"The power source for Zhadan's writing is in its linguistic passion."—Die Zeit "One of the most important creative forces in modern Ukrainian alternative culture."—KulturSpiegel A city-dwelling executive heads home to take over his brother's gas station after his mysterious disappearance, but all he finds at home are mysteries and ghosts. The bleak industrial landscape of now-war-torn eastern Ukraine sets the stage for Voroshilovgrad, the Soviet era name of the Ukrainian city of Luhansk, mixing magical realism and exhilarating road novel in poetic, powerful, and expressive prose. Serhiy Zhadan, one of the key figureheads in contemporary Ukrainian literature and the most famous poet in the country, has become the voice of Ukraine's "Euro-Maidan" movement. He lives in Kharkiv, Ukraine.

At The Lucky Hand is an account of the different love stories that revolve around a very peculiar book: My Legacy, by Anastas Branica. At first glance, this is a book where there is no plot or characters, only descriptions. However, that is what makes it a self-sufficient space, a world that can only be inhabited by its readers, which Anastas has written in order to live, within the book, with his beloved. Through what Petrovic called " simultaneous reading ", it is possible to coincide with other people in the same book, and not only that, but also to live beyond what is simply written. Within this experience of reading-while-reading, participants are able to access a meeting place that is outside of reality. How else can we describe what happens to us when we read with true conviction, when books become life, palpable, manifested, when books become part of our physiology, when love is incarnated in the reading that two strangers

perform at the same time, hoping that time will be abolished by the mere fact of fixing their gaze on a page? In short, what the reader of this book will surely experience, along with all the other readers who coincide in the experience, will be a state of joyous stupefaction. Above all else, the book is a love letter to the power of literature.

After moving from Peru north of the Arctic circle to begin graduate school, Claudia Ulloa Donoso began blogging about insomnia. Not hers, necessarily – the blog was never defined as fact or fiction. Her blog posts became the bones of Little Bird, short stories with a nod to fervent self-declaration of diary entries and the hallucinatory haze of sleeplessness. Blending narration and personal experience, the stories in Little Bird stretch reality, a sharp-shooting combination of George Saunders and Samanta Schweblin. Characters real and unreal, seductive, shape-changing, and baffling come together in smooth prose that, ultimately, defies fact and fiction.

In 2015, Benjamin Villegas traveled to Texas in an attempt to write the biography of a music group that could have changed the history of rock: ELPASO, a Chicano band from the U.S.-Mexico border with a punk sensibility, a long since-defunct crew, and little left to remember it by but a suitcase of fanzines and one-off recordings. This is the story of one of the many bands that will never appear in rock n' roll history books, but is at the core of the scene; a band that earned its stripes from sweaty fans and self-taught rock aficionados in basements, garages, and small venues across the country. This is the story of two kids who came together to embrace the punk ethos of the 80's and be a part of the rock n' roll revolution sweeping the US, a world of the Ramones, Black Flag, and, of course, ELPASO. A literary triumph by one of Mexico's most promising young authors, *Red Ants* is the first ever literary translation from the Sierra Zapotec. This vibrant collection of short stories by Pergentino José updates magical realism for the 21st century. *Red Ants* paints a candid picture of indigenous Mexican life -- an essential counterpoint to cultural products of the colonial gaze. José's fantastical stories tackle themes of family, love, and independence in his signature style: unapologetically personal, coolly emotional, and always surprising.

A landmark literary event: the first novel by a female member of Oulipo in English, a sexy genderless love story.

Negotiations

Bella A pact made. Two orphans who vowed to never part. I was selfish-for once, I had to be. The last time I saw Callum he was standing at the dormer window as I sat in the back seat of a car. His dark eyes foreign to me. The hatred that radiated from his glare shot through me with more force than a silver bullet. In a matter of minutes he had become a stranger. No longer my best friend. He was now a boy with a hollow heart who was headed down a dark path. A path I knew I'd never cross again. Or, so I thought. CallumWe had a deal-always stay together. The day Bella left, I vowed I would find her. And when I did, she would feel what I felt as I watched her pull away into a new life, with a new family. Leaving me behind to endure a life that was wrapped inside the hands of a monster.It's been twelve years, but I've finally found her. Now it's time for her to bask in the darkness she's created inside of me.

Garr é ta's first novel in a decade follows the mania that descends upon a family when the father finds himself in possession of a concrete mixer. As he seeks to modernize every aspect of their lives, disaster strikes when the younger sister is subsumed by concrete. Through puns, wordplay, and dizzying verbal effect, Garr é ta reinvents the novel form and blurs the line between spoken and written language in an attempt to confront the elasticity of communication.

The Almond in the Apricot, a debut novel by Iranian-American Goudarzi, is about two individuals whose paths cross in the most unusual of ways: a woman coming to terms with the wreckage of her once-orderly life and a tween girl struggling to live an everyday in a war-torn country. Emma had the perfect trifecta: a long-term, albeit boring, job as an engineer in wastewater management; a steady relationship with her reliable boyfriend; and an adoring and creative best friend (about whom she wasn't quite ready to admit her unrequited feelings). However, after one crackling, long-distance phone

call, her world changed forever. Now she's having nightmares that threaten to disrupt the space-time continuum -- nightmares of hiding from missiles in basements, of glass shattering in the night from nearby explosions. But these nightmares, featuring a young girl named Lily, seem all too real, and Emma's waking life begins to be affected by the events that transpire in this mysterious wartime landscape. The Almond in the Apricot explores love, grief, and the possibility that the universe might be bigger than either Emma or Lily ever imagined.

'A Fairy Garland – Being Fairy Tales from the Old French' contains a collection of stories, written by Charles Perrault, Madame D'Aulnoy and Count Anthony Hamilton. These individuals were among the first writers to bring magical children's stories into the literary mainstream, proving to their original seventeenth century readers that such works were important, enjoyable, as well as thought-provoking. The stories in this particular text encompass favourites such as Perrault's 'Puss in Boots' and 'Riquet with the Tuft' as well as other less well-known classics such as D'Aulnoy's 'The Green Dragon', 'Princess Rosetta' and 'The Blue Bird' and Count Antony Hamilton's dazzling 'Mayblossom'. This edition of 'A Fairy Garland' further contains a set of dazzling coloured illustrations by a true master of the 'Golden Age'; Edmund Dulac (1882 – 1953). A French artist himself, Dulac had a particular affinity with these Old French tales as well as a rigorously painterly background. The end result was beautifully coloured images which further refined the wonderful stories of Perrault, D'Aulnoy and

Hamilton – all presented together in this book. Pook Press celebrates the great 'Golden Age of Illustration' in children's literature – a period of unparalleled excellence in book illustration. We publish rare and vintage Golden Age illustrated books, in high-quality colour editions, so that the masterful artwork and storytelling can continue to delight both young and old.

The 'Getting of Vellum' is inspired by Byron's creative collaboration with Dublin-based artist and calligrapher Denis Brown. The cross-fertilization of his inscribed and distressed vellum pieces in his series, The Word, and Byron's poems about the slaughtering of farm animals in her book, The Fat-Hen Field Hospital, has led to the creation of new work on both vellum and glass, as well as on the printed page.

It's 2017 and the End Days are coming, beings that were once human gathering to fight in one last great war for control of the Vellum - the vast realm of eternity on which our world is just a scratch. But to a draft-dodging Irish angel and a trailer-trash tomboy called Phreedom, it's about to become brutally clear that there's no great divine or diabolic plan at play here, just a vicious battle between the hawks of Heaven and Hell, with humanity stuck in the middle, and where the easy rhetoric of Good and Evil, Order versus Chaos just doesn't apply. Here there are no heroes, no darlings of destiny struggling to save the day, and there are no villains, no dark lords of evil out to destroy the world. Or at least if there are, it's not quite clear which is which. Here, the most ancient gods and the most modern humans are equally fate's fools, victims of their own hubris, struggling to save their own skins, their own souls, but sometimes . . . just sometimes . . . sacrificing everything in the name of humanity. "Vellum is a mind-blowing read that's genuinely like nothing you've ever read before. . . The imaginary worlds that he dreams up are stunning. . . Vellum has expanded fantasy's limits like nothing published in years." SFX

Chelsea Woodard's *Vellum*, a finalist for the 2013 Able Muse Book Award, propels the reader along new paths of discovery in the quotidian as in the mythical. Its scope is far-ranging: a flower press received as a gift in childhood, Tarot reading with a favorite aunt, unexpected reflections at a tattoo parlor, reminiscing about an old flame, the discovery of rare volumes at the local library, or auctioning off old toys on eBay.

Woodward's insights and sensibilities in the visual and performing arts are deftly realized in fine or broad strokes-as in "Coppélia," "The Painter and the Color-blind," "Degas's Nudes," or as in "Still Life," which muses that "It's difficult/ to give back life/ to what's been cut off from the living." Stories and scenes represented in popular artwork are reimagined in ekphrastics such as "Self Portrait as the Allegory of Painting." With excursions into the surreal, myth is made, lived or remade, as in "Philomela," "Pegasus" and "The Feral Child." This is an exquisite debut

collection that rewards the mind and senses with its formal impetus and deft musicality, its precise and lively language, its emotional compass. PRAISE FOR VELLUM: In her stunning first collection, Vellum, Chelsea Woodard offers us poems whose lucidity of attention grounds an imaginative realism where narrative becomes speculation, witness becomes mystery, and the body a space where desire and dread complicate compassion's summons to the social order. The honed music here thus reveals a deeper vulnerability. Such is its gift, the way in which poems might be rooted to the difficulty and heartbreak of the physical and yet apart, "their keel and gristle finally set/ into some deathless, disembodied flight." An astonishing book. -Bruce Bond

In addition to her emotional maturity, part of what makes these poems memorable is Woodard's obvious mastery of language, her flawless sentences, the surprising way those sentences function and "mean" within the lines, the lines within the forms. -Claudia Emerson (from the foreword)

Not the least of the attractions of this gifted young poet's first book is the exquisite, searing precision of her language-the obsessively exact diction; the tropes that map with such stunning accuracy the emotional contours of her narratives; the gestural, almost tactile quality of her syntax-all of these talents focused sharply on what Howard Nemerov said was the singular, most difficult achievement of poetry: "getting something right in language." I predict for Chelsea Woodard a long and enviable career. -B.H. Fairchild

When Mathilde's stepfather dies in Denmark, she is plagued by worries about the potential death of her American father on the other side of the Atlantic. In a

desire to catalog her love for, and memories with, her father, Mathilde travels to America and writes a novel about their relationship that she has always known she should write. Lone Star is about distances: the miles between a father and daughter; the detachment between Mathilde's Danish upbringing and her American family; the separation of language; and the passage of time between Mathilde's adulthood and the summers she spent as a child in St. Louis. These irrevocable gaps swirl as Mathilde voyages to meet her father in Texas to explore a relationship that still has time to grow. At once a travelogue and family novel, Lone Star occupies the often-mythologized landscape of Texas to share a story of being alive and claiming the right to feel at home, even across the ocean.

In the 1990's, Dallas was a basketball wasteland. Luckily for the city, along came Dirk Nowitzki, a towering Würzburg, Germany native with a cool efficiency and the ability to basket shots from seemingly impossible angles. Nowitzki spent his entire 21-season NBA career with the Dallas Mavericks, the longest tenure of any one player with one team in the league's history, and led them to their first and only NBA championship, while being named a 14-time All-Star, a 12-time All-NBA Team member, and the first European player to receive the NBA's Most Valuable Player Award. Zac Crain, award-winning journalist for D Magazine who moved to Dallas the same year that Nowitzki began his career in the city, memorializes Nowitzki's career through a lyric essay reminiscent of Hanif Abdurraqib's Go Ahead in the Rain that mixes with author's story with the basketball legend's, charting the highs and lows (and mostly highs) of the

Mavs' all-time statistical leader's career and what they mean to the city of Dallas and its now basketball-obsessed citizens.

Hal Duncan shattered the boundaries between genres with his stunning debut novel, Vellum, which shocked with the boldness of its ideas, seduced with the sensual beauty of its prose, and astonished with its imaginative sweep. Now Duncan returns with another epic tour de force that surpasses all expectations. Once, in the depths of prehistory, they were human.

*But in a moment of brutal transfiguration, they became unkin, beings who possessed the power to alter reality by accessing the Vellum: a realm of eternity containing every possibility, every paradox, every heaven . . . and every hell. The Vellum became a battleground where forces of order and chaos fought across time and space. The ultimate weapon in that bloody war spanning through history and myth, dreams and memory, was The Book of All Hours, a legendary tome within which the blueprint for all reality is inscribed, a volume long lost amid the infinite folds of the Vellum. Until, in 2017, it was found by Reynard Carter, a young man with the blood of unkin in his veins. Until Phreedom Messenger and her brother, Thomas, were swept up in an archetypal dance of death and rebirth. Until a hermit named Seamus Finnan found the courage to re-forged his broken soul, and a self-proclaimed angel called Metatron unleashed a plague of AI bitmites. Now, in the aftermath of the apocalypse, several survivors search desperately for the remnants of themselves scattered across the Vellum like torn pages, determined to use the blood of the unkin to rewrite The Book of All Hours, and to forge a new destiny for themselves and all humanity. Reality will never be the same. What makes a self? In her remarkable debut collection of poems, *Destiny O. Birdsong* writes fearlessly towards this question. Laced with ratchetry, yet hungering for its*

own respectability, *Negotiations* is about what it means to live in this America, about Cardi B and top-tier journal publications, about autoimmune disease and the speaker's intense hunger for her own body—a surprise of self-love in the aftermath of both assault and diagnosis. It's a series of love letters to black women, who are often singled out for abuse and assault, silencing and tokenism, fetishization and cultural appropriation in ways that throw the rock, then hide the hand. It is a book about tenderness and an indictment of people and systems that attempt to narrow black women's lives, their power. But it is also an examination of complicity—both a narrative and a black box warning for a particular kind of self-healing that requires recognizing culpability when and where it exists.
