

## *Volkswagen Touareg Guide*

Provides reviews and ratings of new cars, along with details on safety features and the results of crash testing.

The guide provides business profiles, hiring and workplace culture information on more than 30 top employers, including Alcoa, General Electric, Honeywell and more.

This reference book is a complete guide to the trends and leading companies in the engineering, research, design, innovation and development business fields: those firms that are dominant in engineering-based design and development, as well leaders in technology-based research and development. We have included companies that are making significant investments in research and development via as many disciplines as possible, whether that research is being funded by internal investment, by fees received from clients or by fees collected from government agencies. In this carefully-researched volume, you'll get all of the data you need on the American Engineering & Research Industry, including: engineering market analysis, complete industry basics, trends, research trends, patents, intellectual property, funding, research and development data, growth companies, investments, emerging technologies, CAD, CAE, CAM, and more. The book also contains major statistical tables covering everything from total U.S. R&D expenditures to the total number of scientists working in various disciplines, to amount of U.S. government grants for research. In addition, you'll get expertly written profiles of nearly 400 top Engineering and Research firms - the largest, most successful corporations in all facets of Engineering and Research, all cross-indexed by location, size and type of business. These corporate profiles include contact names, addresses, Internet addresses, fax numbers, toll-free numbers, plus growth and hiring plans, finances, research, marketing, technology, acquisitions and much more. This book will put the entire Engineering and Research industry in your hands. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

"This book is for people who want to do something to lighten their impact on the planet." —David Suzuki *Ecoholic* is an eye-opening guide to separating the green from the greenwashed in the maze of products lining our shelves. Unlike other eco guidebooks, *Ecoholic* names names and gives you the dirt on what not to buy and why, as well as the dish on great clothes, beauty products, home supplies, and more. We all know that the earth is in trouble, but we're often left scratching our heads over how to change things. How do we avoid poisoning the planet and ourselves with the products we slather on our scalps and squirt onto our floors? And what safe alternatives actually get the job done? Filled with tips on everything from which seafood is safe to eat to getting the hormone disruptors out of your kids, your carpets, and your love life, *Ecoholic* is a witty and indispensable guide to the small ecochoices that make the biggest difference.
