East Harlem Remembered

Music from the Streets of New York 1927-77

This volume explores the significations and developments of the Salsa consciente movement, a Latino musico-poetic and political discourse that exploded in the 1970s but then dwindled in momentum into the early 1990s. This movement is largely linked to the development of Nuyolatino popular music brought about in part by the mass Latino migration to New York City beginning in the 1950s and the subsequent social movements that were tied to the shifting political landscapes. Defined by its lyrical content alongside specific sonic markers and political and social issues facing U.S. Latinos and Latin Americans, Salsa consciente evokes the overarching cultural-nationalist idea of Latinidad (Latin-ness). Through the analysis of over 120 different Salsa songs from lyrical and musical perspectives that span a period of over sixty years, the author makes the argument that the urban Latino identity expressed in Salsa consciente was constructed largely from diasporic, deterritorialized, and at times imagined cultural memory, and furthermore proposes that the Latino/Latin American identity is in part based on African and Indigenous experience, especially as it relates to Spanish colonialism. A unique study on the intersection of Salsa and Latino and Latin American identity, this volume will be especially interesting to scholars of ethnic studies and musicology alike.

From the Grammy-nominated singer, drummer, and percussionist who is world renowned for her contributions throughout the music industry, a moving memoir about the healing power of music and spiritual growth inspired by five decades of life and love on the stage. She was born Sheila Escovedo in 1957, but the world knows her as Sheila E. She first picked up the drumsticks and started making music at the precocious age of three, taught by her legendary father, percussionist Pete Escovedo. As the goddaughter of Tito Puente, music was the heartbeat of her family, and despite Sheila's impoverished childhood in Oakland, California, her family stayed strong, inspired by the music they played nightly in their living room. When she was only five, Sheila delivered her first solo performance to a live audience. By nineteen, she had fallen in love with Carlos Santana. By twenty-one, she met Prince at one of her concerts. Sheila E. and Prince would eventually join forces and collaborate for more than two decades, creating hits that catapulted Sheila to her own pop superstardom. The Beat of My Own Drum is both a walk through four decades of Latin and pop music—from her tours with Marvin Gaye, Lionel Richie, Prince, and Ringo Starr to her own solo career. At the same time, it's also a heartbreaking, ultimately redemptive look at how the sanctity of music can save a person's life. Having repeatedly endured sexual abuse as a child, Sheila credits her parents, music, and God with giving her the will to carry on and to build a lasting legacy. Rich in musical detail, pop, and Latin music history, this is a fascinating walk through some of the biggest moments in music from the '70s and '80s. But as Sheila's personal story, this memoir is a unique glimpse into a world-famous drummer's singular life—a treat for both new and longtime fans of Sheila E. And above all, The Beat of My Own Drum is a testament to how the positive power of music has fueled Sheila's heart and soul—and how it can transform your life as well.

*Why are some popular musical forms and performers universally reviled by critics and ignored by scholars-despite enjoying large-scale popularity? How has the notion of what makes "good" or "bad" music changed over the years-and what does this tell us about the writers who have assigned these tags to different musical genres? Many composers that are today part of the classical "canon" were greeted initially by bad reviews. Similarly, jazz, country, and pop musics were all once rejected as "bad" by the academy that now has courses on these and many other types of music. This book addresses why this is so through a series of essays on different musical forms and performers. It looks at alternate ways of judging musical performance beyond the critical/academic nexus, and suggests new paths to follow in understanding what makes some music "popular" even if it is judged to be "bad." For anyone who has ever secretly enjoyed ABBA, Kenny G, or disco, Bad Music will be a guilty pleasure!*

This is the first comprehensive historical retrospective on Las Villas of Plattekill and Ulster County ever written. Ulster County was first settled in 1652 and officially became a county in 1683. Its rural nature, scenic beauty, and the Catskill Mountains have made it a popular vacation destination since the 19th century. Described in numerous news articles as the Spanish Alps, Las Villas, as they were collectively known, was a lively enclave of Spanish, Puerto Rican, and other Hispanic summer resorts in Plattekill, New York, and the Catskill Mountains. Starting in the 1920s and for the next 60 years, the area became the most popular vacation destination for Latinos in the Northeast, with an emphasis on music, food, language, and customs.

Joe Conzo and David A. Perez luminously recreate the life of widely acclaimed Afro-Cuban and jazz musician Tito Puente in the biography "Mambo Diabolo - My Journey with Tito Puente." The authors chronicle the life of the popular and combative New York Puerto Rican multi talented musician and entertainer who climbed from his obscure and poor environment in East Harlem (El Barrio), New York to international fame and recognition. Countless stories have been written about Tito Puente's percussive musical abilities, but rarely has the talent, intuition, mishaps and controversies been presented in a vivid and personal biography. Joe Conzo was Tito's close friend, confidant and chronicler for nearly 40 years - no one was closer to Tito or knew him better, not even his family. Joe tells the story of a man and his music the way it has never been told. David A. Perez sets down Joe's personal recollections and fits them into the context of the social milieu and revolving world. Hundreds of articles have been written about Puente, and three books Powell, Josephine. Tito Puente - When The Drums are Dreaming, Authorhouse, 2007 (Information re: Tito is based on her conversations with Tito Puente. The book is self-published and chronicles many of his activities on the West Coast. There are many inconsistencies, mis-quotes, and errors of fact.) Loza, Steven. Tito Puente and the Making of Latin Music, University of Illinois Press, 1999 (A technical work that is based on interviews with people who knew Tito. The life of Puente is glanced over; the musicians he worked with are almost overlooked.)Payne, Jim. Tito Puente - The King of Latin Music, Hudson Music, 2000. (Is presented as an overview of Tito Puente's music and includes a DVD with footage of Tito discussing his 50-year career. Joe Conzo provided much of the information for this endeavor.) record some of his achievements. None of them touch on the personal life of the man, expose his weaknesses, reveal his intensity for perfection, and describe the musical brilliance in such a delicate and personal way. Joe and David reveal the inner Tito Puente through his music, his musical associations and present a man that is more than a flamboyant percussionist. Tito played piano - and he played it well. Tito played the saxophone and often sat in the sax section of his orchestra. Tito played the vibes and had an incomparable style that was exciting, romantic and jazzy. He composed about 500 tunes, probably more. And, yet in the realm of American jazz historians, writers and critics ignore, brush over and avoid the importance of Tito's music and his contributions. A prime example of this is Ken Burn's television documentary about jazz - he virtually ignores Afro-Cuban music, Afro-Cuban jazz. Joe and David reveal Tito's rightful place in the history of music and give an unbiased, on-the-mark portrait of Puente's complexities like no book before it. Author and journalist Pete Hamill sets the stage for the journey in the preface.

A penetrating and entertaining exploration of New York's music scene from Cubop through folk, punk, and hip-hop. From Tony Fletcher, the acclaimed biographer of Keith Moon, comes an incisive history of New York's seminal music scenes and their vast contributions to our culture. Fletcher paints a vibrant picture of mid-twentieth-century New York and the ways in which its indigenous art, theater, literature, and political movements converged to create such unique music. With great attention to the colorful characters behind the sounds, from trumpet player Dizzy Gillespie to Tito Puente, Bob Dylan, and the Ramones, he takes us through bebop, the Latin music scene, the folk revival, glitter music, disco, punk, and hip-hop as they emerged from the neighborhood streets of Harlem, the East and West Village, Brooklyn, the Bronx, and Queens. All the while, Fletcher goes well beyond the history of the music to explain just what it was about these distinctive New York sounds that took the entire nation by storm.

Depicts the life, art and brilliance of the King of Latin Music, describing the flamboyant percussionist's rise to international fame from his childhood in the poverty-stricken El Barrio and the influence he's had on generations of musicians.

Within one of the most complex musical categories yet to surface, Cal Tjader quietly pioneered the genre as a jazz vibraphonist, composer, arranger and bandleader from the 1950s through the 1980s. Reid tells the life story of a humble musician, written in a familiar, conversational tone that reveals Tjader's complex charisma. Tjader left behind a legacy and a labyrinth of influence, attested by his large audience and innovation that would change the course of jazz. Expanded and revised, this intimate biography now includes additional interviews and anecdotes from Tjader's family, bandmates, and community, print research, and rare photographs, presenting a full history of an undervalued musician, as well as a detailed account of the progression of Latin Jazz.

Latino History and Culture

*New York City has long been a generative nexus for the transnational Latin music scene. Currently, there is no other place in the Americas where such large numbers of people from throughout the Caribbean come together to make music. In this book, Benjamin Lapidus seeks to recognize all of those musicians under one mighty musical sound, especially those who have historically gone unnoticed. Based on archival research, oral histories, interviews, and musicological analysis, Lapidus examines how interethnic collaboration among musicians, composers, dancers, instrument builders, and music teachers in New York City set a standard for the study, creation, performance, and innovation of Latin music. Musicians specializing in Spanish Caribbean music in New York cultivated a sound that was grounded in tradition, including classical, jazz, and Spanish Caribbean folkloric music. For the first time, Lapidus studies this sound in detail and in its context. He offers a fresh understanding of how musicians made and formally transmitted Spanish Caribbean popular music in New York City from 1940 to 1990. Without diminishing the historical facts of segregation and racism the musicians experienced, Lapidus treats music as a unifying force. By giving recognition to those musicians who helped bridge the gap between cultural and musical backgrounds, he recognizes the impact of entire ethnic groups who helped change music in New York. The study of these individual musicians through interviews and musical transcriptions helps to characterize the specific and identifiable New York City Latin music aesthetic that has come to be emulated internationally.*

By 1930, Afro-Cuban music had gained a firm foothold in the city, setting the stage for the mambo, boogaloo, salsa and Latin-jazz scenes that followed. In this collection of profiles and essays, Max Salazar, perhaps the most eminent Latin-music historian in the United States, tells the story of the music and the musicians who made it happen, including Tito Puente, Machito, Tito Rodriguez, Charlie and Eddie Palmieri, Hector Lavoe and many others.*
