An essential guide to building transformative movements to address the challenges of our time, from one of the country's leading organizers and a co-creator of Black Lives Matter. "Excellent and provocative ... a gateway [to] urgent debates." —Keegan-Yamahita Taylor, The New Yorker NAMED ONE OF THE BEST BOOK OF THE YEAR BY Time • Marie Claire • Kirkus Reviews In 2013, Alicia Garza wrote what she called "a love letter to Black people" on Facebook, in the aftermath of the acquittal of the man who murdered seventeen-year-old Trayvon Martin. Garza wrote: Black people. I love you. I love us. Our lives matter. With the speed and networking capacities of social media, #BlackLivesMatter became the hashtag heard 'round the world. But Garza knew even then that hashtags don't start movements—people do. Long before #BlackLivesMatter became a rallying cry for this generation, Garza had spent the better part of two decades learning and unlearning some hard lessons about organizing. The lessons she offers are different from the "rules for radicals" that animated earlier generations of activists, and diverge from the charismatic, patriarchal model of the American civil rights movement. She reflects instead on how making room amongst the woke for those who are still awakening can inspire and activate more people to fight for the world we all deserve. This is the story of one woman's lessons through years of bringing people together to create change. Most of all, it is a new paradigm for change for a new generation of changemakers, from the mind and heart behind one of the most important movements of our time.

In Understanding the Purpose and Power of Authority, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-draining emorery and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain "level" in life can exercise it. They don't believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we're authorized to do by our inherent purposes. You have a God-given calling to develop your own personal authority to carry out your unique purpose in life.

Is Heaven on Earth Really Possible? When we struggle with defeat and discouragement, the Holy Spirit is the key to victory and peace. Best-selling author Dr. Myles Munroe shows how to bring order to the chaos in your life, receive God's power to heal and deliver, fulfill your true purpose with joy, be a leader in your sphere of influence, and be part of God's government on earth. We have access to the unseen world of the Spirit and can bring heavenly influence to earth. When you receive God's Spirit into your life, you will find that His gifts are your birthright. Receive the fullness of God's Spirit and start living in the spiritual power that God has promised you. "It is to your advantage that I go away, for if I do not go away, the Helper will not come to you; but if I depart, I will send Him to you" (John 16:7 NKJV).

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some

domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring. Best-selling author Myles Munroe examines cultural attitudes toward men and discusses the purpose God has given them.
