'Rich. . . eclectic. . . a feast' Telegraph This landmark collection brings together forty writers that reflect over a hundred years of Italy's vibrant and diverse short story tradition, from the birth of the modern nation to the end of the twentieth century. Poets, journalists, visual artists, musicians, editors, critics, teachers, scientists, politicians, translators: the writers that inhabit these pages represent a dynamic cross section of Italian society, their powerful voices resonating through regional landscapes, private passions and dramatic political events. This wide-ranging selection curated by Jhumpa Lahiri includes well known authors such as Italo Calvino, Elsa Morante and Luigi Pirandello alongside many captivating new discoveries. More than a third of the stories featured in this volume have been translated into English for the first time, several of them by Lahiri herself.

William "Red Eagle" Weatherford was a Creek (Muscogee) Native American who led the Creek War offensive against the United States. Like many of the high-ranking members of the Creek nation, he was a mixture of Scottish and Creek Indian. His "war name" was Hopnicafutsahia, or "Truth Teller," and was commonly referred to as Lamochattee, or "Red Eagle," by other Creeks. During the Creek Civil War, in February 1813, Weatherford reportedly made a strange prophecy that called for the extermination of English settlers on lands formerly held by Native Americans. He used his "vision" to gather support from various Native American tribes.

game theory, Playthings in Early Modernity emphasizes the rules of the game(s) as well as the breaking of those rules. Thus, the titular "plaything" is understood as both an object and a person, and play, in the early modern world, is treated not merely as a pastime, a leisurely pursuit, but as a pivotal part of daily life, a strategic psychosocial endeavor.

Nel quinto capitolo della seconda serie dei Warrior Cats i gatti del Clan cercano di ristabilire i delicati equilibri in cui avevano vissuto nella foresta. Ma il nuovo territorio nasconde parecchie insidie. «Ma come diventeremo leader?», chiese ArtigliodiMora. «Non credo che StelladiFuoco mi nominerà mai vice. Non ho neppure un apprendista». StelladiTigre era visibilmente irritato. «Quando vai a caccia, ti aspetti che i topi ti saltino in bocca? No. Annusi la preda, la inseguo e poi balzo. È lo stesso con il potere. Non arriverà, a meno che non lo cerchi. Entrambi possedete il vero spirito dei guerrieri. So che ce la farete, se seguirete i miei consigli». «Lo faremo!». BrinadiFalco si alzò. «Faremo qualsiasi cosa tu ci dica»!

The Girl at Midnight is the story of a modern girl caught in an ancient war. Beneath the streets of New York City live the Avicen, an ancient race of people with feathers for hair and magic running through their veins. Age-old enchantments keep them hidden from humans. All but one. Echo is a runaway pickpocket who survives by selling stolen treasures on the black market, and the Avicen are the only family she's ever known. Echo is clever and daring, and at times she can be brash, but above all else she's fiercely loyal. So when a centuries-old war crests on the borders of her home, she decides it's time to act. Legend has it that there is a way to end the conflict once and for all: find the Firebird, a mythical entity believed to possess power the likes of which the world has never seen. It will be no easy task, though if life as a thief has taught Echo anything, it's how to hunt down what she wants . . . and how to take it. But some jobs aren't as straightforward as they seem. And this one might just set the world on fire.

Der Politiker Aldo Moro wurde 1978 von der terroristischen Organisation "Rote Brigaden" entführt und getötet. Im Verlauf der Ereignisse stilisierten die Medien Moro zum "Staatsmartyrer". Der Band geht der hochaktuellen Frage nach, welche Rolle das ursprünglich christliche Konzept des Martyrers in der Spannung zwischen demokratischem Staat und Terrorismus spielt. Was leistet dieser Begriff aus der christlichen Antike im modernen gesellschaftspolitischen Diskurs? Welche Veränderungen hat der Terminus "Martyrer" in der Europäischen Religions- und Kulturgeschichte durchgemacht? Anhand von medialen Quellen zum Fall Moro wird eine wesentliche Phase der nachkriegszeitlichen Politik in Italien rekonstruiert. Die Studie eröffnet einen interdisziplinär angelegten theoretischen Horizont, um die Rolle religiöser Motive im gesellschaftspolitischen Kontext zu verstehen. Sie bringt eine zentrale neue Dimension in die Sakularisierungsdebatte ein, bei der Sakularisierung als neue Konfiguration von Politik und Religion verstanden wird.

Midnight Secrets

Warriors: The New Prophecy #1: Midnight

When danger lurks, look to the MEN OF MIDNIGHT: dark, dangerous, and willing to do anything to protect the women they love. Former navy SEAL Joe Harris nearly died—twice—on a medevac helo after being blown up by an IED. He’s not moving too great these days, but if there was ever a woman designed to jump-start a man’s hormones, it would be his new neighbor. Meeting Isabel—loving Isabel—brought Joe back to life. Isabel Delvaux came from one of America’s foremost political dynasties, until the greatest terrorist attack since 9/11 killed her entire family. She barely survived the Washington Massacre, only to become prey for rabid reporters. Fleeing to Portland and changing her name was a way out, a way to start over. The only way. She knows she’s safe with Joe Harris. Not just because he’s big and strong, not just because he’s part of a security team that obliterates threats on the regular, but because he’s been to the abyss and back. But as they help each other heal—through talk, through touch, through spectacular sex—the past comes back to play. When Isabel’s memory starts to return and a mysterious stranger sends Joe emails indicating Isabel is in imminent danger, he’ll do anything to help her uncover the truth. Even if that truth is the most terrifying thing of

Written by pioneering anti-violence educator Jackson Katz, The Macho Paradox incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. The fall of Nero and the civil wars of 69 CE ushered in an era scarred by the recent conflicts; Flavian literature also inherited a rich tradition of narrating nefas from its predecessors who had confronted and commemorated the traumas of Pharsalus and Actium. Despite the present surge of scholarly interest in both Flavian literary studies and Roman civil war literature, however, the Flavian contribution to Rome's literature of bellum ciuile remains understudied. This volume shines a spotlight on these neglected voices. In the wake of 69 CE, writing civil war became an inescapable project for Flavian Rome: from Statius's *fraternas acies* and Silius's suicidal *Saguntines* to the internecine narratives detailed in Josephus's *Bellum Iudaicum* and woven into Frontinus's *exempla*, Flavian authors' preoccupation with civil war transcends genre and subject matter. This book provides an important new chapter in the study of Roman civil war literature by investigating the multi-faceted Flavian response to this persistent and prominent theme.

Introduces and analyses a stage performance of texts by Italian Modernist writer Carlo Emilio GaddaWhen do we start going to war and why? And what did it mean to go to war from World War I to World War II and beyond, in Italy, before and after Mussolini, before and after, that is, that warring spirit of the age which keeps nations in fighting mode? Both time specific and universal, these questions are explored in this book through a unique combination of scholarly and theatrical performance based on the war diaries and a belated anti-Mussolini pamphlet by Italy's greatest Modernist writer Carlo Emilio Gadda (1893-1973). These works were adapted for the stage by actor, playwright and director Fabrizio Gifuni in 2010, and are now presented for the first time in English, supplemented with facing Italian text, a dvd of the performance with English subtitles, and an engaging, thought-provoking scholarly guide to Italy's own Joyce purposely produced for the Anglophone audience by the Edinburgh Gadda Projects Team.Key FeaturesIntroduces

F LETTER assembles the feminist poets who have palpably changed the Russian language over the last decade. Against the backdrop of state violence and oppression, this is electric dissent in pursuit of a democratic, egalitarian future. A lexicon for revolution worldwide. But this anthology's brilliance lies in its rhythm, energy, and depth of emotion--in its universal relevance rather than applied politics. As Eileen Myles writes of its verse in a foreword to the work, "there are lines like a curse that yodel radiantly out of the toothy mouth of the curser...lines that are just so fucking

Finalist for the 2020 National Book Critics' Circle Award for Criticism By one of Mexico's greatest contemporary writers, this investigation into state violence and mourning gives voice to the political experience of collective pain. *Grieving is a hybrid collection of short crónicas, journalism, and personal essays on systemic violence in contemporary Mexico and along the US-Mexico border. Drawing together literary theory and historical analysis, she outlines how neoliberalism, corruption, and drug trafficking—culminating in the misnamed "war on drugs"—has shaped her country. Working from and against this political context, Cristina Rivera Garza posits that collective grief is an act of resistance against state violence, and that writing is a powerful mode of seeking social justice and embodying resilience. She states: "As we write, as we work with language—the humblest and most powerful force available to us—we activate the potential of words, phrases, sentences. Writing as we grieve, grieving as we write: a practice able to create refuge from the open. Writing with others.*

Did you ever look into the eyes of an animal and wonder if they could understand you? Have you ever fantasized about how great it would be for you to understand what they thought? In this fascinating book Gerald Bunch relates his journey from Naval Officer/engineer/left-brained empiricist to intuitive animal communicator. He explains that intuitive communication is a capability we are all born with and we can each re-learn. In sharing many of the conversations he has had with various species, he takes us into the world as experienced by animals. He describes how we can deepen the bond we have with our animal companions and how their love and devotion to us can change our lives. His study of quantum physics helped him bridge the gap between hard science and telepathy, but he stresses it is not necessary to know how animal communication works, only that it does work. All the time. Gerald and his buddy Oscar the Cat are on an odyssey. Their

The construction of a new Latin library between the end of the Republic and the Augustan Principate was anything but an inhibiting factor. The literary flourishing of the Flavian age shows that awareness of this canon rather stimulated creative tension. In the changing socio-cultural context, daring innovations transform the genres of poetry and prose. This volume, which collects papers by influential scholars of early Imperial literature, sheds light on the productive dynamics of the ancient genre system and can also offer insightful perspectives to a non-classicist readership.

Imagine a duel. A face-off between a man and a boy. The same blood runs through their veins. One, Daniele Mallarico, is a successful illustrator at the peak of his career. The other, Mario, is his four-year-old grandson who has barely learned to talk but has a few tricks up his loose-fitting sleeves all the same. The older combatant has lived for years in almost complete solitude. The younger one has been dumped with a grandfather he barely knows for 72 hours. Starnone's sharp novella unfolds within the four walls (and a balcony!) of the apartment where the grandfather grew up, now the home of his daughter and her family, where the rage of an aging man meets optimism incarnate in the shape of a four-year-old child. Lurking, ever present in the conflict, is the memory of Naples, a wily, violent, and passionate city where the old man spent his youth and whose influence is not easily shaken.

The English-language debut of a master stylist: a compassionate but relentless novel about the long, dark harvest of Brazil's totalitarian rule. A professor prepares to retire—Gustavo is set to move from Sao Paulo to the countryside, but it isn't the urban violence he's fleeing: what he fears most is the violence of his memory. But as he sorts out his papers, the ghosts arrive in full force. He was arrested in 1970 with his brother-in-law Armando: both were vicariously tortured. He was eventually released; Armando was killed. No one is certain that he didn't turn traitor: I didn't talk, he tells himself, yet guilt is his lifelong harvest. *I Didn't Talk* pits everyone against the protagonist—especially his own brother. The torture never ends, despite his bones having healed and his teeth having been replaced. And to make matters worse, certain details from his shattered memory don't quite add up... Beatriz Bracher depicts a life where the temperature is lower, there is no music, and much is out of view. *I Didn't Talk's* pariah's-eye-view of the forgotten "small" victims powerfully bears witness to their "internal exile." I didn't talk, Gustavo tells himself; and as Bracher honors his endless pain, what burns this tour de force so indelibly in the reader's mind is her intensely controlled voice.

"One of Thailand's preeminent female writers . . . Each of her stories poses its own moral challenge, pleasurable and unsettling at once . . . phenomenal." —NPR.org In thirteen stories that investigate ordinary and working-class Thailand, characters aspire for more but remain

suspended in routine. They bide their time, waiting for an extraordinary event to end their stasis. A politician's wife imagines her life had her husband's accident been fatal, a man on death row requests that a friend clear up a misunderstanding with a sex worker, and an elevator attendant feels himself wasting away while trapped, immobile, at his station all day. With curious wit, this collection offers revelatory insight and subtle critique, exploring class, gender, and disenchantment in a changing country. "Arid Dreams is stark, sly, and unsparingly brilliant. Here is a writer unafraid to pick up the scalpel of her prose and use it to cut to the bone. Each story is more compelling than the last, each combines dark humor with deeper truths about human desire and depravity. I couldn't look away." —Preti Taneja, author of We That Are Young "Pimwana's characters, whether they are truck drivers or farmers, doctors or prisoners, are realized with depth, affection, and a good degree of humor. The petty concerns of their daily lives—frustrated careers, infidelity, reconnecting with distant family—are hypnotically rendered in Pimwana's telling. This is an exciting debut." —Publishers Weekly "A deep and thoughtful exploration of human psyches and the dreams of ordinary Thais in an ever-changing socio-economic environment." —Bangkok Post "An exacting look at the moments of joy and tragedy, of hope and desire." —Independent Book Review

Translational Provocations Around An Emergency

In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to others. After an accident—or “the misfortune,” as his cancer-ridden father’s caretaker, Celeste, calls

it—Eduardo is sentenced to a year of community service reading to the elderly and disabled. Stripped of his driver's license and feeling impotent as he nears thirty-five, he leads a dull, lonely life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its lush gardens and swimming pools, the "City of Eternal Spring" is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Henry James, Daphne du Maurier, and more, but doesn't truly understand them. His eccentric listeners—including two brothers, one mute, who moves his lips while the other acts as ventriloquist; deaf parents raising children they don't know are hearing; and a beautiful, wheelchair-bound mezzo soprano—sense his detachment. Then Eduardo comes across a poem his father had copied by the Mexican poet Isabel Fraire, and it affects him as no literature has before. Through these fascinating characters, like the practical, quick-witted Celeste, who intuitively grasps poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, unequal society.
