Warhammer 40,000 fans rejoice - Belisarius Cawl has his own novel! Join him on his journey to the abandoned world of Sotha which hides a long-buried secret... and an ancient evil. Belisarius Cawl, Archmagos Dominus of the Adeptus Mechanicus is the most brilliant mind alive. For 10,000 years he has furthered the cause of mankind, working under the aegis of the Emperor and Lord Commander Roboute Guilliman to prevent the inexorable march of the alien and the traitor. Many call him heretic, but all must recognise the magnitude of his achievements, for who else but he was entrusted to create a new generation of Space Marines? Who else but the great Belisarius Cawl could even accomplish such a task? Now, in the wake of the Great Rift and the Indomitus Crusade, his ambitions bring him to the long-dead world of Sotha, once home to the Scythes of the Emperor, now a barren wasteland devoured by the vile Tyranids. Accompanied by Tetrarch Felix and his elite warriors, it is here that Cawl believes the lynchpin of his mysterious Great Work lies. But uncovering it is a near impossible task, one in which the Archmagos must overcome an ancient evil that threatens to extinguish the last hope of humanity.

One of the most famous events in Warhammer 40,000 history is explored in depth. See the fall and rise of the Crimson Fists as they battle orks on their home world. When the ork hordes of Warlord Snagrod lay waste to the planet of Badlanding and wipe out the Crimson Fists sent to stop them, Chapter Master Kantor prepare a hasty line of defence on the Fists home planet of Rynn's World. Tragedy strikes when an errant missile destroys the Space Marine's Chapter monastery, killing most of their warriors. With a handful of Crimson Fists left, Kantor must fight the campaign of his life, to defeat Snagrod's orks and prevent his Chapter's annihilation.

None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not only fight their many foes but their very nature itself.

The Thousand Sons advance into battle amidst gouts of kaleidoscopic warpflame and bolts of raw sorcery. Led by the towering figure of the Daemon Primarch Magnus the Red, these sanity-blasting hosts surge into battle to work the will of Tzeentch. Everything they do furthers the labyrinthine plans of their deity. To fight the Thousand Sons is to battle the entangling strands of fate itself, never knowing whether you're serving their inscrutable ends, even in victory. In war, the Thousand Sons combine the might of stalwart Chaos Space Marines with throngs of cultists and mutated beasts. At their core, the Thousand Sons' mastery of sorcery means they fight a war of flesh and blood, but also of psychic mastery - only the strongest enemy psykers can hope to match their potency. This 96-page book will give you everything you need to launch a crusade of eldritch terror across the galaxy, and make the most of the myriad units available to you. Examinations of wargaming for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. Games with military themes date back to antiquity, and yet they are curiously neglected in much of the academic and trade literature on games and game history. This volume fills that gap, providing a diverse set of perspectives on wargaming's past, present, and future. In Zones of Control, contributors consider wargames played for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. They consider both digital and especially tabletop games, most of which cover specific historical conflicts or are grounded in recognizable real-world geopolitics. Game designers and players will find the historical and critical contexts often missing from design and hobby literature; military analysts will find connections to game design and the humanities; and academics will find documentation and critique of a sophisticated body of cultural work in which the complexity of military conflict is represented in ludic systems and procedures. Each section begins with a long anchoring chapter by an established authority, which is followed by a variety of shorter pieces both analytic and anecdotal. Topics include the history of playing at war; operations research and systems design; wargaming and military history; wargaming's ethics and politics; gaming irregular and non-kinetic warfare; and wargames as artistic practice. Now, the decisions of one man, Amadeus Kaias Incarius of the Mentor Legion, will determine the Chapter's fate... They are barbarian watchmen against the Outer Dark: bloodied but unbroken in their long duty. Amadeus Kaias Incarius, a brother of the Mentor Legion, is commanded to assess the Spears' war-readiness, only to be drawn into the chaotic plight of a depleted crusade on the Imperium's benighted frontier.
