was placed in her arms, a squirming fat sausage of creamy yellow fur. As her best friend, Friar Tuck waited daily for Helen to come home from school and play. He guarded her through the long, scary hours of the dark night. Twice he even saved her life. Now it's Helen's turn. No one can say exactly when Tuck began to go blind. Probably the light began to fail for him long before the alarming day when he raced after some cats and crashed through the screen door, apparently never seeing it. But from that

on, Tuck's trouble--and how to cope with it--becomes the focus of Helen's life. Together they fight the chain that holds him and threatens to break his spirit, until Helen comes up with a solution so new, so daring, there's no way it can fail.
