*In The Outstretched Shadow, which was named by VOYA as Best Science Fiction, Fantasy, and Horror book for 2003, Mercedes Lackey and James Mallory introduced readers to The Obsidian Trilogy and a complex new fantasy world populated by humans, centaurs, elves, talking unicorns, and demons. The Golden City of the Bells, where only humans live, is ruled by the Mage Council, practitioners of High Magic---a powerful magic that is stable and reliable, though rigidly controlled and performed only by men. Outside the City's walls, humans and magical beings mix freely and call upon Wild Magic---a system sometimes erratic, always driven by desire and need, and performed by both men and women. Now, in To Light a Candle, the Demon Queen sends her forces against her human and elven enemies, sowing distraction and death. In the human City, the Queen's agents work to divide the Council and foment rebellion among the City's citizens. In the countryside, they target the most vulnerable and valuable---the young Elf Prince and the Wild Mages who might be the Demons' most dangerous enemies. To his own surprise, young Kellen, once the disappointing son of the great Mage who leads the City's Mage Council, has become a powerful*

Kellen's sister Idalia, a Wild Mage with great healing ability, has pledged her heart to Jermayan, a proud Elven warrior. Someday Idalia will pay a tragic Price for a world-saving work of Wild Magic, but until then, she will claim any joy life can offer her. Jermayan, who has learned much while fighting at Kellen's side and loving the human Idalia, finds that everything changes when he Bonds with a dragon while rescuing the Elf Prince and becomes the first Elven Mage in a thousand years. Furious at her enemies' success with the dragon, the Demon Queen attacks in force. Light struggles against Dark, like flickering candle flames buried deep in the shadow of Obsidian Mountain. Young Mages in training--all men, for women were unfit to practice magic--memorized the intricate details of High Magic and aspired to seats on the council. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures-Kellen both revels in and fears his new freedom. Especially once he learns about Demons. He'd always thought they were another abstract concept-a stand-in for ultimate evil. But if centaurs and dryads are real, then Demons surely are as well. And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting. Since their defeat in the last great War, they've been biding their time, sowing the seeds of distrust and discontent between their human and Elven enemies. *Two decades before the events of Partials, the world was locked in a different battle for survival: a global war for the last remaining oil reserves on the planet. It was for the Isolation War that the American government contracted the ParaGen Corporation to manufacture the Partials—our last hope in reclaiming energy independence from China. And it was on these fields of battle that the seeds of humanity's eventual destruction were sown. Isolation takes us back to the front lines of this war, a time when mankind's ambition far outstripped its foresight. Heron, a newly trained Partial soldier who specializes in infiltration, is sent on a mission deep behind enemy lines. What she discovers there has far-reaching implications—not only for the Isolation War, but for Partials and humans alike long after this war is over.
