September 30th. As the seasons change in Academy City, so do the seasonal clothes. Mikoto Misaka, talented esper student of the elite Tokiwadai Middle School that stands above the hustle and bustle of the city, waits in front of the concert hall for her companion. But...he never arrives. There is no trace at all of that young man who was supposed to show up to accept his punishment game. Mikoto sighs as she cradles her too-thin schoolbag and the violin case she'd been holding all the while but now-- When Touma Kamijou and Mikoto Misaka finally cross paths, the school comedy that revolves around a punishment game will begin!

Repulsed by Mugino's treatment of Takitsubo, Hamazura, despite having no powers, decides to confront her. Meanwhile, Kakine Teitoku plots to kill Accelerator and take his place as the "prime candidate" in the plan in hopes of negotiating favorably with Aleister.

Lorraine Garvey, a beautiful but fiery Boston belle, learned her father was running a whorehouse he called a 'social club'. When he's hanged, she comes out west to sell it and is welcomed by Jude Bonner and three of the dirtiest -- and the sexiest -- cowboys she's ever seen. Afraid for her virtue, she puts on her chastity belt to protect herself, but promptly takes it off again when she can't resist their charms. What follows are countless nights of breathtaking kisses, erotic desires, and dirty imaginings while surrounded by wild heat, sweaty bodies, and strong doses of cowboy sex. When it's time to go home, she's faced with a decision. Will she go back to stiff-necked Boston and lace up her corset and naughty imagination, or stay in this wicked, untamed country where she was born and throw away her chastity belt?

Mikoto Misaka is a Level Five esper--one of the most powerful in Academy City. She's so powerful, in fact, that her DNA has been harvested to create a series of clones--the "Sisters." But who is behind these clones, and why would they go to such lengths? The sinister truth is nothing she or Touma could have imagined, and it involves the terrifying Accelerator, the most powerful esper of all time!

A certain unlikely hero... Touma Kamijou has the worst luck imaginable... Sure he's a citizen of Academy City, a scientific marvel of the modern world where superhuman abilities are artificially cultivated and commonplace, but when it comes to paranormal talent, Kamijou's been classified a Level Zero--a loser, basically. Oh, he does have one trick up his sleeve (literally), but even that's more trouble than it's worth. When Kamijou encounters a delusional young girl convinced she's a nun and raving about being chased by evil sorcerers, he's eager to send her on her way and get back to failing his studies. Fate, it would seem though, has other ideas, and he suddenly finds himself caught up in a supernatural intrigue with a girl named "Index" at the center! Science and magic collide in this first volume of one of the most popular light novel series ever penned!

Ozunu is the top student at the Kusanagi School of Magical Architecture, a high school dedicated to raising professional magical architects of the future. Their job is to apply feng shui and other spiritual methods in architecture to exterminate fiends and demons in Tokyo, where the protective feng shui seal has been broken due to wars and urban development. Being raised by a spider fiend, Ozunu has always tried to purify or return monsters to where they came from. Thus, he clashes with his rival Tsugaru, the heir to a magical architecture corporation, who believes strength is the key to everything.

Not so very long ago, the Death began stalking the continent. The King of Time issued a proclamation: "Find the source of this Death and seal it away." The source: the Dungeon of the Dead. A fortress city that arose at the mouth of the dungeon serves adventurers who seek companions, challenge the dungeon, battle, find loot... and sometimes die. You are an adventurer who has come to the fortress city in hopes of reaching the dungeon's lower-most depths--but can you and your party conquer the untold evils that lurk beneath the surface?
