Insights: #1 Your
imagination is the
key to exploring
your Theater of the
Inside. It is a private
place deep within

yourself where you live, but few people ever visit. It is your Theater of the Inside, which plays constantly around the clock. #2 The theater is a giant circular space. We can see a domelike structure high above us. The stage is directly beneath the dome. The light

grows gradually
brighter as we enter,
and we begin to
make out a series of
doors all around the
back of the stage
that might be
dressing rooms. #3 I
was drawn to the
Universal Resource
Wheel on the other
side of the stage,
which held another
key for hope. It was

unlighted and covered in dust and cobwebs, as though it hadn't been used for a long time. #4

The Universal Should List is made up of all the things we should do, and it is usually the source of our guilt. The more we look around, the more we see, which is

natural. The important thing is to get yourself to look. Since Maria Gomori first met and studied with Virginia Satir in 1968, she has worked tirelessly around the world to fulfill Satir's dream of changing the world "one family at a time." In Satir Family Therapy in

Action, Maria presents five varied and impactful cases from a family therapy teaching project conducted in China in 2011 and 2012. Testament to the universality of underlying issues in cultures across the globe, the sessions will be inspirational both to parents and

families and to practitioners and students. They are masterclasses in the art of family therapy, demonstrating Maria's firm belief that change in families is always possible. Satir Family Therapy in Action also contains two personal essays, one on the

life and pioneering work of Virginia Satir, another on Maria's own involvement in the development of Satir's work in North America, Asia, and around the world. Each one of us has a medley of "faces" that composes our individual personality:

intelligence, anger, love, jealousy, helplessness, courage, and many more. We're often quick to judge these characteristics as either positive or negative, without recognizing that we need each of them in order to become fuller, more balanced human

beings. Originally written in 1978 by renowned psychotherapist Virginia Satir, the timeless classic *Your Many Faces* has been updated and reissued—and is as relevant today as ever. In a refreshingly candid style, Satir takes us on a lively and

insightful journey of self-discovery and transformation. We learn how to acknowledge, understand, and manage our many faces—and in doing so, open up a world of possibilities for ourselves. This new edition also features a compelling foreword by Mary
