The 1619 Project 's lyrical picture book in verse chronicles the consequences of slavery and the history of Black resistance in the United States, thoughtfully rendered by Pulitzer Prize-winning journalist Nikole Hannah-Jones and Newbery honor-winning author Renée Watson. A young student receives a family tree assignment in school, but she can only trace back three generations. Grandma gathers the whole family, and the student learns that 400 years ago, in 1619, their ancestors were stolen and brought to America by white slave traders. But before that, they had a home, a land, a language. She learns how the people said to be born on the water survived. And the people planted dreams and hope, willed themselves to keep living, living. And the people learned new words for love for friend for family for joy for grow for home. With powerful verse and striking illustrations by Nikkolos Smith, *Born on the Water* provides a pathway for readers of all ages to reflect on the origins of American identity. Patrick Leigh Fermor recounts the last leg of his epic walk across Europe as he makes his way through Bulgaria, Romania, and finally Greece. In the winter of 1933, eighteen-year-old Patrick ( " Paddy " ) Leigh Fermor set out on a walk across Europe, starting in Holland and ending in Constantinople, a trip that took him almost a year. Decades later, Leigh Fermor told the story of that life-changing journey in *A Time of Gifts* and *Between the Woods and the Water*, two books now celebrated as among the most vivid, absorbing, and beautifully written travel books of all time. *The Broken Road* is the long-awaited account of the final leg of his youthful adventure that Leigh Fermor promised but was unable to finish before his death in 2011. Assembled from Leigh Fermor 's manuscripts by his prizewinning biographer Artemis Cooper and the travel writer Colin Thubron, this is perhaps the most personal of all Leigh Fermor 's books, catching up with young Paddy in the fall of 1934 and following him through Bulgaria and Romania to the coast of the Black Sea. Days and nights on the road, spectacular landscapes and uncanny cities, friendships lost and found, leading the high life in Bucharest or camping out with fishermen and shepherds—in the *The Broken Road* such incidents and escapades are described with all the linguistic bravura, odd and astonishing learning, and overflowing exuberance that Leigh Fermor is famous for, but also with a melancholy awareness of the passage of time, especially when he meditates on the scarred history of the Balkans or on his troubled relations with his father. The book ends, perfectly, with Paddy 's arrival in Greece, the country he would fall in love with and fight for. Throughout it we can still hear the ringing voice of an irrepressible young man embarking on a life of adventure.

Erin is a documentary filmmaker on the brink of a professional breakthrough, Mark a handsome investment banker with big plans. Passionately in love, they embark on a dream honeymoon to the tropical island of Bora Bora, where they enjoy the sun, the sand, and each other. Then, while scuba diving in the crystal blue sea, they find something in the water.... Suddenly the newlyweds must make a dangerous choice: to speak out or to protect their secret. After all, if no one else knows, who would be hurt? Their decision will trigger a devastating chain of events....

What's so tough about building a solar collector? Most people think it's time they tried to do their part at lowering their monthly utility bills or curbing climate change, but they suspect that their dream of building a hot water solar collector is more than they can handle. In some cases, this may be true. However, if you have already performed your own plumbing repairs, this project may not be as difficult as and more affordable than you imagine. This down-to-earth guide can show you just how possible such a project can be. With simple step-by-step instructions, fifty-six clear illustrations, and a complete parts list from a major hardware store, you may fulfill your dream of going solar sooner than you think. This is an excellent book with clear and well thought out plans. With a little investment of time and the parts listed, you will have a worthy product that will save money and provide satisfaction. A. J. Shea I am very impressed with the plans for this solar hot water system. I think it was easy to understand and complete with material lists and where to get them. I am looking forward to building one soon. Dean Cardin For anyone wanting to build their own solar collector, this is a great tool. Like others have said, follow the directions with respect to the materials specified. BigBear

*Welcome to the premiere edition of "The Fishing Smart Anywhere Handbook for Salt Water & Fresh Water." As an award-winning author, I embrace (along with my companion of over forty years, Donna) a number of water-related activities. Sixty years of experience went into writing this concise yet comprehensive guide. If I had to sum up this handbook in a single word, it is all about having Fun. Be it spin casting, bait casting or the supposed arcane art of fly casting, together we will target new tackle, examine time-tested techniques, and apply innovative approaches to these three basic methods-methods that will give the angler the added edge. Whether saltwater or freshwater fishing, clamming, crabbing, kayaking, cooking seafood or smoking fish, selecting the proper equipment is of paramount importance. The information presented will prove priceless, providing you with practical advice, serious savings, unprecedented quality and value. That's a promise, not hyperbole. Get it right the first time, and avoid unnecessary aggravation and expense. Taking fresh fish and shellfish from our seas and shores is rewarding, for there is a world of delectable fare that awaits you. Perfected over the course of many years, I present gourmet recipes that will delight you, your family and friends. Written in an informative, entertaining and often humorous fashion, this handbook is*

for the beginner, intermediate as well as the advanced outdoors enthusiast, serving as either a condensed treatment of a subject or a concise reference. I offer you a unique approach in that this information is superbly blended and balanced to accommodate all levels of experience-from introducing and instructing newcomers to many enjoyable and rewarding water-related activities, to presenting veteran outdoorsmen/women with creative techniques. Residing on the water, Donna and I live, sleep, breathe and share our outdoor experiences with you. Having spent sixty years plying the waters along the eastern seaboard, we have made the East End of Long Island our home and playground for the past twenty-three years. We have been praised by Angelo Peluso-outdoors author, columnist and avid fisherman-as the "Best writing and fishing tag-team on Long Island." I invite you to join Donna and me on our continual journey. Living the good life is yours for the taking.

"Are you looking for great ways to include more water in your diet?" "What about fantastic homemade fruit infused waters that take only 5 minutes to make, and are chock full of easy to absorb vitamins and minerals?" Did you know a handful of blueberries a day can not only aid in reducing belly fat, lower blood pressure, protect the heart and brain, boost memory but also act as a natural anti-depressant? They also contain the highest antioxidant capacity of all fruit - which has been found to stifle aging and free radical damage. Making your own fruit infused waters at home allows you to receive the full benefits of each fruit and herb ingredient, as well as the added benefit of knowing exactly what you are consuming. Commercial Vitamin Waters commonly seen in stores and vending machines contain a lot of nasty ingredients (artificial and 'natural' flavourings, artificial colours, artificial sweeteners, synthetic vitamins and preservatives). While these may 'taste great', you are left paying a small fortune for what is essentially glorified sugar water. Given their sugar content, they are truly no better than having a soda. We all need to drink more water, Infused: 26 Spa Inspired Natural Vitamin Waters makes this easier by sorting the recipes in an easy to use format. You'll find natural electrolyte boosters, sports waters, waters that aid in sleep and relaxation, weight loss and detox, healing waters, waters for complexion, and more. These recipes can be consumed by both adults and kids alike, and can be easily and safely used by those following gluten free, dairy free, vegetarian, vegan, paleo, and raw food diets. This book is also for those who are detoxing, cleansing or looking to lose weight. The recipes included in this book are free from common allergens and additives such as dairy, soy, refined sugar, synthetic vitamins, preservatives, high fructose corn syrup, and artificial colours. This recipe book contains 26 high quality recipe photos &: 26 delicious recipes for purifying waters, youthful waters, rejuvenating waters, athletic waters, sparkling waters and blissful waters Step by step instructions Tips and techniques Budget friendly options Some of the recipes included are: - Delectable Detox (young coconut, cucumber, lime, strawberries....) - Timeless Tonic (pineapple, basil, watermelon....) - Ravishing Repair (cantaloupe, ginger, apple....) - Sporty Serenade (mango, blueberries, dates....) - Recollection Reverie (blackberry, rosemary, orange....) ....and more! In her former life she worked in Graphic Design and Publishing, which she now draws from to create inspiring books for young children and parents. David Pearson has over 10 years experience in emergency and survival training from the oil and gas industry. He left his field after witnessing the startling devastation and impact that drilling is taking on our planet, its communities and natural resources. His greatest passion is being outdoors and learning new ways to tread lightly. He lives on a homestead in Oregon with his wife, two children and his dog Ernie.

The acclaimed travel writer's youthful journey - as an 18-year-old - across 1930s Europe by foot began in A Time of Gifts, which covered the author's exacting journey from the Lowlands as far as Hungary. Picking up from the very spot on a bridge across the Danube where his readers last saw him, we travel on with him across the great Hungarian Plain on horseback, and over the Romanian border to Transylvania. The trip was an exploration of a continent which was already showing signs of the holocaust which was to come. Although frequently praised for his lyrical writing, Fermor's account also provides a coherent understanding of the dramatic events then unfolding in Middle Europe. But the delight remains in travelling with him in his picaresque journey past remote castles, mountain villages, monasteries and towering ranges.

Jonathan Bricklin's debut novel is astounding for its intellectual playfulness and verbal ingenuity, and for the exuberant voice of Willy Nilly, the young hero of this unexpected adventure. Telepathy, Tetherball, Turtles, Politics, Pirates, Lemonade, Cryogenics, Waterslides and Holograms are some of the ingredients in this madcap frenzy of metaphorical escapism. If Raymond Chandler and Tom Robbins adopted a baby it might grow up to write a book like this.

The Blue Poetry Book was the third of the series of Fairy Books by Andrew Lang. This book contains 153 poems by great British and American poets such as; William Blake; Elizabeth Browning; John Bunyan; Robert Burns; Lord Byron; Thomas Campbell; Samuel Coleridge Taylor; William Cowper; Charles

It is 1947, and Beit Daras, a rural Palestinian village, is home to the Baraka family – oldest daughter Nazmiyah, brother Mamdouh, beautiful, dreamy Mariam and their widowed mother. When Israeli forces descend, sending the village up in flames, the family must take the long road to Gaza, in a walk that will test them to their limits. Sixty years later, in America, Mamdouh's granddaughter Nur falls in love with a doctor. Following him to his work in Gaza, she meets Alwan, who will help Nur discover the ties of kinship that transcend distance – and even death. Told with raw humanity, *The Blue Between Sky and Water* is a lyrical, devastatingly beautiful story of a family's relocation, separation, survival and love.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

The Sailing Master-Book Two: The Long Passage Readers will happily yield to the spell cast by Book Two without having to first read Book One! Conflict. Love. Commitment & Betrayal . . . all abound in this intrepid novel of the sea set in the Golden Age of Sail. The looming shadow of the Napoleonic War dims the waning glow of the Enlightenment, yet Owen Harriet's heartfelt narrative provides insight into the human condition. And an overarching question emerges . . . is this chronicle simply the story of a man, or of an entire age? From the opening broadside at the Battle of the Nile to the ironic conclusion off Ushant, Owen continues to come of age, maintaining a steadfast relationship with his beloved mentor, Ignatius Comet Lau, HMS Eleanor's esteemed Sailing Master. Deep within French Indochina. Lost on the Mekong River. Owen befriends an inscrutable boy monk, only to fall prey to a demonic French privateer. A powerful enigma continues to haunt Owen and he begins to understand. A premonition of unknown origin? An Oracle? Or a remnant calling from his own childhood imagination.

Caroline Wickham-Jones provides a highly readable and informative overview of Orkney's archaeological heritage, illustrated with beautiful photography.

*Offers an account of the author's adventures at sea, sailing across the Pacific to Tahiti in a sailboat called the Sea Mouse, with another broken-hearted companion, to escape a failed relationship.*

*Kitty Hawk and the Hunt for Hemingway's Ghost is the exciting second installment in a new series of adventure mystery stories that are one part travel, one part history and five parts adventure. This second book in the series continues the adventures of Kitty Hawk, an intrepid teenage pilot who has decided to follow in the footsteps of her hero Amelia Earhart and make an epic flight around the entire world. After flying across North America Kitty's journey takes her down south to Florida where she plans to get a bit of rest and relaxation before continuing on with the rest of her long and grueling flight. As Kitty explores the strange and magical water world of the Florida Keys her knack for getting herself into precarious situations sweeps her headlong into the adventure of a lifetime involving mysterious lights, ancient shipwrecks, razor-toothed barracudas and even a sighting of the great Ernest Hemingway himself. This exhilarating story will have armchair explorers and amateur detectives alike anxiously following every twist and turn as they are swept across the landscape and history of the Florida Keys all the way from Key West to the strange and remarkable world of Fort Jefferson and the Dry Tortugas. New York Times and Los Angeles Times Bestseller! As every day brings urgent reports of growing water shortages around the world, there is no time to lose in the search for solutions. The U.S. government predicts that forty of our fifty states-and 60 percent of the earth's land surface-will soon face alarming gaps between available water and the growing demand for it. Without action, food prices will rise, economic growth will slow, and political instability is likely to follow. Let There Be Water illustrates how Israel can serve as a model for the United States and countries everywhere by showing how to blunt the worst of the coming water calamities. Even with 60 percent of its country made of desert, Israel has not only solved its water problem; it also had an abundance of water. Israel even supplies water to its neighbors-the Palestinians and the Kingdom of Jordan-every day. Based on meticulous research and hundreds of interviews, Let There Be Water reveals the methods and techniques of the often offbeat inventors who enabled Israel to lead the world in cutting-edge water technology. Let There Be Water also tells unknown stories of how cooperation on water systems can forge diplomatic ties and promote unity. Remarkably, not long ago, now-hostile Iran relied on Israel to manage its water systems, and access to Israel's water know-how helped to warm China's frosty relations with Israel. Beautifully written, Seth M. Siegel's Let There Be Water is an inspiring account of the vision and sacrifice by a nation and people that have long made water security a top priority. Despite scant natural water resources, a rapidly growing population and economy, and often hostile neighbors, Israel has consistently jumped ahead of the water innovation-curve to assure a dynamic, vital future for itself. Every town, every country, and every reader can benefit from learning what Israel did to overcome daunting challenges and transform itself from a parched land into a water superpower.*

*Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he’s ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia’s proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he’s enlisted in the underground war between slavers and the enslaved, Hiram’s resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today’s most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for *The Water Dancer* “Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, *Between the World and Me*. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. *The Water Dancer* . . . is a work of both staggering imagination and rich historical significance. . . . What’s most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Timeless and instantly canon-worthy.”—Rolling Stone*

*Have you ever questioned life and wonder why you? Can you hear yourself saying, "Is there more to life than this?" I can identify this with you. Did you know? *Awaken one...awaken them all.* Insomniac Piper Laurel focuses on the simple things, the feel-good things. She likes her coffee black, her wine cheap, and her men gone by morning. But when her last living relative dies, she must confront the feel-bad things. She's the last Laurel, she's almost thirty, and she's completely alone. When she returns to her sleepy seaside hometown, her ex is still as yummy as ever, and a familiar-seeming stranger is also there to tug at her heartstrings. But a love triangle isn't the only thing waiting for her. The immortal Anik has spent centuries plotting to claim the last Laurel--and a lot of innocent souls in the bargain. To survive Anik and the Realm Wars, Piper must forget her version of reality and awaken to her destiny as a Seekin, Guardian of Souls. With two men vying for her heart and hellhounds on her heels, Piper must decide who she trusts and who she loves while embracing her destiny with her eyes wide open.

*A collection of maritime writings inspired by life on the New England coast captures key moments from the author's more than sixty years of cruising, sailing, and interacting with his neighbors, in a volume that explores such topics as saltwater farming, longshore work, and memorable storms. *This beloved account about an intrepid young Englishman on the first leg of his walk from London to Constantinople is simply one of the best works of travel literature ever written. At the age of eighteen, Patrick Leigh Fermor set off from the heart of London on an epic journey—to walk to Constantinople. A Time of Gifts is the rich account of his adventures as far as Hungary, after which *Between the Woods and the Water* continues the story to the Iron Gates that divide the Carpathian and Balkan mountains. Acclaimed for its sweep and intelligence, Leigh Fermor’s book explores a remarkable moment in time. Hitler has just come to power but war is still ahead, as he walks through a Europe soon to be forever changed—through the Lowlands to Mitteleuropa, to Teutonic and Slav heartlands, through the baroque remains of the Holy Roman Empire; up the Rhine, and down to the Danube. At once a memoir of coming-of-age, an account of a journey, and a dazzling exposition of the English language, *A Time of Gifts* is also a portrait of a continent already showing ominous signs of the holocaust to come.*

1998 Agnes Lynch Starrett Prize winner. *The Water Between Us* is a poetic examination of cultural fragmentation, and the exile's struggle to reconcile the disparate and often conflicting influences of the homeland and the adopted country. The book also centers on other kinds of physical and emotional distances: those between mothers and daughters, those created by being of mixed racial descent, and those between colonizers and the colonized. Despite these distances, or perhaps because of them, the poems affirm the need for a multilayered and cohesive sense of self. McCallum's language is precise and graceful. Drawing from Anancy tales, Greek myth, and biblical stories, the poems deftly alternate between American English and Jamaican patois, and between images both familiar and surreal.

***The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. ***The archaeological sites of Orkney give us an unparalleled glimpse into prehistory. Inscribed as the 'Heart of Neolithic Orkney' World Heritage Site in 1999, four great monuments - the village of Skara Brae, the Ring of Brodgar, the Stones of Stenness and the burial mound of Maeshowe - are also at the center of the archipelago's story. This book looks at what makes these monuments so special. Caroline Wickham-Jones explores the Neolithic world in which they were built, how they came to be a focus through the ages, and what they mean today. Picts, saints, Vikings, antiquarians and tourists populate Orkney's past: a history which is channeled through these 'dances of stones'. This new second edition replaces the highly successful and widely used first edition, which sold over 1,000 copies. The text has been fully updated to take account of recent discoveries and research including the now world famous site Ness of Brodgar. In addition there are over thirty new images including stunning photographs of Orkney's archaeology and landscape.***

**Spanning millennia and continents, here is a stunningly revealing history of how the distribution of water has shaped human civilization. Boccaletti, of *The Nature Conservancy*, "tackles the most important story of our time: our relationship with water in a world of looming scarcity" (Kelly McEvers, NPR Host). Writing with authority and brio, Giulio Boccaletti—honorary research associate at the Smith School of Enterprise and the Environment, University of Oxford—shrewdly combines environmental and social history, beginning with the earliest civilizations of sedentary farmers on the banks of the Nile, the Tigris, and the Euphrates Rivers. Even as he describes how these societies were made possible by sea-level changes from the last glacial melt, he incisively examines how this type of farming led to irrigation and multiple cropping, which, in turn, led to a population explosion and labor specialization. We see with clarity how irrigation's structure informed social structure (inventions such as the calendar sprung from agricultural necessity); how in ancient Greece, the communal ownership of wells laid the groundwork for democracy; how the Greek and Roman experiences with water security resulted in systems of taxation; and how the modern world as we know it began with a legal framework for the development of water infrastructure. Extraordinary for its monumental scope and piercing insightfulness, *Water: A Biography* richly enlarges our understanding of our relationship to—and fundamental reliance on—the most elemental substance on earth.**

**"Lucid, evocative and richly detailed."—Jay Parini, author of *The Apprentice Lover* Both the Romans and the Greeks were attracted to the dramatically beautiful coasts and fertile plains of the region later known as "The Kingdom of the Two Sicilies." In fact, all myriad influences that shaped modern civilization in the Mediterranean come together in Southern Italy and Sicily. The world's first secular university was founded in Naples. Many of the elements of Italian culture as we now know it in the rest of the world—from comic opera to pizza—were born in the South. Art and music flourished there, as did progressive ideas about education, tolerance, and civic administration. Native Neopolitan and distinguished scholar Tommaso Astarita gives us a history both erudite and full of personality—from the freethinking, cosmopolitan King Frederick who conferred with Jewish and Muslim philosophers (and dared to meet with the Sultan) to the fisherman Masaniello who inspired artists and revolutionaries across Europe. In the medieval South, Jews, Muslims, and Greek and Latin Christians could practice their religions, speak their languages, and live in mostly peaceful cohabitation. From the sixteenth to the eighteenth century, Naples was on par with Paris, one of the largest and most cultured cities in Europe. During the Enlightenment, southern Italy captured the European imagination, and many people traveled far and wide to enjoy southern Italy's ancient ruins, beautiful landscapes, sweet music, and magnificent art, marveling at the lively temperament of the southern population. The drama and beauty of the region inspired visitors to claim that one had to "see Naples, and then die." Yet negative images of the Italian South's poverty, violence, superstition and nearness to Africa long fueled stereotypes of what was and was not acceptably "European." Goethe noted that he had gladly studied in Rome, but in Naples he wanted "only to live," for "Naples is a Paradise: everyone lives in a state of intoxicated self-forgetfulness, myself included. From the Normans and Angevins through Spanish and Bourbon rule to the unification of Italy in 1860 and the subsequent emigration of vast numbers of Southern Italians, *Between Salt Water and Holy Water* captures the rich, dynamic past of a vibrant land.**

An Instant New York Times bestseller / An Oprah's Book Club Pick In the spirit of *The Known World* and *The Underground Railroad*, an award-winning "miraculous debut" (Washington Post) about the unlikely bond between two freedmen who are brothers

and the Georgia farmer whose alliance will alter their lives, and his, forever In the waning days of the Civil War, brothers Prentiss and Landry—freed by the Emancipation Proclamation—seek refuge on the homestead of George Walker and his wife, Isabelle. The Walkers, wracked by the loss of their only son to the war, hire the brothers to work their farm, hoping through an unexpected friendship to stanch their grief. Prentiss and Landry, meanwhile, plan to save money for the journey north and a chance to reunite with their mother, who was sold away when they were boys. Parallel to their story runs a forbidden romance between two Confederate soldiers. The young men, recently returned from the war to the town of Old Ox, hold their trysts in the woods. But when their secret is discovered, the resulting chaos, including a murder, unleashes convulsive repercussions on the entire community. In the aftermath of so much turmoil, it is Isabelle who emerges as an unlikely leader, proffering a healing vision for the land and for the newly free citizens of Old Ox. With candor and sympathy, debut novelist Nathan Harris creates an unforgettable cast of characters, depicting Georgia in the violent crucible of Reconstruction. Equal parts beauty and terror, as gripping as it is moving, *The Sweetness of Water* is an epic whose grandeur locates humanity and love amid the most harrowing circumstances.
