

Things I Wish Id Known Before We Got Married

Broadcast journalist Maria Shriver reveals the lessons that have guided her journey as a career woman, wife, and mother. Expanded from her highly praised commencement address and best-selling book, this Little Book offers wise and wonderful advice. This Little Book has been adapted from Ten Things I Wish I'd Known-Before I Went Out into the Real World by Maria Shriver, published by Warner Books, Inc., and is published by arrangement with Warner Books. All rights reserved.

With the divorce rate soaring at a dizzying 60 percent, young couples and experienced partners may lack the skills and understanding to sustain a committed relationship. Linda and Charlie Bloom present 101 nuggets of wisdom that deliver practical guidance and make it clear that regardless of past experience anyone can develop the basic strengths, skills, and capacities needed for a great relationship. Each lesson is presented as a simple, one-sentence thought followed by an explanation using real-life examples. This book demonstrates how couples can enrich their own relationships by working through love's challenges.

In Search of the Good Life Have you ever felt that your life--and budget--is spiraling out of control? Do you sometimes wish you could pull yourself together but wonder exactly how to manage all the scattered pieces of a chaotic life? Is it possible to find balance??? In a word, yes.?? Ruth Soukup knows firsthand how stressful an unorganized life and budget can be. Through personal stories, biblical truth, and practical action plans, she will inspire you to make real and lasting changes to your personal goals, home, and finances. With honesty and the wisdom of someone who has been there, Ruth will help you: * Discover your "sweet spot"--that place where your talents and abilities intersect. * Take back your time and schedule by making simple shifts in your daily habits. * Reduce stress in your home and family by clearing out the clutter. * Stop busting your budget and learn to cut your grocery bill in half. Who Needs This Book? Living Well, Spending Less was written to bring hope and encouragement to every woman who currently feels overwhelmed or stressed with a life--and budget--that feels out of control. It speaks to the mom trying to juggle all the demands of a busy life with the pressure to keep up with those around her. It is a practical guide for those of us who often long to pull ourselves together but don't always know how. It is real, honest, packed with practical tips, and speaks to the heart of the matter--how can we live the life we've always wanted? Want to know if this book is for you? * Do you ever find yourself comparing your life to those around you? * Have you ever wished for the courage to follow your dreams? * Do you ever struggle to stay organized or get things done? * Have you ever felt loaded down with stuff you don't really need...or even really want? * Do you ever struggle to keep your finances on track? * Do you sometimes long for deeper, more authentic relationships in your life? If the answer to any of these questions is YES, this book provides real and practical solutions from someone who has been there. Ruth doesn't just offer advice, she walks it with you, and shares with brutal honesty her own mistakes, failures, and shortcomings. It is encouraging, motivating, and life-changing. What Others Are Saying: "An incredible book that will teach you how to spend smart without compromising a great life. Ruth's stories and practical advice will make you want to be a better mother, wife, sister, and friend." --RACHEL CRUZE, coauthor with Dave Ramsey of Smart Money Smart Kids "Ruth knows firsthand how mamas like us live crazy busy lives, and she steps in as a friend to help us manage and love every minute of it. She offers her best tips for gaining control over the chaos with wisdom-based insights on all things thrifty and family. I'll be reading it again and again!" --RENEE SPOPE, bestselling author of A Confident Heart

Family caregivers are the unsung heroes of the life-saving drama that's triggered by a cancer diagnosis. Nearly three quarters of American households will find themselves caring for a cancer patient at one point in their lives. This book is the first to capture their thoughts, feelings, and insights on a large scale. It is based on 101 formal interviews with non-professional caregivers (some of whom are cancer survivors themselves), covering 122 patients in 19 states and Canada who ranged in age from 2 to 92 and faced 40 different cancer diagnoses. Practical lessons drawn from caregivers' experiences are intermingled with their own words to forge a compelling narrative intended to help both patients and their family caregivers to understand and cope with the full range of issues they should anticipate as they fight the battle of their lives.

A revised and updated edition of the international bestseller Inspiring readers all over the globe to reimagine their future, this revised and updated edition of What I Wish I Knew When I Was 20 features new material to complement the challenges leaving the protected environment of school or starting a new career can be daunting. It is scary to face a wall of choices, knowing that no one is going to tell us if we make the right decision. There is no clearly delineated path or recipe to start can be a challenge. As head of the Stanford Technology Ventures Program, Tina Seelig's job is to guide her students as they make the difficult transition from the academic environment to the professional world--providing tangible advice. Seelig is a wildly popular and award-winning teacher and in What I Wish I Knew When I Was 20 she shares with us what she offers her students -provocative stories, inspiring advice, and a big dose of humility and humor. These pages are a window into the lives of students from the classroom to the boardroom, of individuals defying expectations, challenging assumptions, and achieving unprecedented success. Seelig throws out the old rules and provides a new model for reaching our potential. We discover how to have a successful career, how to recover from failure; and how most problems are remarkable opportunities in disguise. What I Wish I Knew When I Was Twenty is a much-needed book for everyone looking to make their mark in the world.

THE PERFECT GIFT FOR MOTHER'S DAY! Look at the front cover of any parenting book and what do you see? Glowing mothers-to-be, or pristine, beautifully-behaved children. But the reality is, your pregnancy might be a sweaty, moody roller coaster. You almost certainly spend the first few years of their lives covered in food, tears and worse. And the experience is no less magical for it. In this no-holds-barred collection of essays, prominent women authors, journalists and TV personalities share their experiences. Covering topics from labour to the breastpao, twins to IVF, weaning to post-birth sex, and with writers including Cathy Kelly, Adele Parks, Kathy Lette and Lucy Porter (and many more), Things I Wish I'd Known is a reassuring, moving and comforting read to mothers - and mothers-to-be - everywhere.

Across all industries and levels of organizations, one key leadership trait inspires and motivates more than any other: hospitality. We have all encountered inspirational leaders who've helped us, taught us, encouraged us, pushed us to get out there and become the best version of ourselves. What is it about their leadership styles that inspires us to do more for our team and our personal and professional growth? Turns out, we admire these leaders for the same reasons we love our favorite movies. They make us feel essential. Members of today's workforce--especially millennials and Gen Z--are looking for inspiring environments and work that truly fulfills them. Before anyone is compelled to do anything they first must feel. Spoken for! Taylor Scott knows that the most effective leaders approach their roles with heart, emotionally connecting with their team members before attempting to manage them. Scott draws from his two decades in leadership roles at respected companies to share the principles of gracious hospitality, translating them into actionable leadership lessons which apply in any industry, such as: • How making people feel welcome fosters loyalty and keeps workers engaged with an organization's purpose • How making people feel valued sparks workers' highest productivity • How making people feel comfortable encourages exploration, curiosity, and discovery while inviting everyone to lean into their creativity • How making people feel significant drives them to do more specific, practical steps you can take to put these principles into action. Scott shows how to connect, serve, engage, coach, and inspire your peers, teams, and even your own leaders. Lead with Hospitality is a call to action to connect with others and inspire teams, organizations, and companies to go to the next level.

From bestselling author Rebecca Sparrow, comes the little book of information that every young woman should read. Everybody knows finishing high school and deciding what to do next can be tough. Should you go to university? TAFE? Go to work? What world? Plus there's all the new pressures - like budgets, living out of home, making choices about a career you aren't sure of, relationships, eating well, making friends and ... the list goes on! So how do you get through it? Glad you asked. Find Your Tribe (and 9 other things I wish I'd known in high school) comes the follow-up book, Find Your Feet (the 8 things I wish I'd known before I left high school), a practical, humorous, guide for girls to help them navigate their path. This book will be invaluable and a must-read for those who need a little help in surviving the years after school.

Things I Wish I Knew

Women tell the truth about motherhood

Eight Things I Wish I'd Known About Polyamory

All the Things I Wish I Said

there are certain things i'd never say and certain things i'd silent pray things so secret raw and real things of truth or this of feel these are the things inside my head and all the things i wish i said Is my ordinary, everyday life actually significant? Is it okay to be fulfilled by the simple acts of raising kids, working in an office, and cooking chicken for dinner? It's been said, "Life is not measured by the number of breaths we take, but by the number of moments that take our breath away." The pressure of that can be staggering as we spend our days looking for that big thing that promises to take our breath away. Meanwhile, we lose sight of the small significance of fully living with every breath we take. Melanie Shankle, New York Times bestselling author and writer at The Big Mama Blog tackles these questions head on in her fourth book, Church of the Small Things. Easygoing and relatable, she speaks directly to the heart of women of all ages who are longing to find significance and meaning in the normal, sometimes mundane world of driving carpool to soccer practice, attending class on their college campus, cooking meals for their family, or taking care of a sick loved one. The million little pieces that make a life aren't necessarily glamorous or far-reaching. But God uses some of the smallest, most ordinary acts of faithfulness--and sometimes they look a whole lot like packing lunch. Through humorous stories told in her signature style, full of Frito pie, best friends, the love of her Me-Ma and Pa-Pa, the unexpected grace that comes when we quit trying to measure up, and a little of the best TV has to offer, Melanie helps women embrace what it means to live a simple, yet incredibly meaningful life and how to find all the beauty and laughter that lies right beneath the surface of every moment.

This set includes The Five Love Languages and Things I Wish I'd Known Before We Got Married. In The Five Love Languages, #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language--quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. In Things I Wish I'd Known Before We Got Married, the author writes, "Most people spend far more time in preparation for their vocation than they do in preparation for marriage." No wonder the divorce rate hovers around fifty percent. Bestselling author and marriage counselor Gary Chapman hopes to change that with his newest book. Gary, with more than 35 years of experience counseling couples, believes that divorce is the lack of preparation for marriage and the failure to learn the skills of working together as intimate teammates. So he put together this practical little book, packed with wisdom and tips that will help many develop the loving, supportive and mutually beneficial marriage men and women long for. It's the type of information Gary himself wished he had before he got married. The material lends itself to heart-felt discussions by dating or engaged couples. To jump-start the exchanges, each short chapter includes insightful "Talking it Over" questions and suggestions. And, the book includes information on interactivewebsites as well as books that will enhance the couples experience. Dr. Chapman even includes a thought-provoking appendix. By understanding and balancing the five key aspects of life, dating couples can experience a healthy relationship. A revealing learning exercise is included at the end.

Always read the little book' Charles Dunlap, MD. Dr Dunlap rolled a small library of about 30 books into his medical class and told them it was a monumental compilation of everything that was known about diabetes, published in 1920, before the discovery of insulin. He then held up a book of about 200 pages and said 'this was published in 1930, after the discover of insulin. 'Always read the little book'. Dabney Ewin has been teaching medical hypnosis for the past thirty years and in his experience he believes that a small book is likely to be a clear message by a knowledgeable author. This simple but immensely powerful book is a testament to all the ideas that Dr Ewin wished he had known about when he first starting practising hypnosis. He has sought to make this publication as little as possible, consistent with the message of seeking to take a complicated idea and presenting it in the simplest way.The words and phrases are designed to give any beginning or experienced student a foundation about the working of hypnosis. Divided into five sections with a comprehensive reference section for further reading, this book can be taken one page at a time from the beginning or browsed through randomly.

Things I Wish He Knew

Cancer and Kids

Dr. Gary Chapman has helped millions prepare for marriage. Now he helps you prepare for kids. Things I Wish I'd Known Before We Became Parents has one goal: prepare you to raise young children. Dr. Gary Chapman--longtime relationship expert and author of the #1 New York Times bestseller The 5 Love Languages--teams up with Dr. Shannon Warden--professor of counseling, wife, and mother of three--to give young parents a book that is practical, informed, and enjoyable. Together they share what they wished they had known before having kids. For example: children affect your time, your money, and your marriage--and that's just the beginning. With warmth and humor they offer practical advice on everything from potty training to scheduling, apologizing to your child, and keeping your marriage strong... all the while celebrating the great joy that children bring. From the Preface: "Our desire is to share our own experiences, as well as what we have learned through the years, as we have counseled hundreds of parents. We encourage you to read this book before the baby comes, and then refer to its chapters again as you experience the joys and challenges of rearing children." -- Dr. Gary Chapman

The author shares her experiences in a life dedicated to raising a large family at a time when homemaking and childrearing tend to be considered less desirable than paid employment

Life is full of lessons learned, and the earlier we learn them, the more fulfilling the remainder of our lives can be. The Christian life has a unique set of lessons. All of us face the daily challenges of discerning God's will and reconciling the ultimate source of truth and guidance--"the Bible"--with the influences and pressures of secular society. These challenges can be daunting, and the pathway to success can be tortuous and full of obstacles. In his well-articulated and entertaining take on some important lessons of the Christian life, author and songwriter Robert D. Smith, Jr. provides thought-provoking insights for those engaged in all phases of the faith journey--"from nonbelief to Christian maturity. He shares these life lessons by calling upon decades of experience in navigating the Christian walk and making decisions along the way, not all of them the best ones. He intersperses relevant lyrics from his thirty years of contemporary Christian songwriting into the text as a poetic complement to the narrative. His goal is for readers to learn the lessons it has taken him a lifetime to learn early enough in their lives to make a difference. Whether you are a skeptic, questioning the relevance of the Bible or even the existence of God; a new Christian seeking direction for your life; or a mature believer with years of devotion and service behind you; there is wisdom to be gained from reading this book. As long as we continue to breathe, there is always room to learn and grow. No matter how old you are or where you faith resides, these ten lessons will bring clarity to your path forward.

Whether you're just thinking about getting divorced, somewhere right in the thick of it, or working through post-divorce issues, this simple guide--full of great tips, lists and how-to's--will help you emotionally and practically. 37 Things I Wish I'd Known Before My Divorce is the result of countless hours of training, personal and professional experience, research, and collaboration. Carry it with you while you navigate this sometimes painful and exasperating, sometimes hopeful and energizing, life transition.--Back cover.

Swiss Life

From the #1 bestselling author of WHILE MY EYES WERE CLOSED, this funny, unputdownable read with a dark core will keep you gripped. 'I loved this book from beginning to end *****' The Sun When Claire Cooper was 15 she'd swear on her Wham! album that: big hair and rah-rah skirts were here to stay; Spandau Ballet would never split up; she would marry her idol, heart-throb footballer Andy Pailles. Fast forward 20 years and things haven't gone quite to plan. And when Claire discovers the 'dream list' she wrote as a teenager, she realises how far removed her life is from the one she'd imagined. Divorced, stuck in a dead-end job and dating an ambulance-chasing personal injury lawyer, she decides it's time to put her life back on track. But what really happened between Claire and her teen idol all those years ago? And is meeting him again the way to make her dreams come true? Or a terrible mistake?

There are things I feel every female should be taught as they grow into young women, things they will value their entire lives. It would seem like common sense that the most important and especially sensitive things females should know would come from the females closest to them. But sometimes, that just doesn't happen and the information comes from people you meet on your journey through life. Ive had some wonderful female mentors, teachers, friends and role models over the years who helped me through things only another female can. With the use of technology, especially cell phones, people have lost some basic communication skills over the years. Many people dont even like to talk, they would rather text or send an email. But so much is lost in translation with these methods. My belief is that young people truly want to be guided, even though they may act like they dont and rebel and fight against it at times. But when they dont get this guidance at all, or see that adults are reluctant to address certain things or worse avoid any conflict or difficult situations at all by just giving them whatever they want or turning a blind eye, teens lose even more respect for adults. So, I felt the need to find a way to provide some of this guidance in a format thats easy to access, understand, share and use. They are things I would readily communicate to any young woman Id meet. They are things I wish had been shared with me when I was developing into a young woman. My goal is to help with the good, the bad, and some of the in between. And also help possibly take away some of the confusion, frustration and upsets of the beginning stages of becoming a woman.

The cancer experience shakes most caregivers to their core. It is even more compelling and poignant when it involves children. Thousands of families each year face this shocking reality. Based on interviews with caregivers who have first-hand knowledge, this book is intended to help anyone facing a cancer diagnosis affecting a child, either as the patient or as a member of a family. It offers advice and cites resources to help discuss cancer with children of different ages, manage the impact of the disease on their daily lives, navigate treatment for kids with cancer, and deal with children's grief in the event of a death in the family.

Coping With Loss The grieving process: Ty Alexander of Gorgeous in Grey is one of the top bloggers today. She has a tremendous personal connection with her readers. This is never more apparent than when she speaks about her mother. The pain of loss is universal. Yet, we all grieve differently. For Alexander, the grieving process is one that she lives with day-to-day. Learning from her pain, Alexander connects with her readers on a deeply emotional level in her debut book, Things I Wish I Knew before My Mom Died: Coping with Loss Every Day. From grief counseling to sharing insightful true stories, Alexander offers comfort, reassurance, and hope in the face of sorrow. Coping with loss: In her early 20's reality smacked Ty in the face. She was ill equipped to deal with the emotional and intellectual rollercoaster of dealing with her mom's illness. Through her own trial and error, she found a way to be a caregiver, patient advocate, researcher, and a grieving daughter. She wrote Things I Wish I Knew before My Mom Died: Coping with Loss Every Day to help others find the "best" way to cope and move on, however one personally decides what that means.

Mourning and remembrance: In the chapters of this soul-touching book, mourners will find meaning and wisdom in grieving and the love that will always remain. Each chapter is a study and lesson in coping with loss: •Chapter 1: We've been duped, everyone dies! •Chapter 2: The truth about my moderately dysfunctional family •Chapter 3: The Art Of Losing •Chapter 4: The how of grieving •Chapter 5: How to be obsessively grateful •Chapter 6: Dear Mama

12 Secrets of the Good Life

Summary of Gary Chapman's Things I Wish I'd Known Before We Got Married by Swift Reads

The Million Little Pieces That Make Up a Life

Things I Wish I'd Known Before My Child Became a Teenager

Things I Wish I'd Known Before I Started Sailing

A simple, clear book about your career, relationships and the challenges of raising children, written with warmth, humor and words to inspire.

For many folks seeking to open up their lives and relationships, the road ahead is uncertain and foggy. Outside of traditional monogamy, relationship structure options and guidelines are often murky at best. This book seeks to demystify the basics of healthy, consensual non-monogamy by sharing the lessons learned from both Mixn and thousands of podcast listeners who have built successful polyamorous relationships. While each relationship may be different, some basic guidelines are helpful in constructing one's own version of polyamory, and the eight discoveries outlined in this book seek to provide just that.

Life in Switzerland. The not-made-for-TV version. In 2006, American Chantal Panozzo moved to a spa town near Zurich ready for a glamorous life as an expatriate. She would eat chocolate. She would climb mountains. And she would order cheese in four languages. Instead, she lived a life more in tune with reality than fantasy. Contrary to popular American belief, Switzerland isn't just a setting in a storybook called Heidi. It's a real place where someone with a master's degree in communications can't make a phone call, where you can be hired in one language and fired in another, and where small talk doesn't exist-but phrases like Aufenthaltskategorien von Drittstaatsangehörigen do. Swiss Life: 30 Things I Wish I'd Known is a collection of both published (The Christian Science Monitor, National Geographic Glimpse, Chicken Soup for the Soul Books, and Brain, Child) and new essays in which Chantal discovers that no matter how hard she wills her geraniums to cascade properly, she will never be a glamorous American expatriate-or Swiss."

The gap decade is that sometimes difficult transitional season young adults face in their twenties and early thirties. In this quirky and honest chronicle, Katie Schnack explores the common experiences of these unpredictable years between adolescence and adulthood, sharing how she has discovered a life full of grace and joys that can't be ordered via two-day delivery.

Things I Wish I'd Known Before We Got Married (2010) by Gary Chapman is a self-help book about heterosexual marriage. A healthy marriage requires not just love, but also teamwork—yet too many couples spend more time planning their weddings than planning how they will work as a team over time... Purchase this in-depth summary to learn more.

Help your child navigate the teenage years and become a mature adult. The transition from childhood to adulthood is hard for everyone. Physical changes--on the inside as well as the outside--make for a lot of ups and downs. The teenage years are turbulent, no question about it. But if you're a parent or caregiver, don't despair. There's a way through! Gary Chapman, beloved author of the 5 Love Languages(R), has raised two kids of his own, so he knows what it's like to ride the roller coaster of parenting teens. Now he combines the hard-earned wisdom of a parent with the expertise of a counselor to help you know what to look out for. You'll learn: That teens are still developing the ability to think logically That teens need to learn how to apologize and forgive And most importantly, that a parent's example is more important than their words Though the years ahead will be demanding, you don't have to feel helpless. Let Gary Chapman point the way you as you guide your child through this challenging yet rewarding new stage of life.

Also available from Linda Green: After I've Gone And Then It Happened While My Eyes Were Closed I Did a Bad Thing Ten Reasons Not to Fall in Love The Last Thing She Told Me

Life is full of valuable lessons, yet none more so than those passed from parent to child. Whilst mothers and fathers always mean to pass on their esteemed nuggets of wisdom, time and practicalities often get in the way. The time to fly the nest comes around quickly, and some of those lessons may come in handy. 50 Things I Wish I Told You captures all of these intentions, from practical lessons on how to make a bed, how to iron a shirt and how to rent your first flat to personal advice on the perfect handshake and making small talk. These are the lessons that would have been passed on had there been a few more hours in the day. Including amusing guides on how to curb bad habits and invaluable tips on keeping a plant alive, 50 Things I Wish I'd Told You is illustrated throughout by celebrated artist Laura Quick, with her characteristic drawings both poignant and comical. This book at once reassures, encourages, enlightens and amuses and is the perfect gift for any parent who didn't quite have enough time to declare all of their wisdom.

Things I Wish He Knew contains letters of truth, love and appreciation to the men that have brought us life. It holds words and thoughts that we haven't had a chance to say. Nevertheless, not saying them has left us "stuck" in one way or another. These letters have set us free from our past and complimented our present.

"Jerry has succeeded in describing the delicate balance between the technical-organizational aspects of teaching, and the relational, humanistic characteristics of the profession. It is gratifying to know that 'common sense' still plays a big part in the field of education." --Dave Shepard, Middle Matters, former vice president of the Kentucky Middle School Association "...an incredible blueprint for someone starting his or her career! Not only that, but...a great resource for teachers trying to improve their teaching and classroom management skills...needs to be used in college teacher-prep programs." --Tommy Hurt, Principal, The Georgetown Middle School "Dr. Jerry Parks truly understands teaching and learning at the middle school level. Teacher Under Construction: Things I Wish I'd Known! is a wonderful reading for beginning and experienced middle school teachers!" --Dr. Dallas Blankenship, Superintendent, Scott Schools, Georgetown, KY

Help your child navigate the teenage years and become a mature adult. The transition from childhood to adulthood is hard for everyone. Physical changes—on the inside as well as the outside—make for a lot of ups and downs. The teenage years are turbulent, no question about it. But if you're a parent or caregiver, don't despair. There's a way through! Gary Chapman, beloved author of The 5 Love Languages®, has raised two kids of his own, so he knows what it's like to ride the roller coaster of parenting teens. Now he combines the hard-earned wisdom of a parent with the expertise of a counselor to help you know what to look out for. You'll learn: That teens are still developing the ability to think logically That teens need to learn how to apologize and forgive And most importantly, that a parent's example is more important than their words Though the years ahead will be demanding, you don't have to feel helpless. Let Gary Chapman point the way you as you guide your child through this challenging yet rewarding new stage of life.

The 5 Love Languages/Things I Wish I'd Known Before We Got Married Set

Living Well, Spending Less
