Lucasfilm Ltd

David Dyer's astonishing novel *The Midnight Watch* is based on the true story of the SS *Californian*, the ship that saw the *Titanic's* distress rockets and yet, unfathomably, did nothing. A psychological thriller. Sometimes the smallest of human failings can lead to the greatest of disasters. On a wretchedly cold night in the North Atlantic, a steamer stopped in an icefield sees the glow of another ship on the horizon. Just after midnight the first of eight distress rockets is fired. Why did the *Californian* look on while the *Titanic* sank? As soon as Boston American reporter John Steadman lays eyes on the man who stood the midnight watch on the *Californian*, he knows there's another story lurking behind the official one. Herbert Stone must have seen something, and yet his ship did nothing while the calamity took place. Now Stone, under his captain's orders, must carry his secret in silence, while Steadman is determined to find it out. So begins a strange dance around the truth by these three men. Haunted by the fifteen hundred who went to their deaths in those icy waters, and by the loss of his own baby son years earlier, Steadman must either find redemption in the *Titanic's* tragedy or lose

himself. Based on true events, *The Midnight Watch* is at once a heart-stopping mystery and a deeply knowing novel - about the frailty of men, the strength of women, the capriciousness of fate and the price of loyalty.

Episode 1 Ultimate Sticker Book 75-Copy

The current image of the Spanish conquest of America and of the conquistadores who carried it out is one of destruction and oppression. One conquistador does not fit that image, however. A life-changing adventure led Cabeza de Vaca to seek a different kind of conquest, one that would be just and humane, true to Spanish religion and law, but one that safeguarded liberty and justice for the Indians of the New World. His use of the skills learned from his experiences with the Indians of North America did not always help him in understanding and managing the Indians of South America, and too many of the Spanish settlers in the Rio de la Plata Province found that his policies threatened their own interests and relations with the Indians. Eventually many of those Spaniards joined a conspiracy that removed him from power and returned him to Spain in chains. That Cabeza de Vaca was overthrown is not surprising. His ideas and policies opposed the self-interest of most of the first Spaniards who had come to America. What is amazing is that he was able to inspire and hold support among many others in America, who remained loyal to him during his time in prison and after his return to Spain.
