Vision for GodThe Story of Dr. Margaret BrandDiscovery House Pub

Let’s be honest, the life you lead isn’t what you’ve always dreamt. And maybe the person you’ve become isn’t who you’ve always imagined. Sure, you can clean it up. You can work longer, love harder, and eat better. You can scrub the surface of your life until it gleams and still never address

the fact that somehow you lost sight of who you really are and what you’re living for. Is this the life you were meant to live? As the child of Nigerian immigrants in the UK, author and speaker Jo Saxton knows firsthand how quickly the world can cause us to doubt our dreams and question who we are. She understands how easily we can exchange our true child-of-God selves for an identity built on lies, guilt, and brokenness. In this powerful book, Jo examines Biblical figures and shares her personal story as she invites you to turn to the One who knows you intimately and loves you deeply. He sees all you’ve struggled to hide. He hears the voice inside you that others have silenced. He knows the potential and purpose that no one valued. He longs to redeem the story of your life and set you on the path to reclaim The Dream of You. Are you ready?

Take the next step in trusting God: Dream bigger. Every little boy has a dream of one day doing something great. You did too..a long time ago. But the distractions and disappointments of this world seem to have stolen your dream. That dream is still within you. And God is waiting to help you recapture it, expand it, and fulfill it. The Holy Spirit who lives within you is ready to give you the strength and wisdom you need to actualize your dream to advance of God’s Kingdom. Just as King David tapped into God’s power and dreamed of rebuilding the temple, you too can accept and embrace the vision God has given you. This compelling new book by Kenny Luck is a daring challenge to stand up and experience the powerful, personal vision of God for your life. And it’s a companion for you every step of the way. Dream is the second in a bold new series of resources for men like you who are ready to go to the next level in their faith–eager to make God’s vision a reality, and change the world. Look for the Dream Workbook– a hands-on guide for personal or group study!

“Leah Darrow uses her experience in the beauty industry to help the women of our culture see what true beauty looks like.” –Jennifer Fulwiler, host of The Jennifer Fulwiler Show and author of Something Other than God Do you feel like you’re never good enough? Like you should be living a more Instagram-worthy life? Are you exhausted by the impossible quest for physical beauty but still yearn for the validation of being chosen, valued, and deemed beautiful? Drawing on her experience on America’s Next Top Model and her work as a fashion model, Leah Darrow exposes the lies we are told about our worth being tied to our appearance and instead invites us to look again at the real meaning of beauty. She shows how we can reclaim true and lasting beauty–the kind that doesn’t depend on self-doubt, exploitation, or comparison–when we reflect God’s glory and embrace our value as he made us to be: strong, brave, and free. Only when we learn to see ourselves as God does can we leave behind our culture’s definitions and demands and find joy in The Other Side of Beauty.

Ugamboshhhhhh!!!!.. Mr. God exclaimed after completing his most magnanimous project “Holamposh”! Well he had been fantabulous in all his creations but after finishing “Holamposh” he really wanted to do something spectacular. After creating the universe and all the other interesting features in it, God was still not satisfied. So one day, he called some of his close friends to get their ideas on something interesting that could be created. They had an interesting discussion and one of the ideas that came up was to create something that is living. Something that grows, survives, and has a life cycle in particular...

The final book of the Bible, Revelation prophesies the ultimate judgment of mankind in a series of allegorical visions, grisly images and numerical predictions. According to these, empires will fall, the “Beast” will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Is there a gap between you and your dream? A few years back, Joel Malm had the idea to lead people on outdoor expeditions with a spiritual, God-centered focus. Following God’s lead, he created a vision map, started his organization, and made it happen. This book is a response to the question he often gets: How do you do something like that? Whether you want to start a business, raise a family, run a marathon, plant a church, restore a relationship, or climb a mountain, you can take practical steps to see your vision come to be. Vision Map is not a formula for overnight success, but it is a template to start anyone on the path to envisioning a God-given dream. God often gives us a difficult problem to solve, and we just need a push in the right direction to find the answer.

A New Vision of God for the 21st Century Discovering the Essential Wesley for Pastors and Other SeekersSTANLEY A. FRY The need for a book focused on John Wesley as a preacher has been apparent for some time. However, as fascinating as such an historical work would have been, its value for the preaching and teaching ministries of the church in the 21st century would have been very limited.The author has turned this study of Wesley’s preaching into a search for the preachable and teachable essence of Wesley’s message. That effort has required a bit of surgery on Mr. Wesley which is designed to fit his doctrine of salvation with a new vision of God and another vocabulary responsive to the spiritual sensitivities of the 21st century. The result includes a critique not only of Wesley but of some of the orthodox doctrines promulgated very early in the church’s history.Rather than write a memoir in his retirement, the author has chosen to write this homiletical essay as a testimony to his own spiritual journey. It is not a method book, but rather a message book.

This book was written to share Gods love by way of stories, inspiring messages, and more in hopes that the readers life will be changed and that he or she will be drawn to the book of the greatest stories ever written, stories that are the truth and inspired by God. Others have been inspired by these writings, and many others will. This book puts into story form Gods love and sometimes the wrath of God. It will touch your heart and the hearts of others.

Early Christians interpreted the biblical theophany narratives as manifestations of Christ, yet Augustine challenged and reconfigured this view. Developing over centuries into two major exegetical strands, the transformation of theophany interpretation reveals the critical and adaptive capacity of patristic exegesis.

The Missionary Vision of the Bible examines the foundational plot of the Bible: the story of God’s love for the world and the mission of God’s people to live out and proclaim this love. The emphasis is on the coherence of the biblical message from the beginning to the end.The author sheds light on the challenges of the church’s mission. He reflects on the plot of God’s narratives in search of God’s people and on God’s desire that the church will fulfills the call to demonstrate the love of God to the world.

Rediscovering Church is the candid story of Willow Creek Community Church’s phenomenal growth, from 100 members meeting in a Palatine, Illinois, movie theater to its present Sunday morning attendance of 15,000. Bill Hybels and his wife, Lynne, tell about Willow Creek’s beginnings, its struggles, the philosophy behind its success, and the strategies that have made it a model for church growth. The first half of the book, written by Lynne Hybels, explores the early years of Willow Creek and the personal accounts behind one of this century’s most remarkable church stories. It offers an honest look at the ways God has used both the strengths and weaknesses of His people, creating a church of believers who have had tremendous impact for Christ in their community. In the second half of Rediscovering Church, Bill Hybels helps you apply the strengths of Willow Creek’s ministry philosophy to your own congregation’s mission. From mission statements to developing leadership, making sound financial decisions, and handling growth, Bill stresses that God wants to build His church to be an effective and committed community of faith that reaches out to a hurting world, to be the body of Christ in real and tangible ways. Rediscovering Church draws on the experiences of Willow Creek to show how one fellowship crystallized its mission and methodology, its vision and values. The Willow Creek story provides an example that churches and individuals alike can turn to for inspiration, encouragement, and a means of uncovering the pattern for their own unique mission and ministry.

Do you really know your vision? Most churches have a mission or vision statement, but are stuck in a trap of generic communication. Just like a visionary restaurant needs a more specific focus than “serving food,” a visionary church needs something more than biblical generalizations like “loving God, loving people” or “making disciples and serving the world.” When a pastor doesn’t move beyond this broad sense of where the church is going, momentum is hard to achieve and sustain. The vision statement lacks meaning and people don’t feel empowered to support it. Planning becomes fruitless and the church continues with an “all things to all people” approach. In this groundbreaking work, based on 15 years and over 10,000 hours of church team facilitation, Will Mancini reveals the 12 basic templates for any church vision. By exploring these 12 kinds with biblical backgrounds and real-time church illustrations, your team will experience break-through clarity that makes focus more achievable. Progress doesn’t have to be difficult. This increased clarity will significantly advance a church leader’s inner confidence and outer credibility. It can pull your team together and bring unprecedented enthusiasm to your people. You are more of a visionary than you realize. Isn’t it time to really articulate your vision?

Nelson Lawrence Darrow Tutu has long been admired throughout the world for the harmony and grace he exhibited while encouraging countless South Africans in their struggle for human rights. In God Has a Dream, his most soul-searching book, he shares the spiritual message that guided him through those troubled times. Drawing on personal and historical examples, Archbishop Tutu reaches out to readers of all religious backgrounds, showing how individual and global suffering can be transformed into joy and redemption. With his characteristic humor, Tutu offers an extremely personal and liberating message. He helps us to “see with the eyes of the heart” and to cultivate the qualities of love, forgiveness, humility, generosity, and courage that we need to change ourselves and our world. Echoing the words of Martin Luther King, Jr., he writes, “God says to you, ‘I have a dream. Please help me to realize it. It is a dream of a world whose ugliness and squalor and poverty, its war and hostility, its greed and harsh competitiveness, its alienation and disharmony are changed into their glorious counterparts. When there will be more laughter, joy, and peace, where there will be justice and goodness and compassion and love and caring and sharing. I have a dream that my children will know that they are members of one family, the human family, God’s family, my family.” Addressing the timeless and universal concerns all people share, God Has a Dream envisions a world transformed through hope and compassion, humility and kindness, understanding and forgiveness.

Set goals, define your vision, and start living your dreams. It sounds like an easy formula, but you probably already know it’s not easy. But when you accept Jesus Christ as your Lord and Savior, you’ll be on the path toward victory. Jesus will help you craft a vision and help it come to life, including working with your family to launch a business. By sharing her life story and looking to the Bible for guidance, the author helps you : talk to family members to work on business ideas ; re-evaluate life goals in the midst of the coronavirus pandemic ; change your mindset, get a new attitude, dream big, and stay focused ; win hearts and enhance your leadership skills. The author also emphasizes the importance of surrounding yourself with the right people—high achievers that you can learn from and try to emulate. After all, the people you spend the most time with play a big role in stopping you or propelling you forward. Look at the world around you, decide what you want to change, and make it happen with Finding God’s Vision for Your Life.

*Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.*

*Over the past seventy years, World Vision has grown from a small missionary agency to the largest Christian humanitarian organization in the world, with 40,000 employees, offices in nearly one hundred countries, and an annual budget of over \$2 billion. While founder Bob Pierce was an evangelist with street smarts, the most recent World Vision U.S. presidents move with ease between megachurches, the boardrooms of Fortune 500 companies, and the corridors of Capitol Hill. Though the organization has remained decidedly Christian, it has earned the reputation as an elite international nongovernmental organization managed efficiently by professional experts fluent in the language of both marketing and development. God’s Internationalists is the first comprehensive study of World Vision—or any such religious humanitarian agency. In chronicling the organization’s transformation from 1950 to the present, David P. King approaches World Vision as a lens through which to explore shifts within post-World War II American evangelicalism as well as the complexities of faith-based humanitarianism. Chronicling the evolution of World Vision’s practices, theology, rhetoric, and organizational structure, King demonstrates how the organization rearticulated and retained its Christian identity even as it expanded beyond a narrow American evangelical subculture. King’s pairing of American evangelicals’ interactions abroad with their own evolving identity at home reframes the traditional narrative of modern American evangelicalism while also providing the historical context for the current explosion of evangelical interest in global social engagement. By examining these patterns of change, God’s Internationalists offers a distinctive angle on the history of religious humanitarianism.*

*Can God stir revival by his Holy Spirit, even in our culture today? Do we really believe he can? In a day of diminished expectations, A God-Sized Vision: Revival Accounts That Stretch and Stir recounts global examples of prior revivals, beginning with the Reformation and the Great Awakenings. It continues with the Welsh and Azusa Street revivals and those that occurred simultaneously in Asia, followed by the East Africa Revival of the 1930s. More recent revivals in North America that instigated parachurch or evangelistic ministries like those of Billy Graham and the revivals in China, particularly in Henan Province over the last forty years, give further evidence of church renewal. These stories enlarge our hearts, expand our minds, and empower our witness to the power of God at work in human history. Christians with a deep evangelical commitment who realize that there is more to church growth than field-tested techniques will expand their vision by remembering God’s vision, as it has been revealed throughout history. Hansen and Woodbridge mine these stories of renewal to suggest how to get ready for revival today.*

*What if Moses had never told anyone about the burning bush? What if Paul had kept quiet about his experience on the road to Damascus? What if John had never written a word of what he saw during his exile on Patmos? The Bible is filled with mystical stories, yet modern culture is often uncomfortable with the concept of spiritual visions. Though a recent study showed that as many as 44% of Americans have had some sort of mystical experience, people are frequently hesitant to share holy moments that might seem strange to others. But John Sunwalt discovered that whenever a small group is gathered together and a vision story is told, two or three others will recount a similar episode. Almost everyone has either a personal vision story or knows of a friend’s experience – and if they know that its sacredness will be honored, most people want to tell their story. This remarkable collection shares 69 authentic, life-changing narratives that witness to the Lord’s power and presence. Many of these intensely personal accounts have never been told before, and whether they concern visions, healing, or answers to prayer, they all demonstrate our spiritual thirst, as well as the indescribable joy, comfort, and peace that comes from encountering the divine. Each illustrates a scripture passage from Cycle B of the Revised Common Lectionary -- so Vision Stories is an especially valuable resource for lectionary preaching. But even more, it’s inspiring reading for personal devotion and spiritual growth. This wonderful collection of stories reminds us of a fact our world desperately needs to know -- that God is alive and well and ready to be at work in our daily lives. J. Ellsworth Kalas Author of New Testament Stories from the Back Side John Sunwalt has given us a treasury of God’s meetings with the daily lives of people. Too often we think of God as hidden away in the stories of the Bible. Here we see God now encountering people in surprising ways of grace. May these stories encourage us to tell one another our stories of God’s meetings with us as well. Dwight Judy Author of Quest for the Mystical Christ I am very impressed with Vision Stories as a resource for preaching, teaching, and spiritual formation reading. These stories help us to meet what may be the greatest spiritual need of our time -- to know and to share the experience of the reality of God and the spiritual realm in a materialistic world. Charles R. Gipson Author of The Three-Year Community for Spiritual Formation Through stories and scriptural comparisons, Sunwalt offers insight into the extraordinary spiritual experiences of ordinary people. Cheryl Kirking Author of Ripples of Joy A noted storyteller, John E. Sunwalt is the senior pastor of Wauwatosa Avenue United Methodist Church in Milwaukee, Wisconsin. Women comprise at least half the world, and usually more than half the church, but so often Christian teaching to women either fails to move beyond a discussion of roles or assumes a particular economic situation or stage of life. This all but shuts women out from contributing to God’s kingdom as they were designed to do. Furthermore, the plight of women in the Majority World demands a Christian response, a holistic embrace of all that God calls women and men to be in his world. The loudest voices speaking into women’s lives in the twenty-first century thus far come from either fundamentalist Islam or radical feminism. And neither can be allowed to carry the day. The Bible contains the highest possible view of women and invests women’s lives with cosmic significance regardless of their age, stage of life, social status, or culture. Carolyn Custis James unpacks three transformative themes the Bible presents to women that raise the bar for women and calls them to join their brothers in advancing God’s gracious kingdom on earth. These new images of what can be in Christ free women to embrace the life God gives them, no matter what happens. Carolyn encourages readers with a positive, kingdom approach to the changes, challenges, and opportunities facing women throughout the world today.

This book is a scripturally sound, strong prophetic call; one that is resounding and echoing around the world - to come back to God’s original heart and plan for women!

Imagine if every church were a community of believers dedicated wholly to God and growing together as followers of Christ. Is the atmosphere in your church one of peace or contention? Of joyful sacrifice or selfish ambition? It’s easy to get distracted by the problems in your church brought on by sinful and self-centered living. 1 Corinthians provides a guide for unity, service, and interaction with worldly culture. If any congregation knew about problems, it was the church in ancient Corinth. Yet, these principles are as relevant and helpful today as they were for the early church. In this practical, challenging book, you will discover : How to navigate the tricky relationship between the church and our the culture - How to answer questions about rights, preferences, and gray areas among believers - How to protect and promote unity in the church - Why love and truth rank higher than liberty and individualism Each chapter concludes with thought-provoking questions and a suggested action step so you can apply these truths to your own church community, ministry, and personal walk with God. God calls us not only into community with other believers, but unity as well. With community comes great challenges, as we are all sinners. Church Undivided details God’s vision for unity in His church and Paul’s guidance to create it within our own churches. About the author: Bob Ingle is the lead pastor at Waypoint Church in St. Charles, Missouri. For over a decade, he has faithfully preached the Word and equipped believers to serve God using their unique gifts. Pastor Ingle’s heart is to see people transformed by truth and engaged as faithful disciples of Christ in an authentic community.

According to George Barna, uncovering God’s vision for your ministry is not an option. It’s essential for the most productive ministry that will accomplish God’s goals for building his kingdom. Ministry leaders with a clear picture from God of where they are headed are more likely to experience a successful journey. In this book, Barna uncovers how God has shared his vision throughout history, how vision is different from mission, common practices that inhibit true vision, practical steps to inhibit true vision, and beliefs that God’s unique vision for them, and ways to share and promote congregational ownership of the vision.The Power of Vision There are many men and women who are waiting for the fulfillment of a God-given promise. Some are waiting with hopes of finding the right person to marry; others are just waiting for a change of some kind. There are plenty of books that address the “how to” of finding the right person, and even some on how to wait “patiently.” There are, however, not many books that address the reality of the frustration, anxiety and hopelessness many feel when their time of waiting goes from months to years... until now. In **THOUGH THE VISION TARRY: WAITING FOR MY PROMISED MATE**, Aleatha Dupree demonstrates, through her own powerful testimony, how God desires to use our time of waiting to protect us from making the wrong choices; to prepare us for what He has in store for us; to perfect us to fulfill His purpose and plan for our lives; and to pace us for the fulfillment of His time-released promises. If you have been waiting for God to fulfill a promise in your life and you find yourself becoming anxious or discouraged, this book will empower you to enjoy your wait.

As this story develops and we get to know its characters, it begins to pull back the curtain to reveal the spiritual world that often goes unnoticed while building to a stirring climax and to a life-saving question.” -Rabbi Reuel Dillon, Synagogue Chavurat HaMashiach “Zeke’s transformation of love, clarity, satisfaction is really compelling.” -Cindy Wood, Family Promise of North Idaho

N. T. Wright offers a comprehensive account and defense of his perspective on the crucial doctrine of justification. Along the way Wright responds to critics, such as John Piper, who have challenged what has come to be called the New Perspective. Ultimately, he provides a chance for those in the middle of and on both sides of the debate to interact directly with his views and form their own conclusions.

The Double Eagle is a future corporation that God will raise up to help Israel in her time of need. The timing of this occurrence and how it will come about is all in God’s plan and timing. In this book, The Vision of the Double Eagle: A Very Special Story, God has provided us, through a very compelling, thrilling, and unmistakable example, with a glimpse of how He will orchestrate all of this. Charles Miller’s rigorous and sensitive examination of Richard Hooker’s theology makes a valuable addition to the field of study of the cleric, one of the founding theologians of modern Anglicanism. Miller examines Hooker’s works in detail, leading the reader through different facets of his vision of God: creation, Scripture, the sacraments, and practices of Christian devotion. Hooker’s theology challenges an increasingly time-bound, relativistic approach to doctrine and truth; his sources were as wide, as ancient, and as modern as Hooker could make them. Miller’s thoughtful analysis is informed throughout by an understanding of the context of Hooker’s theological development against the backdrop of continental Calvinism and the remnants of Roman Catholicism in England. The growth of interest in Hooker among specialists has been accompanied by an abandonment of the serious study of Hooker’s thought among theological students, clergy and theologians. Miller’s work addresses thislack: Hooker’s insights must not be forgotten in the daily distribution of theological food to Christian people. A study which attunes readers to Hooker’s particular theological “voice” and teaches its value both in his own context and as a present-day interlocutor, this volume will be of great interest to Christians and theological students alike.

Winner of the Christianity Today Book Award in Theology/Ethics To see God is our heart’s desire, our final purpose in life. But what does it mean to see God? And exactly how do we see God—with our physical eyes or with the mind’s eye? In this informed study of the beatific vision, Hans Boersma focuses on “vision” as a living metaphor and shows how the vision of God is not just a future but a present reality. Seeing God is both a historical theology and a dogmatic articulation of the beatific vision—of how the invisible God becomes visible to us. In examining what Christian thinkers throughout history have written about the beatific vision, Boersma explores how God trains us to see his character by transforming our eyes and minds, highlighting continuity from this world to the next. Centered, sacramental, and ecumenical, Boersma’s work presents life as a never-ending journey toward seeing the face of God in Christ both here and in the world to come.

Most of us aren’t in danger of ruining our lives. We’re in danger of wasting them. Are you unsatisfied with the kind of Christian life you’ve settled for? If you are tired of cul-de-sac Christianity or self-help pseudo solutions, today is the day God’s greater plan for your life begins in full force: Greater than the labels you were given when you were young. Greater than the cynicism that settles in as you grow older. Greater than the dreams you’ve dreamed for yourself. Greater than even the greatest moment you’ve had thus far. In Greater, Pastor Steven Furtick draws on the biblical story of Elisha to give you the confidence to know that nothing is impossible with God, the clarity to see the next step He’s calling you to take, and the courage to do anything He tells you to do.

Christ, Creation, and the Vision of God

With the many models of worship available, choosing a style to worship God can be a bit overwhelming. Is it better to go with traditional or contemporary models? Christians may find themselves asking how early believers worshiped and whether they can provide insight into how we should praise God today. Rooted in historical models and patristic church studies, Ancient-Future Worship examines how early Christian worship models can be applied to the postmodern church. Pastors and church leaders, as well as younger evangelical and emerging church groups, will find this last book in the respected Ancient-Future series an invaluable resource for authentic worship.

This commentary on Revelation is for those who are looking for an easy-to-read, biblically central, and Christologically focused commentary on one of the most intriguing books of the Bible. It is a shame that pastors and followers of Jesus avoid the book of Revelation because of the confusing theories they heard about in the past, or just too many movies! This commentary attempts to get away from the needless debate (though different views are presented) and focus the reader’s attention on the primary focus of the book, the Lamb of God. The Lamb holds history in his hand by virtue of his eternal authority and his invested authority because of the blood that he spilled and his testimony. Therein lies his victory, and therein lies the victory for those who follow him.
