DESTINOS is an innovative beginning Spanish program based on a 26-week television series premiering on PBS in the fall of 1992. The 52 half-hour shows of the series use the powerful appeal of a uniquely Hispanic genre -- the telenovela (soap opera) -- to make language and culture come alive. The situation and context of each episode introduce students to the basic structures, language functions and vocabulary groups of Spanish that are then presented in the print materials. (Most grammar explanations and exercises are in the workbook/study guides.) This complete one-year course is designed to help students develop communicative proficiency -- listening, speaking, reading, and writing -- as well as cultural awareness in Spanish. The plot of DESTINOS is designed to engage student viewers from the very beginning. A wealthy Mexican patriarch, nearing the end of his life, reveals a secret he has kept from his family for many years. His revelation leads to some important questions that must be answered before he dies. Raquel Rodríguez, a Mexican-American lawyer, embarks on a search for those answers, a search that takes her to Spain, Argentina, Puerto Rico, and back to Mexico. Students and viewers can join in the search -- learning Spanish and about the rich and diversified cultural context in which it is spoken throughout the world. This collection of essays by the historian and activist Aviva Chomsky includes work on topics ranging from immigration, to labor history, to popular culture. Chomsky's incisive prose brings the perspective of a historian to bear on current events in a way that adds depth and nuance to topics that are of the utmost importance at this moment in world history. Unwanted People fits into Chomsky's larger project to debunk the mythical history of the United States as a nation of immigrants or a melting pot. Her work uncovers centuries of racially motivated immigration policies that inform the current rhetoric surrounding immigration and displaced peoples. Her essays build on that foundation and expand into new territory. Exploring history as a discipline that works from the ground up rather than from the top down, Chomsky challenges the dominant narratives and gives voice to disenfranchised and unwanted people. Touching on topics from revolutionary violence and race to colonialism and its aftermath, this collection of lucid thoughts reveals the hidden histories of the people who shape our modern political and economic landscape.

The Multilayered Legacy of Africans in Latin America and the Caribbean

En rumbo is a new four-part intermediate Spanish course designed for students with a working knowledge of Spanish equivalent to O level/GCSE.

Beyond Slavery traces the enduring impact and legacy of the African diaspora in Latin America and the Caribbean in the modern era. In a rich set of essays, the volume explores the multiple ways that Africans have affected political, economic, and cultural life throughout the region. Focusing on areas traditionally associated with Afro-Latin American culture such as Brazil and the Caribbean basin, this innovative work also highlights places such as Rio de La Plata and Central America, where the African legacy has

been important but little studied. The contributors engage readers interested in the African diaspora in a series of vigorous debates ranging from agency and resistance to transculturation, displacement, cross-national dialogue, and popular culture. Documenting the array of diverse voices of Afro-Latin Americans throughout the region, this interdisciplinary book brings to life both their histories and contemporary experiences. Contributions by: Aviva Chomsky, Darién J. Davis, Dario Euraque, Sujatha Fernandes, David Geggus, Aline Helg, Ricardo D. Salvatore, Eduardo Silva, Jason Stanyek, Camilla Townsend, Bobby Vaughn, Ben Vinson III, and Judith Michelle Williams

Middle Eastern immigration to Mexico is one of the intriguing, untold stories in the history of both regions. In *So Far from Allah, So Close to Mexico*, Theresa Alfaro-Velcamp presents the fascinating findings of her extensive fieldwork in Mexico as well as in Lebanon and Syria, which included comprehensive data collection from more than 8,000 original immigration cards as well as studies of decades of legal publications and the collection of historiographies from descendants of Middle Eastern immigrants living in Mexico today. Adding an important chapter to studies of the Arab diaspora, Alfaro-Velcamp's study shows that political instability in both Mexico and the Middle East kept many from fulfilling their dreams of returning to their countries of origin after realizing wealth in Mexico, in a few cases drawing on an imagined Phoenician past to create a class of economically powerful Lebanese Mexicans. She also explores the repercussions of xenophobia in Mexico, the effect of religious differences, and the impact of key events such as the Mexican Revolution. Challenging the post-revolutionary definitions of mexicanidad and exposing new aspects of the often contradictory attitudes of Mexicans toward foreigners, *So Far from Allah, So Close to Mexico* should spark timely dialogues regarding race and ethnicity, and the essence of Mexican citizenship.

Monsignor Luigi Giussani (1922 – 2005) was the founder of the Catholic lay movement Communion and Liberation in Italy, which has hundreds of thousands of adherents around the globe. In The Life of Luigi Giussani Alberto Savorana, who spent an important part of his life working and studying with Giussani, draws on many unpublished documents to recount who the priest was and how he lived.

Giussani ' s life story is particularly significant because it shares many of the same challenges, risks, and paths toward enlightenment that are described in his numerous and influential publications.

Savorana demonstrates that the circumstances Giussani experienced and the people he encountered played a crucial role in defining his vocation. Illuminating details are shared about Giussani ' s parents, professors, and friends in the seminary, the things he read, his priesthood, his experience teaching, misunderstandings and moments of recognition, and illness. Luigi Giussani considered Christianity to be a fact, a real event in human life, which takes the form of an encounter, inviting anyone and everyone to verify its relevance to life ' s needs. This is what happened for so many people all over the world who recognized in this priest and leader, with his rough and captivating voice, not only a teacher to learn from, but above all a man to compare oneself with – a companion for the journey who could be trusted to answer the question: how can we live? In addition to providing the first chronological reconstruction of the life of the founder of Communion and Liberation, The Life of Luigi Giussani provides a detailed account of his legacy and what his life ' s work meant to individual people and the Church.

Celebrated as a classic work of historical literature, Life and Labor in the Old South (1929) represents the culmination of three decades of research and reflection on the social and economic systems of the antebellum South by the leading historian of African American slavery of the first half of the twentieth century. Life and Labor in the Old South represents both the strengths and weaknesses of first-rate scholarship by whites on the topics of antebellum African and African American slavery during the Jim Crow era. Deeply researched in primary sources, carefully focused on social and economic facets of slavery, and gracefully written, Phillips's germinal account set the standard for his contemporaries. Simultaneously the work is rife with elitism, racism, and reliance on sources that privilege white perspectives. Such contradictions between its content and viewpoint have earned Life and Labor in the Old South its place at the forefront of texts in the historiography of the antebellum South and African American slavery. The book is both a work of high scholarship and an example of the power of unexamined prejudices to affect such a work.
