

Treasures Of The Deep The Extraordinary Life And Times Of Captain Mike Hatcher

In Treasures from the Deep you will find eight stories written in honor of the Greek God Poseidon--Earthshaker, Lord of Horses, and God of the Seas. Some are mythic retellings while others are merely inspired by myth, and some are brand new, but all are the author's attempt to share her love for the god with you.

The famous legend of the Iron Door Mine, a forgotten mission and a lost city somewhere in the Santa Catalina Mountains, north of Tucson, Arizona, has lured prospectors and treasure hunters for hundreds of years. The discoveries of early Spanish placer mining sites, stone ruins, and stories of the mountains only fueled speculation about the riches still left behind. Common knowledge among the locals eventually gained legendary status. Even more surprising was the abundance in gold, silver, and copper etched into the mountains. These stories became embedded in Arizona ' s early history and were spun into some sensational legends and featured in numerous literary and film adventures. "Treasures of the Santa Catalina Mountains" explores the legends and history of the Catalinas, compiled from out-of-print books, magazines, newspapers and recollections from local prospectors. More than 430 pages and over 1,200 references.

Treasures of the Messiah is a personal journey with Yahshua (Jesus) that still continues. Since 2006, G-d opened my eyes to the hidden things of His word. Layer after layer of teaching and revelations, I finally realized that there is no end to the depths of G-d and the Messiah. In fact, I began learning so much that I started to forget the special and valuable treasures which the L-rd had hidden. So I began making notes and shared them with my uncles, George and Brian Herman. The excitement we had when a parable or a hidden word was opened to us. The learning became so vast that I decided to record it in a book and share with others. My uncles and I are pleased to give you the opportunity to receive the treasures the L-rd has so graciously given unto us. May you enjoy it as was have. I hope it is a pleasure for the Jewish reader and non-Jewish reader. The goal is to bridge the gap between both groups so both see the beautiful design and mysteries of the Messiah as a whole.

*This is a story about the lust for gold and treasure," Fine writes. In the 1600s and 1700s, Spain dominated the oceans with its fleet of galleons. Coming to the New World, these ships filled their holds with gold and silver and treasures beyond imagining. The seaway between Spain and the New World was dubbed The Golden Highway. On their journeys back across the seas, many were wrecked on reefs or destroyed by hurricanes. The watery depths now hold their treasures. Today, treasure divers seek their fortunes by attempting--sometimes successfully, sometimes fatally--to retrieve these hordes of riches. In Treasures of the Spanish Main, readers relive each voyage of long ago as well as witness the modern wreck diver's efforts to extract their secrets. Included are: The 1622 fleet * The Concepcion * The Maravillas * The Shipwreck of Jupiter Beach * The San Jose * the 1715 Fleet * and the 1733 Fleet The voyages of centuries ago come alive with Fine's excellent historical detail. Readers will experience the wild storms and the results of unfortunate choices made by long-ago sailors. The eccentric treasure hunters of today, along with those of the past, create a mosaic of suspense and drama on the high seas. A must for everyone interested in pirates, treasure, sailing, history, or just plain fun.*
