A Wrinkle in TimeGENERAL PRESS

A quiet visit with her grandparents turns into a lesson in the fluidity of time for Polly O'Keefe when she meets several strangers from overlapping temporal planes and, with them, plays a key role in a prehistoric confrontation. Simultaneous.

Long out of print, the second novel by the bestselling author of A Wrinkle in Time looks at the darker side of love in a Southern town. From the moment Henry Porcher first sees Ilsa Brandes, he worships her. Despite controversy surrounding the young girl, Henry is drawn to her, a fascination that turns into a lifelong infatuation. As the years pass, Ilsa’s memory never leaves him, not until the day he returns to their sleepy Southern hometown and renews their childhood friendship. Henry watches as she becomes a wife, then a mother, then a widow, irrevocably changed by tragedy. Out of print for nearly six decades, this rare and sought-after novel is a portrait of a remarkable woman bound by both the stifling conventions of her time and place, and her own sense of honor and purpose. A departure from L’Engle’s later works, Ilsa is a dark, intriguing novel about passion, fixation, and the real price of unrequited love by an author renowned for her children’s classics as well as her candid personal memoirs. This ebook features an illustrated biography of Madeleine L’Engle including rare images from the author’s estate.

Fifty years ago, Madeleine L’Engle introduced the world to A Wrinkle in Time and the wonderful and unforgettable characters Meg and Charles Wallace Murry, and their friend Calvin O’Keefe. Now their first three adventures are together in one volume. In the Newbery Award winner A Wrinkle in Time, the children learn that Mr. Murry has been captured by the Dark Thing, and they must time travel to Camazotz to save him. Now a major motion picture! In A Wind in the Door, Meg, Calvin and Mr. Jenkins (their grade school principal) must travel inside C.W. and battle to save Charles’s life—as well as the balance of the universe. And in A Swiftly Tilting Planet, Meg’s brother Charles Wallace has twenty-four hours to stop the tragedy of nuclear war from occurring. Read the iconic novels that continue to inspire millions of fans around the world. Praise for the A Wrinkle in Time Trilogy: “A Wrinkle in Time is one of my favorite books of all time. I’ve read it so often, I know it by heart. Meg Murry was my hero growing up. I wanted glasses and braces and my parents to stick me in an attic bedroom. And I so wanted to save Charles Wallace from IT.” —Meg Cabot on A Wrinkle in Time “A book that every young person should read, a book that provides a road map for seeking knowledge and compassion even at the worst of times, a book to make the world a better place.” —Cory Doctorow on A Wrinkle in Time “A suspenseful, life-and-death drama that is of believable cosmic significance. Complex and rich in mystical religious insights, this is breathtaking entertainment.” —School Library Journal, starred review on A Wind in the Door “Madeleine L’Engle mixes classical theology, contemporary family life, and futuristic science fiction to make a completely convincing tale that should put under its spell both readers familiar with the Murrys and those meeting them for the first time.” —The New York Times Book Review on A Wind in the Door “An intricately woven fantasy. . . . Theme is L’Engle’s greatest forte, and once again she proves this with a compelling plot, rich in style that vibrates with provocative thoughts on universal love, individual caring, and the need for the joy in living.” —Booklist, starred review on A Swiftly Tilting Planet Books by Madeleine L’Engle A Wrinkle in Time Quintet A Wrinkle in Time A Wind in the Door A Swiftly Tilting Planet Many Waters An Acceptable Time A Wrinkle in Time: The Graphic Novel by Madeleine L’Engle; adapted & illustrated by Hope Larson: A graphic novel adaptation of Madeleine L’Engle’s ground-breaking science fiction and fantasy classic. A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

"The beauty of Lauren Slater's prose is shocking," said Newsday about Welcome to My Country, and now, in this powerful and provocative new book, Slater brilliantly explores a mind, a body, and a life under siege. Diag-nosed as a child with a strange illness, brought up in a family given to fantasy and ambition, Lauren Slater developed seizures, auras, neurological disturbances--and an ability to lie. In Lying: A Metaphorical Memoir, Slater blends a coming-of-age story with an electrifying exploration of the nature of truth, and of whether it is ever possible to tell--or to know--the facts about a self, a human being, a life. Lying chronicles the doctors, the tests, the seizures, the family embarrassments, even as it explores a sensitive child's illness as both metaphor and a means of attention-getting--a human being's susceptibility to malady, and to storytelling as an act of healing and as part of the quest for love. This mesmerizing memoir openly questions the reliability of memoir itself, the trickiness of the mind in perceiving reality, the slippery nature of illness and diagnosis--the shifting perceptions and images of who we are and what, for God's sake, is the matter with us. In Lying, Lauren Slater forces us to redraw the boundary between what we know as fact and what we believe we create as fiction. Here a young woman discovers not only what plagues her but also what heals her--the birth of sensuality, her creativity as an artist--in a book that reaffirms how a fine writer can reveal what is common to us all in the course of telling her own unique story. About Welcome to My Country, the San Francisco Chronicle said, "Every page brims with beautifully rendered images of thoughts, feelings, emotional states." The same can be said about Lying: A Metaphorical Memoir.

Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be “normal,” to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind--like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up--one where Deafness is something to celebrate, and where resilience means taking action, building a com-munity, and believing in something better. Published to rave reviews as Future Girl in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, The Words in My Hands is very much a novel for our turbulent times.

In **book four** of the award-winning Austin Family Chronicles young adult series from Madeleine L’Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. "This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved." These are Vicky Austin's thoughts as she stands near Commander Rodney’s grave while her grandfather, who himself is dying of cancer, recites the funeral service. Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney’s son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney’s death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. Once again, Madeleine L’Engle has written a story that revels in the drama of vividly portrayed characters and events of the spiritual and moral dimensions of common human experiences. Book Three of The Austin Family Chronicles

Thirteen-year-old Meg Murry, her little brother Charles Wallace, and their friend Calvin are guided by unearthly strangers as they go on a journey through space and time to search for Meg's and Charles' scientist father who disappeared while experimenting with a new form of space travel. Includes related readings and study questions. In A Wrinkle in Time Quintet book two, Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. Sandy and Dennys have always been the normal, run-of-the-mill ones in the extraordinary Murry family. They garden, make an occasional A in school, and play baseball. Nothing especially interesting has happened to the twins until they accidentally interrupt their father's experiment. Then the two boys are thrown across time and space. They find themselves alone in the desert, where, if they believe in unicorns, they can find unicorns, and whether they believe or not, mammoths and manticores will find them. The twins are rescued by Japheth, a man from the nearby oasis, but before he can bring them to safety, Dennys gets lost. Each boy is quickly embroiled in the conflicts of this time and place, whose populations includes winged seraphim, a few stray mythic beasts, perilous and beautiful nephilim, and small, long lived humans who consider Sandy and Dennys giants. The boys find they have more to do in the oasis than simply getting themselves home--they have to reunite an estranged father and son, but it won't be easy, especially when the son is named Noah and he's about to start building a boat in the desert. After a brief reunion, tragedy strikes once more, forcing Katherine from the familiarity of New York City to a foreign Swiss boarding school. Far from home, she struggles with the challenges of growing up. Stifled by her daily routine and the pettiness of her classmates, Katherine's piano lessons with a gifted young teacher provide an anchor in the storm. After graduation, she follows in her mother's footsteps, pursuing a career as a pianist in Greenwich Village. There, she must learn to reconcile her blossoming relationship with her fiancé with the one consistent and dominant force in her life: music. Inspired by the author's time living among artists, The Small Rain follows Katherine's journey from a distraught girl to an exuberant and talented woman with the breadth and poignancy that defines Madeleine L'Engle's signature style. Charles Wallace Murry is old enough to start school, but his sister, Meg, and their friend Calvin know he isn ' t cut out for school on Earth—Meg worries that he ' ll be more misunderstood than ever. Luckily, with the help of the three celestial creatures Mrs Whatsit, Mrs Who, and Mrs Which, there is another place where Charles Wallace can get his education: Intergalactic P.S. 3, a public school in a completely different galaxy. The three children travel through time and space to reach the school, but for them all to make it home safely, Meg must undergo a test that will challenge her inner strength, her perspective, and her ability to protect the ones she loves.

Moving and romantic, this coming-of-age story was written during the 1940s. As revealed in an introduction by the author's granddaughter Léna Roy, the protagonist Elizabeth is close to an autobiographical portrait of L'Engle herself as a young woman—"vibrant, vulnerable, and yearning for love and all that life has to offer." During the summer of 1946, twenty-year-old Elizabeth is doing what she has dreamed of since she was a little girl: working in the theatre. Elizabeth is passionate about her work and determined to learn all she can at the summer theatre company on the sea where she is an apprentice actress. She's never felt so alive. And soon she finds another passion: Kurt Canitz, the dashing young director of the company, and the first man Elizabeth's ever kissed who has really meant something to her. Then Elizabeth's perfect summer is profoundly shaken when Kurt turns out not to be the kind of man she thought he was. A Wrinkle in Time was only the beginning: rediscover an American classic and its three sequels in this deluxe Library of America edition. This Library of America volume presents Madeleine L'Engle's iconic classic A Wrinkle in Time, one of the most beloved and influential novels for young readers ever written, in a newly-prepared authoritative text and, as a special feature, it includes never-before-seen deleted passages from the novel in an appendix. L'Engle's unforgettable heroine, Meg Murry, must confront her fears and self-doubt to rescue her scientist father, who has been experimenting with mysterious tesseracts capable of bending the very fabric of space and time. Helping her are her little brother Charles Wallace and her friend Calvin O'Keefe, and a trio of strange supernatural visitors called Mrs Whatsit, Mrs Who, and Mrs Which. But A Wrinkle in Time was only the beginning of the adventure. Seven other Kairos ("cosmic time") novels followed, collected for the first time in a deluxe two volume collector's boxed set. This first volume gathers Wrinkle with three books that chronicle the continuing adventures of Meg and her siblings. In A Wind in the Door, Meg and Calvin descend into the microverse to save Charles Wallace from the Echthroi, evil beings who are trying to unname existence. When a madman threatens nuclear war in A Swiftly Tilting Planet, Charles Wallace must save the future by traveling into the past. And in Many Waters, Sandy and Dennys, Meg's twin brothers, are accidentally transported back to the time of Noah's ark. A companion volume gathers the final four Kairos Novels, the Polly O'Keefe quartet, in which Calvin and Meg's daughter takes center stage. The Arm of the Starfish

Told in diary form by an irresistible heroine, this “heartfelt, bittersweet, and ever-so-clever coming-of-age fantasy” (School Library Journal, starred review) named one of Publishers Weekly’s Best Books of the Year from the New York Times bestselling author of the May Bird trilogy sparkles with science, myth, magic, and the strange beauty of the everyday marvels we sometimes forget to notice. Spirited, restless Gracie Lockwood has lived in Cliffden, Maine, her whole life. She’s a typical girl in an atypical world: one where sasquatches helped to win the Civil War, where dragons glide over Route 1 on their way south for the winter (sometimes burning down a T.J. Maxx or an Applebee’s along the way), where giants hide in caves near LA and mermaids hunt along the beaches, and where Dark Clouds come for people when they die. To Gracie it’s all pretty ho-hum...until a Cloud comes looking for her little brother Sam, turning her small-town life upside down. Determined to protect Sam against all odds, her parents pack the family into a used Winnebago and set out on an epic search for a safe place that most people say doesn’t exist: The Extraordinary World. It’s rumored to lie at the ends of the earth, and no one has ever made it there and lived to tell the tale. To reach it, the Lockwoods will have to learn to believe in each other—and to trust that the world holds more possibilities than they’ve ever imagined.

By the author of A Wrinkle in Time, the conclusion to the Polly O'Keefe stories finds Polly taking an unforgettable trip to Europe, all by herself. Sixteen-year-old Polly is on her way to the island of Cyprus, where she will work as a gofer. The trip was arranged by Maximiliana Horne, a rich, brilliant artist who, with her longtime companion, Dr. Ursula Heschel, recently became the O'Keefe family's neighbor on Benne Seed Island. Max and Polly formed an instant friendship and Max took over Polly's education, giving her the encouragement and confidence that her isolated upbringing had not. Polly adored Max, even idolized her, until Max betrayed her. In Greece, Polly finds romance, danger, and unique friendships. But can she ever forgive Max? In book one in the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. For a family with four kids, two dogs, assorted cats, and a constant stream of family and friends dropping by, life in the Austin family home has always been remarkably steady and contented. When a family friend suddenly dies in a plane crash, the Austins open their home to an orphaned girl, Maggy Hamilton. The Austin children—Vicky, John, Suzy, and Rob—do their best to be generous and welcoming to Maggy. Vicky knows she should feel sorry for Maggy, but having sympathy for Maggy is no easy thing. Maggy is moody and spoiled; she breaks toys, wakes people in the middle of the night screaming, discourages homework, and generally causes chaos in the Austin household. How can one small child disrupt a family of six? Will life ever return to normal? Experience this story of first love by A Wrinkle in Time author Madeleine L'Engle. This classic novel is now a major motion picture, Camilla Dickinson. Fifteen-year-old Camilla Dickinson has led a sheltered life on the Upper East Side with her architect father and stunningly beautiful mother. But this winter the security she has always known has vanished, because her parents' marriage is coming apart - and Camilla is caught in the middle. She finds a way to escape her troubles when she meets Frank, her best friend's brother, who is someone she can really talk to about life, death, God, and her dream of becoming an astronomer. When Frank introduces her to the important people in his life, who are so different from anyone she has met before, he opens her eyes to worlds beyond her own, almost as if he were a telescope helping her to see the stars. This novel, one of the author's earliest, is the story of a girl who, with the help of her first love, leaves childhood behind and enters adulthood with a newfound sense of self and inner strength. Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg’s beloved classic and Newbery Medal–winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia

appreciation. And she would go in comfort-she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.
