Old campers have an appeal that reaches back in time and can send your imagination soaring. Let's face it: they are cool. Who hasn't seen one parked on a boulevard with a "for sale" sign and pictured it bouncing along behind the family car, ready for

adventure and fun? Unfortunately, campers are not quite homes, they are not quite cars, and they have their own unique systems and demands that make fixing and upgrading a challenge. Even if you have plenty of DIY experience, a camper speaks a foreign language. Consider Camper Rehab your Rosetta Stone for the language of Shasta, Dutchmen, or Airstream. This book is a top-to-bottom guide to getting a fifth-wheel, teardrop, or other camper trailer ready for the road and beyond. From basic troubleshooting to electrical and plumbing projects, replacing interior surfaces, and clever (sometimes "retro") decorating ideas, this book uses detailed illustrations, color photography, and a wealth of step-

by-step, how-to information to get help you get your travel trailer into shape for your next big--or little--adventure. And in case you haven't pulled the trigger on that trailer you're eyeing on Craigslist just yet, Camper Rehab also walks you through the process of evaluating a potential purchase, identifying which issues are fixable and which are dealbreakers, as well as how to spot hidden problems. Written by accomplished DIY author Chris Peterson, whose light and approachable tone is coupled with the hardworking DIY information you need, Camper Rehab is a must-have for any camper owner or dreamer.

To consider purchasing a Travel Trailer, or any RV for that matter, it makes sense to investigate everything about the brand you are considering. All too often purchasing a travel trailer becomes an emotional decision rather than a decision based on functionality and reliability. We hope that this book serves as a guide so you can think through all of your needs prior to purchasing your travel trailer. There are many more considerations involved in purchasing a travel trailer than just the initial purchase price. Getting a great deal is fine, but

having a great deal and then being frustrated and disappointed is not very satisfying. A trailer that lacks your most important requirements will leave you wondering why you didn't spend more time shopping.

This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down's syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby's case, we have
