A Comparative

Study of Religions has been written by a scholar who has occupied himself with the subject of religion for over fifty years. But no finality can be claimed. e reason is that religion deals with what is transcendent in the sense that it deals

with what man is going to be.

Advaitism terms this futuristic end as becoming Brahman, Jainism as regaining one's pristine glory, theists as becoming gold fit for heaven. However, Bergson and other evolutionists would say that religion is a

collective and  
cooperative effort of  
men to become  
gods. This simply  
means the divinising  
of man what  
Aurobindo calls  
'supermind'. They  
refer to a state  
beyond human ills,  
beyond human  
infatuation and  
beyond the

befogging of human intellect. This is known in Jainism as sarvajnata. One thing is clear that fighting with other human beings in the name of religion is subhuman. As religious men, we are fellow travellers in the direction of the realm of spirit.

Human Peritus  
Here the nomenclature of Hindus, Muslims, Christians etc., ceases to be meaningful. Of course, we have to go very far and we have not made any beginning yet. However, at present, the advaitic principle of

differences

Brahman can serve the purpose of harmonizing all religions. Here we have adopted this principle. Secondly, the key concepts of different religions have been shown to mingle with one another.

This book has been  
written specifically for  
the students of BCom  
(Hons) of the  
University of Delhi in

Human Peritus  
accordance with its  
prescribed syllabus  
and that of School of  
Open Learning. Its  
basic features are the  
same as the mother  
book Cost Accounting  
—Principles and  
Practice, which is a  
UGC recommended  
text for the last many  
years. Thus, it gives a  
thorough grounding in

cost concepts, cost behaviour, and costing methods. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Every discussion involving conceptual difficulties is immediately followed by a numerical example.
