

Unexplained Disappearances Mysterious Deaths The Cryptic Clues Left Behind Creepy Tales Of Unexplained Mysteries

*'Gothic, claustrophobic, and wonderfully dark' GUARDIAN on Sam Hurcom's Thomas Bexley novels... The next stifling, atmospheric gothic crime novel following one of the world's first forensic photographers - for fans of The Woman in Black, The Silent Companions and Little Strangers. * * * * * 1905. A year after 'the affair' in Dinas Powys, Thomas Bexley has become a drunkard and recluse, haunted by terrible visions of the dead. But when news of a spate of extraordinary kidnappings reaches him, Thomas is shocked to learn that his dear friend and former mentor, Professor Elijah Hawthorn, is the lead suspect. Discovering a plea for help from Hawthorn claiming to have unearthed a gruesome conspiracy at the heart of the Metropolitan Police, Thomas embarks on a journey to prove Hawthorn's innocence. But wherever Thomas goes, he is followed by the dead, and as the mystery of Hawthorn's disappearance deepens, so too does Thomas's apparent insanity... How can Thomas be certain of the truth when he can't trust anybody around him, not even himself...? * * * * * Praise for Sam Hurcom: 'An intriguing debut' THE TIMES 'A promising debut - gothic, claustrophobic and wonderfully dark' GUARDIAN 'A sparkling debut from a name to watch...You might as well be in another world. This is top notch historical crime fiction, with a dash of the supernatural. A gorgeous book and a riveting tale' David Young The mysterious is all around us... UFOs, extraterrestrial encounters, baffling disappearances-Mysteries Uncovered investigates, without prejudice, some of the most notorious, disturbing, and enduring mysteries ever recorded. - UFO activity: the Roswell Incident, the Phoenix Lights, the Rendlesham Incident... - Alien abduction: the Barney and Betty Hill case... - Uncanny events: the missing crew of the Marie Celeste, the lost colony of Roanoke, the fate of Amelia Earhart... - Notorious disappearances: the cases of Lord Lucan and "D.B. Cooper"... For every instance rationalized away, there is another that defies explanation...*

Mysterious Horror Stories, Unexplained disappearances and Unsolved Murders! Warning: Please be aware. You'll learn about unexplainable mass murders, haunted hotels, phantoms of the night, and unsolved cold cases. --

Examines the world's most famous unexplained mysteries, including the Nazca Lines, Stonehenge, and Anastasia Romanov.

The Darkest Unsolved Mysteries

Alaska Mystery

The World's Strangest Unexplained Mysteries

100 Things They Don't Want You To Know

From The Netflix Series 'Unsolved Mysteries'

This engaging, myth-busting series seeks new explanations for the ghost stories, outlaw tales, haunted places, and unsolved mysteries that shaped a state's identity.

DIV Myths and Mysteries of Pennsylvania explores unusual phenomena, strange events, and mysteries in Pennsylvania's history. Each episode included in the book is a story unto itself, and the tone and style of the book is lively and easy to read for a general audience interested in Pennsylvania's history. /div

Seventy eerie, bewildering, and fascinating real-life stories--from the disappearance of Jimmy Hoffa to appearances by Bigfoot; from ghosts that haunt to psychics who help; from UFO sightings to ships that vanished, from murderers who got away to treasures found.

Real cases of perplexing disappearances, shocking murders and paranormal encounters fuel this gripping book Inspired by the recently released Netflix series Unsolved Mysteries, this book explains real and mysterious casess. I'm sure they will leave youa lot to think about, especially tonight, before you go to sleep. The victims say... "My hope is that there is somebody that's out there that knows the truth, give us a little help, that's what we're asking for. I kept saying... there's something bigger, i'm gonna find out." "We may have something more sinister going on, all these years, we never spoke of it... it just don't make sense, i just can't forget about it, i won't forget about it." Some witnesses only remember details... "I saw a lot of lights, all of a sudden, everything erupted loudly... i get goosebumps thinking about it." "His case needs to stay open, it should have never closed... i know something happened to him, i know somebody did something to him." "What were they hoping to accomplish? I'm here because I think there's hope, i really do... if you know something, please come out." There's something oddly alluring about an unsolved mystery. It's the eeriness of blatant secrecy of those involved; the unexplainable circumstances of how an event occurred; and the queasy knowledge that truth exists. That truth may never reach to the surface. The original production of Unsolved Mysteries had 582 episodes between 1987 and 2002, created by John Cosgrove and Terry Dunn Meurer, currently has new episodes since July. The new Unsolved Mysteries series retains the essence that made it so popular, maintains the chilling feeling that viewers loved about the original, while telling the stories through the lens of a Netflix documentary series. Each episode focuses on a mystery. This book addresses in written documentary format, certain events loaded with mystery or paranormal issues, a good starting point for conspiracy by addressing issues such as UFO sightings, or murders in mysterious circumstances. Merging the characteristic elements of the original series with an engaging, character-centred contemporary narrative, these new written episodes are based on the experiences of ordinary people who lived through unthinkable things: from the trauma of an unexplained disappearance or the bloody death of a loved one, to the horror of a paranormal and bizarre encounter. Accompanied by detectives and journalists, the relatives give clues, present theories and identify suspects, hoping that a reader will hold the key to solving the mystery.

CLUSTERS: Case of the Missing

True Stories of the Unsolved and Unexplained

Unexplained Michigan Mysteries

Gone at Midnight

These are two novellas about Hugo Barberra and his unique methods and subjects for investigation. In these segments Hugo focuses on the subjects of unexplained murders and unexplained disappearances. It makes for interesting tales. Unlike many writers seeking fans, Hugo does not blame unexplained missing persons on aliens or unexplained deaths on ghosts, but instead, finds logical reasons for deaths or people seemingly vanishing into thin air. In the first installment, "Superstition," it is the accumulation of bodies that causes Hugo to investigate Heddon House. In Ignis Fatuus, it is the lack of bodies that makes the author formulate a bizarre scientific reason bodies actually disappear from the realm of experience and evidence. While his answers cannot always be duplicated to be used in police investigation, they are sufficient enough to satisfy Hugo's own personal curiosity as a writer/television celebrity, who unravels myths and ancient mysteries for his millions of fans worldwide.

In this world where little we know about ourselves s and the universe that contains, in many cases of disappearances, the mystery that surrounds them is much more disconcerting that the very common reality of our daily lives.The death of a loved one is very painful, but because it is irreversible, it is only acceptance. When a person disappears, the question remains as to what would have happened to him and the search for him begins. Now imagine the great question that remains, when a large number of people disappear together from the same place . Centenas of thousands of them disappear every day in the world. Throughout history many have disappeared without a trace, creating mysteries that last for years, centuries, millennia. About sixty percent of these are never found. Thirty percent of them leave no trace.World history is full of unexplained disappearances, there is no region on earth where they have not been recorded.However, when this happens to a group of people, not leaving a trace is something so unusual, that in fact it deserves attention and thorough investigation. We are a family owned and operated business. The book tells the story of Veronica, a beautiful redhead in her early twenties, who decides to travel to Beijing with friends.They board a plane, and it never reached its destination. The searches that were made over the days, by the authorities, found no trace of it and after thirty days are officially closed.The flight took 230 people between passengers and crew. Reported as missing in an unknown situation, their family members have to face the harsh reality, accept the death of their loved ones.However, Ver ó nica grandfather, a retired policeman, determined to find the truth of the facts, isolates himself in Alaska, leaving his family behind and setting up a real research and investigation center there. His research reveals something surprising that will shake the lives of many and change the course of human history. The book Mystery in Alaska goes far beyond telling a story. Starting from the disappearance of Veronica and the plane where she was, the author goes deep into his research and investigations.

The searches that were made over the days, by the authorities, found no trace of it and after thirty days are officially closed.The flight took 230 people between passengers and crew. Reported as missing in an unknown situation, their family members have to face the harsh reality, accept the death of their loved ones.However, Ver ó nica grandfather, a retired policeman, determined to find the truth of the facts, isolates himself in Alaska, leaving his family behind and setting up a real research and investigation center there. His research reveals something surprising that will shake the lives of many and change the course of human history. The book Mystery in Alaska goes far beyond telling a story. Starting from the disappearance of Veronica and the plane where she was , the author goes deep into his research and investigations.He is convinced that the link between the various similar events throughout the history of our society, points to the occurrence of something much greater. The story itself is just the tip of an iceberg. The book mentions what the author considers the greatest genius this world has ever known, far ahead of his time, Nicola Tesla.[1]This one before the second world war did secret experiments and later, allying with Albert Einstein, they created the Philadelphia experiment. The author theorizes, that magnetic anomalies create passages to parallel worlds, which have always occurred in our uncontrolled world. Nicola Tesla and Albert Einstein, would have found a way to produce such anomalies, under control, with bargained use of technologies not originated from the land. [2]Such control made it possible to send objects and people to both the past and the future, very similar to what is narrated in the book Operation Trojan Horse, with a difference in sending people to other planets. However, considering having control of these anomalies is a big mistake. The author exposes part of his research in the book, which underlies his theory. The whole book revolves around the disappearance of people and objects, investigations and research, within a story, pointing out mysterious events that have always occurred on planet Earth. The book also theorizes that through the profound interconnection of events, when solving the case of Veronica's disappearance, all other mysterious disappearances throughout human history on earth , by chain reaction, would be clarified.

The case that captivated a nation and inspired the Netflix series Crime Scene: The Vanishing at the Cecil Hotel! A Fortune Magazine "Most Anticipated Books of 2020" Selection A Goodreads Featured Release for February 2020 Oxygen's List of "Best True Crime Books of 2020" Selection "The Cecil Hotel in Los Angeles is a palpable presence in Gone at Midnight. Given the checked history of the Cecil Hotel (which was recently named to the Los Angeles registry of historic landmarks), I wouldn't rule out Jack the Ripper." --The New York Times "Outstanding...true crime buffs won't want to miss this gripping search for the truth." --Publishers Weekly STARRED REVIEW A Los Angeles hotel with a haunting history. A missing young woman. A disturbing viral video followed by a shocking discovery. A cold-case mystery that has become an internet phenomenon--and for one determined journalist, a life-changing quest toward uncomfortable truths. Perfect for Murderinos looking for their next fix... Twenty-one-year-old Vancouver student Elisa Lam was last heard from on January 31, 2013, after she checked into downtown L.A.'s Cecil Hotel--a 600-room building with a nine-decade history of scandal and tragedy. The next day, Elisa vanished. A search of the hotel yielded nothing. More than a week later, complaints by guests of foul-smelling tap water led to a grim discovery: Elisa's nude body floating in a rooftop water tank, in an area extremely difficult to access without setting off alarms. The only apparent clue was a disturbing surveillance video of Elisa, uploaded to YouTube in hopes of public assistance. As the eerie elevator video went viral, so did the questions of its tens of millions of viewers. Was Elisa's death caused by murder, suicide, or paranormal activity? Was it connected to the Cecil's sinister reputation? And in that video, what accounted for Elisa's strange behavior? With the help of web sleuths and investigators from around the world, journalist Jake Anderson set out to uncover the facts behind a death that had become a macabre internet meme, as well as a magnet for conspiracy theorists. In poring through Elisa's revealing online journals and social-media posts, Anderson realized he shared more in common with the young woman than he imagined. His search for justice and truth became a personal journey, a dangerous descent into one of America's quiet epidemics. Along the way, he exposed a botched investigation and previously unreported disclosures from inside sources who suggest there may have been a corporate conspiracy and a police cover-up. In Gone at Midnight, Anderson chronicles eye-opening discoveries about who Elisa Lam really was and what--or whom--she was running from, and presents shocking new evidence that may re-open one of the most chilling and obsessively followed true crime cases of the century.

Mistress of the Art of Death

An Odyssey of Unexplained Disappearances at Sea

Real-Life Supernatural Stories for Uncertain Times

Myths and Mysteries of Ohio

Myths and Mysteries of Illinois

The Inspector of Strange and Unexplained Deaths

Enduring mysteries from the Hoosier State Crime and tragedy have all too often disturbed the peace and stained the memory of Indiana's bucolic countryside. The small town of Dupont was thrust into the nation's spotlight in 1947 after a series of suspicious deaths were blamed on a well-known local housekeeper--suspected serial killer Lottie "Tot" Lockman. On a fall day in 1976, a Benton County farmer found an unusual package in his cornfield--a corpse. Dubbed "The Box Lady of Benton County," her identity remains a mystery. On September 13, 1989, Joseph Bova was killed outside of his Merrillville home when a pipe bomb rigged to his truck's ignition exploded. With no witnesses, suspects, or motive, his case remains unsolved. Author Autumn Boves explores some of Indiana's least-known unsolved cases.

A Sudoku championship tournament has come to Kate McDonald's small town in New Hampshire. She's thrilled for the opportunity to raise the profile of the Avondale Puzzle Museum, now that she's given up her think-tank career to restore the museum to its former glory. But the puzzle world isn't all quiet pencil scribbles. Intense rivalries are boiling over, the townspeople are facing off against the police, and a big storm is headed toward town. Then the current champion is found dead in a snowbank, and suddenly everyone's a suspect...and trapped in the town hall 'til the storm blows over...

Deceptively gorgeous, hypnotically inviting, the tropical Bermuda Triangle has lured thousands- not to their deaths but to eternal mystery. The Bermuda Triangle is the one true world mystery. It is not based on subjective claims. The ships and planes and the thousands they carried have vanished without trace. One man set out to find the truth.

Myths and Mysteries of Ohio reveals the dark and ominous cloud of mysteries and myths that hovers over the Buckeye State. This book offers residents, travelers, history buffs, and ghost hunters a refreshingly lively collection of stories about Ohio's unsolved murders, legendary villains, lingering ghosts, terrifying myths, and haunted places.

The national bestselling hit hailed by the New York Times as a "vibrant medieval mystery...[it] outdoes the competition." In medieval Cambridge, England, Adelia, a female forensics expert, is summoned by King Henry II to investigate a series of gruesome murders that has wrongly implicated the Jewish population, yielding even more tragic results. As Adelia's investigation takes her behind the closed doors of the country's churches, the killer prepares to strike again.

Fans of Abir Mukherjee and Sarah Waters will love this gloriously macabre romp racing through the glitzy Versailles Palace by way of the shady criminal underworld of Paris on the brink of the revolution Everyone has secrets. Especially the king. When a gruesomely mutilated body is found on the squalid streets of Paris in 1759, the Inspector of Strange and Unexplained Deaths is called to the scene. The body count soon begins to rise and the Inspector is brought even further into a web of deceit that stretches from criminals, secret orders, revolutionaries and aristocrats to very top of society. In the murky world of the court of King Louis XV, finding out the truth will prove to be anything but straightforward.

Halloween Mysteries

A Novel

In every corner of this earth there are secrets. They are hidden in the dark edge of the woods, nestled in the cold stars, and staring out from a stranger's eyes. And whether they be demonic possession or an unsolved murder, the unknown has always haunted our dreams. From the hit podcast Unexplained comes a volume perfectly crafted for the curious, the cynical, and the not-easily-frightened. Richard Maclean Smith is the expert in the unknown, and humbly offers up ten tales of real-life events that continue to evade explanation. With these chilling stories comes the missing key: a connection to our own beliefs in science, superstition, and perception. What can a case of demonic possession teach us about free will? What can a cursed box show us about the act of storytelling? What can a supposed instance of reincarnation tell us about developing a concept of the self? Perhaps some things are just better left unexplained...

A gripping thriller of mystery and intrigue The suspicious death of a young Charlotte insurance underwriter brings Detective Mike Gabrielli to a posh uptown loft to investigate the crime. John Bryan, a brilliant, young executive from the Houston home office, is sent to Charlotte to covertly delve into the bizarre circumstances surrounding that death. The prior mysterious disappearance of one underwriter, the unexplained death of another, and notably suspected criminal activity within the Charlotte branch prompted Bryan's undercover assignment. Arriving in the city, Bryan runs into his old college roommate, Gabrielli. The perchance meeting ends with a reunion dinner where Bryan sees a beautiful lady in a red dinner dress that shakes his usually conservative persona. During dinner, the friends reminisce, but neither mentions the situation or events that will propel them down different and dangerous paths as they struggle to stop the murderer. At this time, the enamored Bryan has no

idea that his search into the terrifying and foreboding underworld will uncover a deadly plot endangering the beautiful lady in red. The treacherous schemes of the elusive killer and his accomplices will keep you on the edge of your seat as you journey through the twists and turns of this gripping story.

The Nutshell Studies of Unexplained Death offers readers an extraordinary glimpse into the mind of a master criminal investigator. Frances Glessner Lee, a wealthy grandmother, founded the Department of Legal Medicine at Harvard in 1936 and was later appointed captain in the New Hampshire police. In the 1940s and 1950s she built dollhouse crime scenes based on real cases in order to train detectives to assess visual evidence. Still used in forensic training today, the eighteen Nutshell dioramas, on a scale of 1:12, display an astounding level of detail: pencils write, window shades move, whistles blow, and clues to the crimes are revealed to those who study the scenes carefully. Corinne May Botz's lush color photographs lure viewers into every crevice of Frances Lee's models and breathe life into these deadly miniatures, which present the dark side of domestic life, unveiling tales of prostitution, alcoholism, and adultery. The accompanying line drawings, specially prepared for this volume, highlight the noteworthy forensic evidence in each case. Botz's introductory essay, which draws on archival research and interviews with Lee's family and police colleagues, presents a captivating portrait of Lee.

Fear in the Woods: Creepy Unexplained Encounters in the Woods. True Stories: Unexplained Disappearances & Missing people.Unexplained Encounters in the Woods: True Stories: Unexplained Mysteries.In 1603, a young country boy confessed to a court room in France, that he had carried out abductions of a number of children under the direct orders of 'The Lord of the Forest.' He said that he was a bond-slave to the 'Lord of the Forest,' who he described as a tall dark man, dressed all in black and who came riding upon a horse. But who is the Lord of the Forest....?Who, or What is behind the mass disappearance of hikers, campers, and travellers in the woods? Myths and Mysteries of Oklahoma reveals the dark and ominous cloud of mysteries and myths that hovers over the Sooner State. This book offers residents, travelers, history buffs, and ghost hunters a refreshingly lively collection of stories about Oklahoma's unsolved murders, legendary villains, lingering ghosts, terrifying myths, and haunted places.

Everyone has heard of Close Encounters of the Third Kind. But what about close encounters of the fatal kind? The field of UFOs is rife with unsettling examples of suspicious deaths. Accounts of accidents that might not have been accidents after all, abound. Researchers and witnesses have vanished, never to be seen again. Conveniently timed heart attacks are reported. Out-of-the-blue suicides that, upon investigation, bear the distinct hallmarks of murder, are all too common. And grisly deaths at the hands of both extraterrestrials and government agents have occurred. Highlights of Close Encounters of the Fatal Kind include: The strange saga of the incredible melting man. The UFO-related death of the first U.S. Secretary of Defense, James Forrestal. The mysterious disappearances of military pilots and their connection to UFOs. The connections between national security and the sudden deaths of UFO investigators. Getting too close to the cosmic truth about alien abductions, Roswell, and what the government really knows about UFOs can—clearly—be a deadly business. The government's latest admission of the existence of Area 51 is barely the tip of a very big iceberg. This book reveals the astonishing, known facts about real acts of villainy...and it probes the fascinating, missing facts that confound the law and are kept in a file marked 'unsolved'.

HORROR in the WOODS: Disappearing & Missing people. Unexplained Encounters: True Stories.: Unexplained Disappearances & Missing people. Strange & Unexplained Mysteries. People are going missing in the Woods, being taken, but by who, or what...? True tales of horrifying disappearances in the woods... and the possible answers behind it. The Woods will never be the same again...Steph Young has appeared on National radio shows including "Coast to Coast Am," "Midnight in the Desert," "Where did the road go?" "The Unexplained," & "Darkness Radio." Steph Young is an independent researcher, addicted to researching all Supernatural, Paranormal, Esoteric and enigmatic Mysteries. Each book seems to lead to further questions and searches for answers, as the Mysteries inevitably deepen & develop into ever more complex riddles in the spectrum of the Unknown....Creepy true tales of strange disappearances in the woods, unexplained vanishings & mysterious Deaths. Creepy Mysteries of the Unexplained. Unexplained Disappearances & Missing people; True Stories.....Things can get strange when you're alone in the woods....and something in the woods is taking People; something unknown that we cannot define; something that others have had the misfortune to encounter. People snatched soundlessly, never to be seen again. Or returned; dead. A strange and highly unusual predator. Highly intelligent. Very successful. And able to overpower someone in an instant.... This is a puzzle. An often deadly one. People are disappearing in the Woods. Screams heard in the distance; or, just ominous silence... The primal fear of something dangerous lurking, coming closer.....For some people, this can turn into a deadly reality. For those left behind, there is only confusion, fear, panic.....The Woods will never be the same again....

Notes on Your Sudden Disappearance

An Unexplained Death

The Mysterious Death of Elisa Lam

Part of our new and growing Myths and Mysteries series, Myths and Mysteries of New York explores unusual phenomena, strange events, and mysteries in New York's history. Each episode included in the book is a story unto itself, and the tone and style of the book is lively and easy to read for a general audience interested in New York history.

Seven year old Olivia Baxter and her dog vanish while playing in the front yard of her family's home. After a week of searching, Olivia's body was suddenly found in the closet, even after the police had thoroughly investigated the home. Ethan Franco is a troubled journalist working for the Washington Gazette. His inability to move on from the past has deflated the passion he had for his career, causing him to lose his edge. Frustrated with Ethan Franco, but not wanting to lose his once star journalist, Editor-in-Chief, Jameson Stone assigns him a story to cover as a last chance to prove he could be the reporter he once was. Ethan Franco begins his investigation into the mysterious death of Olivia Baxter and other unexplained disappearances, believing there may be a connection in the cases. No sooner did Franco begin his investigation then he realizes he is being tailed by government agencies. Large footprints in the woods, strange sounds, foul stench, and a looming government presence become pieces of the puzzle in cases of the missing. Inspired by real events, the author of the Bohemian Grove trilogy and The Apocalypse brings forth a story that has been kept a secret for over a century -- a story that a large group of people are still trying to keep under wraps.

*****Real cases of perplexing disappearances, shocking murders and paranormal encounters fuel this gripping book*** Inspired by the recently released Netflix series Unsolved Mysteries, this book explains real and mysterious cases, I'm sure they will leave you a lot to think about, especially tonight, before you go to sleep. The victims say... "My hope is that there is somebody that's out there that knows the truth, give us a little help, that's what we're asking for. I kept saying... there's something bigger, i'm gonna find out." "We may have something more sinister going on, all these years, we never spoke of it... it just don't make sense, i just can't forget about it, i won't forget about it." Some witnesses only remember details... "I saw a lot of lights, all of a sudden, everything erupted loudly... i get goosebumps thinking about it." "His case needs to stay open, it should have never closed... i know something happened to him, i know somebody did something to him." "What were they hoping to accomplish? I'm here because I think there's hope, i really do... if you know something, please come out." There's something oddly alluring about an unsolved mystery. It's the eeriness of blatant secrecy of those involved; the unexplainable circumstances of how an event occurred; and the queasy knowledge that truth exists. That truth may never reach to the surface. The original production of Unsolved Mysteries had 582 episodes between 1987 and 2002, created by John Cosgrove and Terry Dunn Meurer, currently has new episodes since July. The new Unsolved Mysteries series retains the essence that made it so popular, maintains the chilling feeling that viewers loved about the original, while telling the stories through the lens of a Netflix documentary series. Each episode focuses on a mystery. This book addresses in written documentary format, certain events loaded with mystery or paranormal issues, a good starting point for conspiracy by addressing issues such as UFO sightings, or murders in mysterious circumstances. Merging the characteristic elements of the original series with an engaging, character-centred contemporary narrative, these new written episodes are based on the experiences of ordinary people who lived through unthinkable things: from the trauma of an unexplained disappearance or the bloody death of a loved one, to the horror of a paranormal and bizarre encounter. Accompanied by detectives and journalists, the relatives give clues, present theories and identify suspects, hoping that a reader will hold the key to solving the mystery. ****You might be interested:** Strangest Mysteries of the World and Beyond: <https://www.amazon.com/dp/B08KPXJX15>****

fontSize="+1"THE TRUTH IS OUT THERE . . ./font Who was Jack the Ripper? Where did the Nazis stash their gold? Who are the real Men in Black? Did aliens send the 'WOW' signal? A Mystery of Murder and Intrigue

Unsolved Indiana: Murder Mysteries, Bizarre Deaths & Unexplained Disappearances

An Unexplained Death is an obsessive investigation into a mysterious death at the Belvedere—a once-grand hotel—and a poignant, gripping meditation on suicide and voyeurism “The poster is new. I notice it right away, taped to a utility pole. Beneath the word ‘Missing,’ printed in a bold, high-impact font, are two sepia-toned photographs of a man dressed in a bow tie and tux.” Most people would keep walking. Maybe they’d pay a bit closer attention to the local news that evening. Mikita Brottman spent ten years sifting through the details of the missing man’s life and disappearance, and his purported suicide by jumping from the roof of her own apartment building, the Belvedere. As Brottman delves into the murky circumstances surrounding Rey Rivera’s death—which begins to look more and more like a murder—she contemplates the nature of and motives behind suicide, and uncovers a haunting pattern of guests at the Belvedere, when it was still a historic hotel, taking their own lives on the premises. Finally, she fearlessly takes us to the edge of her own morbid curiosity and asks us to consider our own darker impulses and obsessions.

In this chilling investigation of foul deeds and mysterious deaths, former police inspector, Peter N Walker leads the reader through this native countryside in search of the truth behind many unexplained mysteries and unsolved murders. Isolated moorland inns and quiet dales conceal memorable tales of passion and despair from ancient times right up to the present day. This wide-ranging and breathtaking collection of murders and mysteries are intriguing and informative, whether you know the North York Moors or not.
