From the first locomotive built in 1804 to the high-speed bullet train, The Big Book of Trains is the perfect ebook for kids who love trains. Includes amazing facts and photographs of trains around the world, The Big Book of Trains covers the history of trains and train travel. Different types of trains are featured on their own spreads, and each page features multiple images to give a close-up view as well as informative text about each train. See the differences among monorails, passenger trains, and TGVs. Learn about pistons, fireboxes, boilers, and coupling rods, and find out exactly what they do to help the train travel down on the tracks. See key features of each train model and discover the difference between steam trains and diesels. Find out how trains are designed for certain jobs and tasks, including mountain trains, snow trains, and freight trains. Look at the biggest and fastest trains in the world. With incredible pictures and informative text, The Big Book of Trains is the essential ebook for young readers who want to know everything about trains.

How does a steam train work? What are bogie wheels? Why are there so many different kinds of wagons and coaches. Read this book and find out. The books in this series combine text with illustrations to fire the imagination.

In simple, powerful words and vibrant illustrations, Donald Crews evokes the rolling wheels of that childhood favorite: a train. This Caldecott Honor Book features bright colors and bold shapes. Even a child not lucky enough to have counted freight cars will feel he or she has watched a freight train passing after reading Freight Train. Donald Crews used childhood memories of trains seen during his travels to his grandparents' farm in the American South as the inspiration for this timeless favorite. New York magazine's The Strategist chose Freight Train as one of the "Best (Nonobvious) Baby Books to Bring to a Shower." As The Strategist stated: "The Caldecott Honor Book is spare and minimal in both art and text and follows the journey of a freight train and all its cars until it rolls off the page and into the distance. It's a good way to learn all the different names of train cars, too." Red caboose at the back, orange tank car, green cattle car, purple box car, black tender and a black steam engine . . . freight train. "Learn all about trains with this informative and fun sticker book"--Page 4 of cover. Provides ideas and techniques on creating scrapbooks for any occasion, and helps readers find the appropriate accessories and materials.
