### *Us History Chapter 26 Cold War Conflicts Powerpoint Notes*

*To the amazement of the public, pundits, and even the policymakers themselves, the ideological and political conflict that had endangered the world for half a century came to an end in 1990. How did that happen? What caused the cold war in the first place, and why did it last as long as it did? The distinguished historian Melvyn P. Leffler homes in on four crucial episodes when American and Soviet leaders considered modulating, avoiding, or ending hostilities and asks why they failed: Stalin and Truman devising new policies after 1945; Malenkov and Eisenhower exploring the chance for peace after Stalin's death in 1953; Kennedy, Khrushchev, and LBJ trying to reduce tensions after the Cuban Missile Crisis of 1962; and Brezhnev and Carter aiming to sustain détente after the Helsinki Conference of 1975. All these leaders glimpsed possibilities for peace, yet they allowed ideologies, political pressures, the expectations of allies and clients, the dynamics of the international system, and their own fearful memories to trap them in a cycle of hostility that seemed to have no end. For the Soul of Mankind illuminates how Reagan, Bush, and, above all, Gorbachev finally extricated themselves from the policies and mind-sets that had imprisoned their predecessors, and were able to reconfigure Soviet-American relations after decades of confrontation.*

*An American Chronicle: A Comprehensive History of the United States of America from 1941 through the Present is the second of a two-volume work on the social, cultural, political, technological and economic history of the United States. The volume covers events from 1941 to President Biden's inauguration on January 20, 2021. This first volume consists of 14 chapters offering a detailed, fact-based, year-by-year presentation of the key events that have marked American history. Each chapter begins with an introduction explaining how each successive period is bound to those which precede and follow. These books have been designed to serve as a convenient ready-reference and guide. Extensive contextualization and cross-referencing have been incorporated to assist the reader in making complex links between various events which are sometimes separated by decades or even centuries. This will help the reader understand developments which, at first glance, may appear totally unrelated. This technique aims to demonstrate the underlying continuity and cohesion which unifies US history.*

*In the late 1970s, the United States often seemed to be a superpower in decline. Battered by crises and setbacks around the globe, its post-World War II international leadership appeared*

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

*to be draining steadily away. Yet just over a decade later, by the early 1990s, America's global primacy had been reasserted in dramatic fashion. The Cold War had ended with Washington and its allies triumphant; democracy and free markets were spreading like never before. The United States was now enjoying its "unipolar moment"—an era in which Washington faced no near-term rivals for global power and influence, and one in which the defining feature of international politics was American dominance. How did this remarkable turnaround occur, and what role did U.S. foreign policy play in causing it? In this important book, Hal Brands uses recently declassified archival materials to tell the story of American resurgence. Brands weaves together the key threads of global change and U.S. policy from the late 1970s through the early 1990s, examining the Cold War struggle with Moscow, the rise of a more integrated and globalized world economy, the rapid advance of human rights and democracy, and the emergence of new global challenges like Islamic extremism and international terrorism. Brands reveals how deep structural changes in the international system interacted with strategies pursued by Jimmy Carter, Ronald Reagan, and George H. W. Bush to usher in an era of reinvigorated and in many ways unprecedented American primacy. Making the Unipolar Moment provides an indispensable account of how the post-Cold War order that we still inhabit came to be.*

*Rationalizing Capitalist Democracy*

*Major Problems in American History Since 1945*

*Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.*

*In Reagan and Gorbachev, Jack F. Matlock, Jr., gives an eyewitness account of how the Cold War ended, with humankind declared the winner. As Reagan's principal adviser on Soviet and European affairs, and later as the U.S. ambassador to the U.S.S.R., Matlock lived history: He was the point person for Reagan's evolving policy of conciliation toward the Soviet Union. Working from his own papers, recent interviews with major figures, and archival sources both here and abroad, Matlock offers an insider's perspective on a diplomatic campaign far more sophisticated than previously thought, led by two men of surpassing vision. Matlock details how, from the start of his term, Reagan privately pursued improved U.S.—U.S.S.R. relations, while rebuilding America's military and fighting will in order to confront the Soviet Union while providing bargaining chips. When Gorbachev assumed leadership, however, Reagan and his advisers found a potential partner in the enterprise of peace. At first the two leaders sparred, agreeing on little. Gradually a form of trust emerged, with Gorbachev taking politically risky steps that bore long-term benefits, like the agreement to abolish intermediate-range nuclear missiles and the agreement to abolish intermediate-range nuclear missiles and the U.S.S.R.'s significant unilateral troop reductions in 1988. Through his recollections and unparalleled access to the best and latest sources, Matlock*

*describes Reagan's and Gorbachev's initial views of each other. We learn how the two prepared for their meetings; we discover that Reagan occasionally wrote to Gorbachev in his own hand, both to personalize the correspondence and to prevent nit-picking by hard-liners in his administration. We also see how the two men were pushed closer together by the unlikeliest characters (Senator Ted Kennedy and François Mitterrand among them) and by the two leaders' remarkable foreign ministers, George Shultz and Eduard Shevardnadze. The end of the Cold War is a key event in modern history, one that demanded bold individuals and decisive action. Both epic and intimate, Reagan and Gorbachev will be the standard reference, a work that is critical to our understanding of the present and the past.*

*Project WhistleStop presents a collection of resources about the Marshall Plan. The European Recovery Program, or the Marshall Plan, which was proposed by American general and statesman George Catlett Marshall (1880-1959), was an effort to help Europe recover after World War II. The U.S. Department of Education sponsors the WhistleStop project, which provides access to materials from the Harry S. Truman Presidential Library.*

*The practise of outlining principles for the conduct of US security policy in so-called doctrines is a characteristic feature of US foreign policy. From an international lawyer's point of view two aspects of these doctrines are of particular interest. First, to what degree are the criteria for the use of force, as laid down in these doctrines, consistent with the limitations for the use of force in international law? Second, which law-creating effects do these doctrines have? Furthermore, the legal nature of these doctrines remains uncertain. These*

city of Leningrad—modern-day St. Petersburg—in a military operation that would cripple the former capital and major Soviet industrial center. Palaces were looted and destroyed. Schools and hospitals were bombarded. Famine raged and millions died, soldiers and innocent civilians alike. Against the backdrop of this catastrophe, historian Brian Moynahan tells the story of Dmitri Shostakovich, whose Seventh Symphony was first performed during the siege and became a symbol of defiance in the face of fascist brutality. Titled “Leningrad” in honor of the city and its people, the work premiered on August 9, 1942—with musicians scrounged from frontline units and military bands, because only twenty of the orchestra’s hundred members had survived. With this compelling human story of art and culture surviving amid chaos and violence, *Leningrad: Siege and Symphony* “brings new depth and drama to a key historical moment” (Booklist, starred review), in “a narrative that is by turns painful, poignant and inspiring” (Minneapolis Star-Tribune). “He reaches into the guts of the city to extract

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

In the peak postwar years of American Red-baiting, Chinese nationals and Chinese Americans were considered suspicious by the mainstream whether or not they were actually Communists. Far more than other immigrant or ethnic groups, Chinese Americans found that their political activism intersected with U.S. foreign policy, larger Asian American struggles for access to equal opportunity, the growth of Great Society programs, and the black civil rights movement, making for an exceptionally dense and fraught experience. This was particularly apparent in the two cities that saw the development of the largest and most prolific Chinese and Chinese American communities, New York and San Francisco each of which saw Chinese American men and women form political clubs, campaign both secretly and openly for an array of local, state, and federal politicians, serve in both parties bureaucracies, and push for racial equality and access to social welfare programs. Brooks highlights the many facets of Chinese American political culture in the postwar decades. The Chinese American community of New York, a city with a tradition of radical and leftist politics, contained both the founders of the Chinese Anti-Communist League and the communist sympathizers who ran the China Daily News. San Francisco's outspoken Chinese American liberals, meanwhile, worked to forge multiracial coalitions and encourage voting and moderate activism. Across this spectrum, Brooks focuses not only on political activism but on the meanings of political involvement vis-a-vis ethnic identity and Americanization."

In the United States at the height of the Cold War, roughly between the end of World War

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

It and the early 1980s, a new project of redefining rationality commanded the attention of sharp minds, powerful politicians, wealthy foundations, and top military brass. Its home was the human sciences—psychology, sociology, political science, and economics, among others—and its participants enlisted in an intellectual campaign to figure out what rationality should mean and how it could be deployed. *How Reason Almost Lost Its Mind* brings to life the people—Herbert Simon, Oskar Morgenstern, Herman Kahn, Anatol Rapoport, Thomas Schelling, and many others—and places, including the RAND Corporation, the Center for Advanced Study in the Behavioral Sciences, the Cowles Commission for Research and Economics, and the Council on Foreign Relations, that played a key role in putting forth a “Cold War rationality.” Decision makers harnessed this picture of rationality—optimizing, formal, algorithmic, and mechanical—in their quest to understand phenomena as diverse as economic transactions, biological evolution, political elections, international relations, and military strategy. The authors chronicle and illuminate what it meant to be rational in the age of nuclear brinkmanship.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to

The North Atlantic Pact

Give Me Liberty! An American History

A Comprehensive History of the United States of America from 1941 Through the Present

Reagan and Gorbachev

A Novel

How Reason Almost Lost Its Mind

Race and the Image of American Democracy

Offering a fascinating biography of a foundational theory, Amadae reveals not only how the ideological battles of the Cold War shaped ideas but also how those ideas may today be undermining the very notion of individual liberty they were created to defend.

In 1958, an African-American handyman named Jimmy Wilson was sentenced to die in Alabama for stealing two dollars. Shocking as this sentence was, it was overturned only after intense international attention and the interference of an embarrassed John Foster Dulles. Soon after the United States' segregated military defeated a racist regime in World War II, American racism was a major concern of U.S. allies, a chief Soviet propaganda theme, and an obstacle to American Cold War goals throughout Africa, Asia, and Latin America. Each lynching harmed foreign relations, and "the Negro

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

problem" became a central issue in every administration from Truman to Johnson. In what may be the best analysis of how international relations affected any domestic issue, Mary Dudziak interprets postwar civil rights as a Cold War feature. She argues that the Cold War helped facilitate key social reforms, including desegregation. Civil rights activists gained tremendous advantage as the government sought to polish its international image. But improving the nation's reputation did not always require real change. This focus on image rather than substance--combined with constraints on McCarthy-era political activism and the triumph of law-and-order rhetoric--limited the nature and extent of progress. Archival information, much of it newly available, supports Dudziak's argument that civil rights was Cold War policy. But the story is also one of people: an African-American veteran of World War II lynched in Georgia; an attorney general flooded by civil rights petitions from abroad; the teenagers who desegregated Little Rock's Central High; African diplomats denied restaurant service; black artists living in Europe and supporting the civil rights movement from overseas; conservative politicians viewing desegregation as a communist plot; and civil rights leaders who saw their struggle eclipsed by Vietnam. Never before has any scholar so directly connected civil rights and the Cold War. Contributing mightily to our understanding of both, Dudziak advances--in clear and lively prose--a new wave of scholarship that corrects isolationist tendencies in American history by applying an international perspective to domestic affairs. In her new preface, Dudziak discusses the way the Cold War figures

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

into civil rights history, and details this book's origins, as one question about civil rights could not be answered without broadening her research from domestic to international influences on American history.

Published to coincide with the twentieth anniversary of the fall of the Berlin Wall — a definitive and ground-breaking account of the revolutionary ideology that changed the modern world. The inexorable rise of Communism was the most momentous political phenomenon of the first half of the twentieth century. Its demise in Europe and its decline elsewhere have produced the most profound political changes of the last few decades. In this illuminating book, based on forty years of study and a wealth of new sources, Archie Brown provides a comprehensive history as well as an original and highly readable analysis of an ideology that has shaped the world and still rules over a fifth of humanity. A compelling new work from an internationally renowned specialist, *The Rise and Fall of Communism* promises to be the definitive study of the most remarkable political and human story of our times.

"Outstanding . . . The most accessible distillation of that conflict yet written." —The Boston Globe "Energetically written and lucid, it makes an ideal introduction to the subject." —The New York Times The "dean of Cold War historians" (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John Lewis Gaddis explains not just what

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, *The Cold War* stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of *On Grand Strategy*.

**A personal journey through some of the darkest moments of the cold war and the early days of television news Marvin Kalb, the award-winning journalist who has written extensively about the world he reported on during his long career, now turns his eye on the young man who became that journalist. Chosen by legendary broadcaster Edward R. Murrow to become one of what came to be known as the Murrow Boys, Kalb in this newest volume of his**

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

memoirs takes readers back to his first days as a journalist, and what also were the first days of broadcast news. Kalb captures the excitement of being present at the creation of a whole new way of bringing news immediately to the public. And what news. Cold War tensions were high between Eisenhower's America and Khrushchev's Soviet Union. Kalb is at the center, occupying a unique spot as a student of Russia tasked with explaining Moscow to Washington and the American public. He joins a cast of legendary figures along the way, from Murrow himself to Eric Severeid, Howard K. Smith, Richard Hottelet, Charles Kuralt, and Daniel Schorr among many others. He finds himself assigned as Moscow correspondent of CBS News just as the U2 incident—the downing of a US spy plane over Russian territory—is unfolding. As readers of his first volume, *The Year I Was Peter the Great*, will recall, being the right person, in the right place, at the right time found Kalb face to face with Khrushchev. Assignment Russia sees Kalb once again an eyewitness to history—and a writer and analyst who has helped shape the first draft of that history.

The definitive history of the Cold War and its impact around the

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

world We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have

## Download Ebook Us History Chapter 26 Cold War Conflicts Powerpoint Notes

been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.

Designed to encourage critical thinking about history, the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U.S. history. Each volume presents a carefully selected group of readings in a format that asks students to evaluate primary sources, test the interpretations of distinguished historians and others, and draw their own conclusions.

This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period. A team of leading scholars shows how the conflict evolved from the geopolitical, ideological, economic and sociopolitical environments of the two world wars and interwar period.

*For more than a century, no US adversary or coalition of adversaries - not Nazi Germany, Imperial Japan, or the Soviet Union - has ever reached sixty percent of US GDP. China is the sole exception, and it is fast emerging into a global superpower that could rival, if not eclipse, the United States. What does China want, does it have a grand strategy to achieve it, and what should the United States do about it? In The Long Game, Rush Doshi draws from a rich base of Chinese primary sources, including decades worth of party documents, leaked materials, memoirs by party leaders, and a careful analysis of China's conduct to provide a history of China's grand strategy since the end of the Cold War. Taking readers behind the Party's closed doors, he uncovers Beijing's long, methodical game to displace America from its hegemonic position in both the East Asia*

*regional and global orders through three sequential "strategies of displacement." Beginning in the 1980s, China focused for two decades on "hiding capabilities and biding time." After the 2008 Global Financial Crisis, it became more assertive regionally, following a policy of "actively accomplishing something." Finally, in the aftermath populist elections of 2016, China shifted to an even more aggressive strategy for undermining US hegemony, adopting the phrase "great changes unseen in century." After charting how China's long game has evolved, Doshi offers a comprehensive yet asymmetric plan for an effective US response. Ironically, his proposed approach takes a page from Beijing's own strategic playbook to undermine China's ambitions and strengthen American order without competing dollar-for-dollar, ship-for-ship, or loan-for-loan.*

*Celebrate one of the earliest science fiction novels by rediscovering Jack Finney's internationally acclaimed *Invasion of the Body Snatchers*—which Stephen King calls a story "to be read and savored for its own satisfactions," now repackaged with a foreword by #1 New York Times bestselling author, Dean Koontz. On a quiet fall evening in the peaceful town of Mill Valley,*

*California, Dr. Miles Bennell discovers an insidious, horrifying plot. Subtly, almost imperceptibly, alien life-forms are taking over the bodies and minds of his neighbors, friends, family, the woman he loves, and the entire world as he knows it. First published in 1955, this classic science fiction thriller about the ultimate alien invasion and the triumph of the human spirit over an invisible enemy has inspired multiple film adaptations and entertained readers for decades. This repackaged edition features a new cover by Hugo award-winning illustrator, John Picacio and a foreword by New York Times bestselling author, Dean Koontz.*

*With a new preface by the author Controversial in nature, this book demonstrates that the United States did not need to use the atomic bomb against Japan. Alperovitz criticizes one of the most hotly debated precursory events to the Cold War, an event that was largely responsible for the evolution of post-World War II American politics and culture.*

*The best-selling storytelling approach with tools that develop history skills.*

*The Cold War Origins of Rational Choice Liberalism*
