From the bestselling author of *The Predators* □ Ball comes the story of the most flamboyant businessman and

He rewarded his favorite aides and sidekicks extravagantly; he courted Hollywood stars like Barbra Streisand and Steven Spielberg with luxurious gifts; he

charmed and out-smarted his rivals. Ross used whatever—or whomever—it took to romance someone into making a deal. He saved himself and let his best friend, Jay Emmett, take the fall in the government's Westchester Premier Theatre investigation. White Atari was hemorrhaging money in the early '80s,

Ross announced a stock buy-in to boost the price, and then sold off his own stock for a gross of more than \$20 million before announcing the company's failure. lead to his, and his company's, undoing. But it was those very attributes—combined with mathematical wizardry and vision (or what one friend called “the ability to see around corners”)—that enabled Ross to best most adversaries, outnegotiate every dealmaker, confound his critics, and ultimately create the Time Warner empire.
