The Jungle Book (Disney The Jungle Book)

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney 's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Includes entries for maps and atlases.

I could squeeze a bullet between those lips. Point first. Press it between those rosebud lips. Prise it between your pearly whites. Gently, I wouldn't break a single tooth. Philip Ridley's first new play since 2008 marks a change of direction for the acclaimed, ever-restless and maverick writer. Tender Napalm is a high-impact, high-concept two-handed play which explores the landscape that is a relationship between a man and a woman. Explosive, poetic, brutal and ultimately redemptive, the play weaves a compelling theatrical tapestry to re-examine and re-define the language of love. This volume also contains five poems from the performance sequence Lovesongs for Extinct Creatures: Your Love, Dark Sky Craving, The Silver Hat, I'm Waiting to be Killed and The Seams, publishing for the first time extracts from Philip Ridley's cycle of love poetry.

In Music in Disney's Animated Features James Bohn investigates how music functions in Disney animated films and identifies several vanguard techniques used in them. In addition he also presents a history of music in Disney animated films, as well as biographical information on several of the Walt Disney Studios' seminal composers. The popularity and critical acclaim of Disney animated features truly is built as much on music as it is on animation. Beginning with Steamboat Willie and continuing through all of the animated features created under Disney's personal supervision, music was the organizing element of Disney's animation. Songs establish character, aid in narrative, and fashion the backbone of the Studios' movies from Snow White and the Seven Dwarfs through The Jungle Book and beyond. Bohn underscores these points while presenting a detailed history of music in Disney's animated films. The book includes research done at the Walt Disney Archives as well as materials gathered from numerous other facilities. In his research of the Studios' notable composers, Bohn includes perspectives from family members, thus lending a personal dimension to his presentation of the magical Studios' musical history. The volume's numerous musical examples demonstrate techniques used throughout the Studios' animated classics.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Gappetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Gappetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Gappetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.
