a child. Every page also features a soft, furry, touch-and-feel texture to explore- great for stimulating senses and developing early motor skills.

Written by a child psychologist, this adorable touch-and-feel book introduces children to the concept of happiness and offers tips on how to make the most of this positive feeling. Recognizing and dealing with emotions is an important part of a child's development, and this tactile touch-and-feel book is an excellent introduction to the concept of happiness. Written by a child psychologist who specializes in children's emotions, Happy Bunny explores the ways that make the adorable bunny character feel happy, such as sharing a smile, being thankful for the small things in life, and cheering up a friend--which will always make one feel better, too! Includes a child-safe mirror so children can see exactly how they look when they're happy!

Rhyming text introduces letters of the alphabet, pairing each letter with a textured illustration of an object, action, or concept that begins with that letter. On board pages. See how I grow from a playful puppy into a big furry dog Woof, woof: read this together with your toddler and find out how I grow. Watch me get bigger in fantastic photographs bursting with colour, and share easy-to-follow words ideal for reading out loud to the very young. Plus, there are special stickers for lots of interactive, furry fun!

Pat the Puppy

An adorable and irresistible touch-and-feel board book for babies and toddlers, full of cute puppies to stroke and textures to explore. See the puppies doing the things puppies do, from eating and playing to cuddling and snoozing. On each double-page spread, there is a different texture to find, so you can stroke their ears or touch their noses, and the rhyming text makes the whole shared experience an enjoyable one for both parent and child.

Written by a child psychologist, this adorable touch-and-feel book introduces children to the concept of being afraid and offers tips on how to conquer the things that can make them feel fearful. Recognizing and dealing with emotions is an important part of a child's development, and this tactile touch-and-feel book is an excellent introduction to the concept of feeling afraid. Written by a child psychologist who specializes in children's emotions, Scared Puppy explores how Puppy feels when fear takes over, and offers tips on how to overcome that fear. Young children--and Puppy--learn that many times, things aren't quite so scary after all! Includes a child-safe mirror so children can see exactly how they look when they are feeling brave!

Invites young readers to feel the textures of animals, including puppies, elephants, starfish, and snails. On board pages.
