

## Watchman Nee Spiritual Authority

Surely this is the hour when the battleground is in the soul. While the Lord is seeking to work through the quickened spirit. Satan is seeking to work throught the natural, soulish life which has not been brought under control of the sprit.

An intriguing exploration of the great transition between life and the after-life.

Authority is a tremendous thing in the universe, nothing overshadows it. God's throne is established on His authority. God's authority represents God Himself. God alone is authority in all things; all the authorities of the earth are instituted by God. It is therefore important for us who desire to serve God to know the authority of God. God's authority is absolute, hence we must give Him absolute submission ( our heart's attitude ) and absolute obedience ( our outward actions ). But to His delegated authorities we can render absolute submission, but only relative obedience. For their authorities are circumscribed by the measure of the life of Christ in them. Only when they themselves submit to God's authority in them are they able to represent God. Hence there is much we have to learn about how to represent God.

What is prayer? Are we really praying when we pray? Do we know the power of prayer? These matters and others must be understood if we would have a real prayer life and be effective in prayer. In this little volume of collected messages given over a long period of ministry by the author, and which are now translated and published in English for the first time, Watchman Nee shares with us the lessons on prayer that he has learned through the years. He considers prayer to be a mystery, though not something that is incomprehensible. He views prayer as the greatest work to which men are called. It is a working together with God. Through it, God's purpose is accomplished and Satan's intentions are broken. And its benefit to the one who prays is something great as well. Let us therefore follow the admonition of our blessed Lord, who said: "Rise and pray" (Luke 22.46).

The chapters in this volume on the nature of Spiritual Authority are drawn from a series of messages delivered by the great Chinese preacher-teacher, Watchman Nee, during a training period for Christian workers in China in 1948.

The Release of the Spirit

Gospel of God 2v:

*The Bible is the inspired word of God, and every believer should study it in order to know the rich and vast content of God's divine provisions. When God speaks, He does so through His established eord. Therefore, we must study the Bible in a proper way in order to let the word of God dwell richly in our hearts. In order to study the Bible, we first must be proper persons, having passed through the necessary spiritual training under the Lord's leading and guiding. We must also use the right methods. Many good books have been printed on how to study the Bible, but most pay attention only to methods of studying the Bible; They do not pay enough attention to the person who studies the Bible. Even with the right methods, we can receive very little in our study of the Bible if Our person is not proper before the Lord.*

The New Covenant is full of God's grace. In order to enjoy such grace each one who belongs to the Lord must know what this New Covenant is. How sad that many of the Lord's people today neither appreciate nor understand this New Covenant. For this reason we have a burden to release some messages on the New Covenant. Even so, the New Covenant is such a comprehensive subject that we cannot exhaust its richness with our limited learning, experience and words. Still, we look to God's grace and are willing to share with His children the little we have received. Our earnest prayer is that God would enable us to know something of the New Covenant and lead us into its spiritual reality.
