

Understanding Annual Reports By William Pasewark

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

The Interpretation of Financial Statements

Over the years, the titles in this popular series have helped ordinary consumers understand principles of prudent money management as a key to personal financial security. Written by experienced financial and investment specialists, Barron's Business Keys use non-technical language that takes the mystery out of business practices. They offer up-to-date advice on saving, investing, seeking mortgages and other loans, protecting one's assets, coping with taxes, and managing many other money-related issues. This updated edition advises investors on how to cut through the public relations jargon, focus on the annual report's important facts and figures, and use that information to assess a company's financial health.
