This unique collection of thirty cross-stitch designs by Leslie Norah Hills is based on the characters and storyline of the Paddington books. As well as simple cross-stitched panels, the designs present eleven attractive projects that will inspire existing Paddington fans and new bear-lovers alike, including: a cushion, a bookmark, slippers, table linen, and greetings cards.

This jam-packed stitch bible begins with a guide to the best tools and equipment, detailed instructions on how to knit, and information on reading stitch diagrams and understanding knitting abbreviations. The stitches are divided into five sections. The first section introduces basic combinations of knit and purl. These two basic stitches can be configured into patterns and constructed into all kinds of fabrics. The second section features cable and aran stiches. These are characterized by a large central panel bordered by varying numbers of side panels on a textural background. For the beginner knitter, lace knitting may seem daunting as it requires a little more technique. However, the sense of accomplishing a simple eyelet will encourage you to attempt and experiment with the more complex and challenging effects. The fourth section focuses on colourwork, with most of the designs drawing inspiration from traditional Scottish and Scandinavian patterns knitted using the Fair Isle technique, which uses design repeats and motifs in horizontal and vertical bands, and in small and large panels. Intarsia knitting is a similar technique, though patterns often involve larger blocks of colour and picture motifs. The final section concentrates on edgings and trims. From simple yet decorative ribs to intricate lace borders, there is an almost endless variety of edgings. They offer a quick way of turning a plain knit garment into something supremely stylish. Whether you're a knitting novice who is picking up a pair of needles for the first time, or a seasoned professional with years of experience, you will find inspiration and technical know-how within these pages. Word count: 60,000

A collection of more than 1000 cross-stitch motifs, borders and patterns, presented on a mix-and-match basis, allowing embroiderers to choose and combine those applicable to their own projects. Advice is given on design materials, preparing the chart, sewing materials and stitching the design.

A collection of original cross stitch designs capturing all aspects of a woman's life, from the demands of work and the joys of leisure to family commitments and the importance of friends.

A fun, witty, nerdy, and irreverent craft book for the modern cross-stitcher. Sometimes it's good to be a little...improper. Profane, funny, and smart, Haley Pierson-Cox's IMPROPER CROSS-STITCH invites the modern crafter to bring personality and humor to their cross stitch projects. From a fully designed "Damn it feels good to be a crafter" to the beautiful Art Deco inspired "fuck," Haley's patterns are fresh, lively and just what the crafter ordered. In this book, she'll introduce readers to the joys of stitching the naughty, the profane, the irreverent, and the just plain awesome. First, she starts with a basic lesson in cross-stitch technique, no previous experience required. Then, once readers know your way around an embroidery hoop and a skein of floss, the books moves on to the designs—35 in total, ranging from hip, to nerdy, to ironically domestic—where Haley encourages crafters to embrace their inner snark with gleeful abandon. Her easy to follow instructions and colorful designs can make a cross stitcher out of anyone. In all her years of crafting, Haley's learned many things, but this simple fact remains one of the most important: There is absolutely nothing in this world quite so satisfying as enshrining something deeply inappropriate within the delicate stitches of a cross-stitch sampler. It's truly one of life's great delights!
