

## *Verorja Rexhep Hoxha*

In 1945, Albania was an extremely under-developed nation compared to other countries in Europe. So in studying Enver Hoxha's forty-year reign (1945-85) it is necessary to recognize him as a leader who accomplished great things for Albania while concurrently enmeshing the country in policies that were not only counterproductive but self-destructive. This book studies a wide range of areas pertaining to Hoxha's impact upon Albania's development. O'Donnell shows that, while it is necessary to give Hoxha a mixed report card, he nonetheless enabled a small nation with a multitude of limitations to maintain its sovereignty and modernize through unorthodox methods.

For courses in Language and Culture, Anthropological Linguistics, and Language and Communication. Using data from cultures and languages throughout the world to highlight both similarities and differences in human languages this text explores the many interconnections among language, culture, and communicative meaning. It examines the multi-faceted meanings and uses of language and emphasizes the ways that language encapsulates speakers' meanings and intentions.

A collection of seventy beautifully reproduced black-and-white photographs by an acclaimed and controversial artist offers unique and artistic nude studies exploring youth, family, and intimacy in the modern world.

Programming Languages: Principles and Practices

***This text offers a clear seven-goal model for creating effective instruction in culturally diverse classrooms. The model, based on a set of field-tested planning questions, is linked to a series of curriculum case studies. Strong coverage of ethnic identity, empowerment, the social construction of knowledge, and equity-based learning.***

***The most comprehensive guide for sea kayakers of all levels First published in 1976, The Complete Book of Sea Kayaking is a comprehensive guide for the beginner and an invaluable reference book for the experienced sea kayaker. Originally penned by the late Derek C. Hutchinson, an international authority on sea kayaking, it describes equipment, basic and advanced techniques, weather and navigation, and is illustrated throughout by the author's own drawings and color photographs. This new 40th anniversary edition has been completely updated in line with the latest sea kayaking developments by Wayne Horodowich, a longtime friend of Hutchinson's and the founder of University of Sea Kayaking.***

***A brand-new edition of the popular illustrated guide to basic perspective drawing . . . Basic Perspective Drawing uses a clear and accessible visual format to help students and professional artists, illustrators, designers, and architects gain a firm and thorough grasp of the major principles and techniques of perspective drawing. Moving logically from simple concepts to specific tools and methods, it shows how to construct perspective views one step at a time, with illustrated examples that cover every key part of the process. This Third Edition comes with dozens of drawings that make it easy to learn by doing, plus all-new chapters on freehand sketching, scaling the human figure, shading techniques, computer applications, and more. An ideal coursework or self-study companion for students as well as a valuable reference for professionals, Basic Perspective Drawing, Third Edition provides an invaluable orientation and foundation for understanding the optical world and how it works.***

### ***Knjiga i svet***

The work of the linguist Charles A. Ferguson spans more than three decades, and is remarkable for having been consistently at the forefront of scholarship on the relationship between language and society. This volume collects his most influential and seminal papers, each having expanded the parameters of sociolinguistics and the sociology of language. Taken together, they cover a wide range of topics and issues, and, more importantly, reflect the intellectual progress of a founder of the sociolinguistic field. The volume is divided thematically into four sections, and an introduction by Thom Huebner outlines the evolution of Ferguson's ideas and the impact they have had on other scholars. This book is essential reading for everyone interested in the field of sociolinguistics.

Times have changed and the rules have changed, but financial security is still the goal. Do you know how to get there? There is a new reality out there—a new normal. What was once certain—that you would be able to retire comfortably, that you would pay for your kids' education, that your home would appreciate in value—is no longer a sure thing. So much has changed on the financial landscape that it's hard to know which moves are the right ones to make. Suze Orman's million-copy bestselling financial action plan—fully revised and updated—will show you the way. **NEW TIMES CALL FOR NEW RULES—AND THIS IS WHAT SUZE ORMAN'S ACTION PLAN DELIVERS:**

- up-to-date information on new legislation that could affect how you will achieve your financial goals
- an explanation of new FICO practices, and a new strategy for dealing with credit cards when you're trying to get out of debt
- sound advice about rebuilding your retirement plan, and what to do if you're already retired
- guidance on how to live within your means, and strategies to keep you on the path to achieving your

goals in this new age of financial honesty PLUS AN ALL-NEW CHAPTER ON KIDS AND MONEY—how to give your kids a solid financial education, no matter their age!

Kenneth Louden and Kenneth Lambert's new edition of PROGRAMMING LANGUAGES: PRINCIPLES AND PRACTICE, 3E gives advanced undergraduate students an overview of programming languages through general principles combined with details about many modern languages. Major languages used in this edition include C, C++, Smalltalk, Java, Ada, ML, Haskell, Scheme, and Prolog; many other languages are discussed more briefly. The text also contains extensive coverage of implementation issues, the theoretical foundations of programming languages, and a large number of exercises, making it the perfect bridge to compiler courses and to the theoretical study of programming languages. *Kaarle Krohn's Folklore Methodology was the first systematic attempt to state a method of studying folkloristic materials. For centuries scholars had collected folkloristic texts and had commented on them, but they had not tried to formulate a method of investigating folklore. Folklore Methodology became the handbook for the great Finnish School of folklore research. It provided for its students a guide to the geographical research of traditional materials, a radical departure from the literary scholarship that had dominated folklore studies. Krohn's book explores the causes and modes of folklore diffusion, development, and destruction; it outlines the influences that cause change in folklore; it provides valuable insights into the nature of folklore; and, finally, it develops geographic methods for analyzing, classifying, and reconstructing individual items from the folk repertoire. While many developments have taken place since Krohn first published his guide, important new concepts of folklore research sprang from his efforts. For this reason, Folklore Methodology is*

*mandatory reading for every serious student of folklore.*

*"Over 125 poetic companions for all life's ups and downs. The Buddha once told a disciple that good spiritual friends are the whole of holy life. The poems expertly gathered here offer all that one might hope for in such spiritual friendship: wisdom, compassion, peacefulness, good humor, and the ability to both absorb and express the deepest human emotions of grief and joy. The Poetry of Impermanence, Mindfulness, and Joy offers a wide-ranging collection of 129 ancient and modern poems unlike any other anthology on bookshelves today. It uniquely places Buddhist poets like Han Shan, Tu Fu, Saigyō, Ryōkan, Bashō, Issa, and others alongside modern Western poets one would not expect to find in such a collection--poets like Wallace Stevens, Robert Frost, Elizabeth Bishop, William Stafford, Denise Levertov, Jack Gilbert, Ellen Bass, Billy Collins, and more. What these poems have in common, no matter whether they are explicitly Buddhist, is that all reflect the essential truths the Buddha articulated 2,500 years ago. The book provides an important poetic complement to the many prose books on mindfulness practice--the poems here both reflect and embody the dharma in ways that can't be matched by*

*other modes of writing. Its unique features include an introduction that discusses the themes of impermanence, mindfulness, and joy and explores the relationship between them. Biographical notes place the poets in historical context and offer quotes and anecdotes to help readers learn about the poets' lives. A short essay at the back of the book on "Mindful Reading" helps readers approach the poems from an experiential, non-analytical perspective and illustrates the similarities between meditation and the mindful reading of poetry. Brehm also includes a guided meditation on sound that helps readers appreciate the sonic qualities of poetry and shows how the anthology might be used in ongoing spiritual practice"--*

Fully revised to incorporate recent developments, this fourth edition of *Understanding Global Security* analyses the variety of ways in which people's lives are threatened and/or secured in contemporary global politics. The traditional focus of Security Studies texts: war, deterrence and terrorism, are analysed alongside non-military security issues such as famine, crime, disease, disasters, environmental degradation and human rights abuses to provide a comprehensive survey of how and why people are killed in the contemporary world. This new edition features: Greater coverage of the evolving theoretical literature on security, including more analysis of critical theory perspectives and emerging schools of thought. Reflections on recent developments in the conflicts in Syria and Ukraine. New data and cases on poverty, hunger and depression and greater analysis of the social and political implications of the prolonged period of stagnation the global economy has gone

through. New content reflecting the recent resurgence in populist nationalism evident in the election of Trump in the USA, the UK's exit from the EU and the authoritarian turn taken in many countries. Analysis of the 2015 Paris climate change treaty and the international responses to recent pandemics such as Ebola and Zika A new section has been included on suicide, plugging a gap evident in the earlier editions. User-friendly and easy to follow, this highly acclaimed and popular academic textbook is designed to make a complex subject accessible to all and will continue to be essential reading for everyone interested in security.

Everybody wants to be loved. We all need affirmation, acceptance, and approval. Let's face it: It feels good to be appreciated and admired. But when we depend on the approval of others to feel good about ourselves, it's impossible to have emotional stability or a healthy self-image. And when our value is based on how people see us rather than God's unconditional love for us, our desire for approval can become an addiction. In **THE APPROVAL FIX**, #1 New York Times

bestselling author Joyce Meyer gives you practical insights that will help you learn how to accept who you are and become the unique individual God created you to be. You'll experience greater confidence, deeper emotional stability, and healthier relationships—the life you're really longing for. Today, discover the truth about God's love for you and approval of you. And enjoy the freedom to be the amazing person you can be in Him! Derived from material previously published in Approval Addiction.

The book examines Muslim–European interactions in the interwar period and provides original insights into the emergence of geopolitical and intellectual East–West networks that transcended national, cultural, and linguistic borders.

## **A Coming of Age**

For Engineering students & also useful for competitive Examination. The award-winning author of *To Wed a Highlander* “takes us on a very sensual romp back to the 14th-century Scottish Highlands” (Book Junkie, 5 out of 5 stars). Seven McTiernay brothers, each a highlander born to protect Scotland and her people, warriors known for their quick wits and quicker broadswords. The third brother, Cole, stared death in the face when he was only a boy . . . Now Cole McTiernay is a man. And though he resists them in every way, he has responsibilities. The wild northern Highlands need a laird who can guide them to peace. Cole has the army strong enough to accomplish this task. What he doesn't have is the desire—to be a leader among men. And so he is sent off on a fool's errand: a mission to retrieve something from the very Englishmen Cole has spent his life hating. When he finds that the “something” is a wild hellion, he balks, determined to make the return to Scotland as hard on her as it was for him to set foot on English soil. But though English herself, Ellenor Howell intrigues him with her fierce spirit, and Cole's heart, deeply locked away for so long, may be vulnerable at last . . . “An extremely engaging historical romance . . .

quite amusing, a bit charming, and a thoroughly enjoyable read.”—Fresh Fiction “Once again Sinclair demonstrates her ability to touch [fans’] minds and hearts, keeping them enthralled. Her deft handling of her characters’ emotional evolution, backed by her talent for presenting them in a plot that’s both witty and sensual, is captivating.”—RT Book Reviews

It’s the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito’s break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje’s citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order calling for the slaughter of the country’s goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? *The Time of the Goats* is the second novel in Luan Starova’s acclaimed multivolume Balkan saga. It follows the main characters from *My Father’s Books* and the tragicomic events of their lives in Skopje as the narrator’s intellectual father and the head goatherd become friends. As local officials clumsily carry out

absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje's poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, *The Time of the Goats* draws lyrically on Starova's own childhood.
