

## War Without End The Horus Heresy

*The New York Times* bestselling series continues Only from out of great conflict can true heroes arise. With the galaxy aflame and war on an unimaginable scale tearing the Imperium apart, champions of light and darkness venture onto countless fields of battle in service to their masters. They ask not for remembrance or reward – simply to meet their destiny head-on, and only by embracing that destiny will they come to learn what the unseen future may yet hold for them... This Horus Heresy anthology contains eighteen short stories by authors such as Graham McNeill, Aaron Dembski-Bowden, Nick Kyme and many more. Also, Chris Wraight’s acclaimed novella ‘Brotherhood of the Storm’ delves into the nature of the elusive White Scars Legion, and their questionable sense of duty to the Emperor. The Battle of Tallarn grinds on to its climactic end, but what secret purpose drives the Iron Warriors to commit such mindless atrocities? The answer lies buried deep beneath the planet’s surface... As one of the many staging grounds for the forces serving in the Great Crusade, the verdant world of Tallarn has long served as a transfer point for the personnel and war machines of the Imperial Army. Now, destroyed by a deadly virus-bomb attack launched by the fleet of the vengeful primarch Perturabo, the entire world is reduced to a toxic wasteland where the survivors must fight to defend what little remains of their home. As the battle for Tallarn rages between the traitor Iron Warriors Legion and the Imperial Army, a carpet of armour covers the surface of the toxic planet: Dreadnoughts versus tanks versus Titans. But what secret purpose drives the Iron Warriors onwards to war?

*Capitalism’s* colonization of every hour in the day 24/7: *Late Capitalism and the Ends of Sleep* explores some of the ruinous consequences of the expanding non-stop processes of twenty-first-century capitalism. The marketplace now operates through every hour of the clock, pushing us into constant activity and eroding forms of community and political expression, damaging the fabric of everyday life.

Jonathan Crary examines how this interminable non-time blurs any separation between an intensified, ubiquitous consumerism and emerging strategies of control and surveillance. He describes the ongoing management of individual attentiveness and the impairment of perception within the compulsory routines of contemporary technological culture. At the same time, he shows that human sleep, as a restorative withdrawal that is intrinsically incompatible with 24/7 capitalism, points to other more formidable and collective refusals of world-destroying patterns of growth and accumulation.

With an experienced journalist’s eye, *La Guardia* offers a close look at the Israelis as they come to terms with the "post-Zionist" demolition of national myths and the Palestinians as they try to build their own state. 16 illustrations.

An anthology of Horus Heresy tales written by some of Black Library’s bestselling authors. The galaxy burns at Horus’s command, and a billion more lives are lost with each passing moment – though it was not always so. Once, the title of Warmaster stood for honour, loyalty and a fierce pride in the strength of the Space Marine Legions. But perhaps by following the myriad lines of destiny and defiance that were already woven around the primarchs and their sons, we may yet come to understand the bitterness that can eat away at even the most steadfast of souls... This Horus Heresy anthology contains fifteen short stories by authors including Graham McNeill, Nick Kyme, Gav Thorpe, Chris Wraight and many more. It also includes Aaron Dembski-Bowden’s acclaimed novella Aurelian.

Long has been the road of Nathaniel Garro. After escaping the treachery of Isstvan III aboard the Eisenstein, he was gifted with new purpose as the Agentia Primus of the Knights Errant - and yet, Garro has become listless as the full extent of Malcador the Sigillite's plans for the future are revealed, questioning his place in the galaxy once more. Even as the armies of the Warmaster draw near, Garro strikes out into the wastes of holy Terra. The object of his search? None other than the Living Saint, Euphrati Keeler.

In the wake of the Dropsite Massacre at Isstvan V, the survivors of the Salamanders Legion searched long and hard for their fallen primarch, but to no avail. Little did they know that while Vulkan might have wished himself dead, he lives still. As the war continues without him, all eyes turn to Ultramar and Guilliman's new empire there, and Vulkan's sons are drawn into an insidious plot to end the Heresy by the most underhand means imaginable.

Abandoned by their kinsmen and hounded into the Alaxxes Nebula, Leman Russ and his Space Wolves face the Alpha Legion fleet for one last, glorious battle. The Space Wolves were set upon by the forces of the Alpha Legion before they had even recovered from the Razing of Prospero. Hounded to the edge of the Alaxxes Nebula, in desperation Leman Russ called out to his primarch brothers and their Legions for aid. None came. Now, with their fleet stranded and supplies dwindling, the warriors of the Rout face almost certain death amidst the rust-red clouds of the nebula. But what a glorious end it shall be, worthy of the sagas of old, for Alpharius's sons will soon learn that a cornered wolf is always the most deadly.

*A stunning and provocative new novel by the internationally celebrated author of The Blind Assassin, winner of the Booker Prize. Margaret Atwood's new novel is so utterly compelling, so prescient, so relevant, so terrifyingly-all-too-likely-to-be-true, that readers may find their view of the world forever changed after reading it. This is Margaret Atwood at the absolute peak of her powers. For readers of Oryx and Crake, nothing will ever look the same again. The narrator of Atwood’s riveting novel calls himself Snowman. When the story opens, he is sleeping in a tree, wearing an old bedsheet, mourning the loss of his beloved Oryx and his best friend Crake, and slowly starving to death. He searches for supplies in a wasteland where insects proliferate and pigoons and wolvogs ravage the pleeblands, where ordinary people once lived, and the Compounds that sheltered the extraordinary. As he tries to piece together what has taken place, the narrative shifts to decades earlier. How did everything fall apart so quickly? Why is he left with nothing but his haunting memories? Alone except for the green-eyed Children of Crake, who think of him as a kind of monster, he explores the answers to these questions in the double journey he takes - into his own past, and back to Crake's high-tech bubble-dome, where the Paradise Project unfolded and the world came to grief. With breathtaking command of her shocking material, and with her customary sharp wit and dark humour, Atwood projects us into an outlandish yet wholly believable realm populated by characters who will continue to inhabit our dreams long after the last chapter.*

*As war splits the galaxy, the Emperor toils in the vaults beneath the Imperial Palace. But his great work is in peril, and the forces of Chaos are closing in... While Horus’ rebellion burns across the galaxy, a very different kind of war rages beneath the Imperial Palace. But with traitor legionaries and corrupted Battle Titans now counted among the forces of Chaos, the noose around the Throneworld is tightening, and none but the Emperor Himself can hope to prevail.*
