

## We Are All Born Free The Universal Declaration Of Human Rights In Pictures

Written from the perspective of a child, this book explains in simple text many of the rights that are found in the United Nations’ Convention of the Rights of the Child: from the right to play, to learn, and to share thoughts freely to protection from harmful work, violence, and exploitation. Young readers will learn that each one of them is important, but together these rights help kids everywhere live healthy and happy lives. This beautifully illustrated book contains drawings and paintings created by children from around the world—the winners of an international drawing competition titled “Kids for Human Rights”— illustrating each of the rights. **A New York Times Notable Book of 2020** **A Bloomberg Best Non-Fiction Book of 2020** **A Behavioral Scientist Notable Book of 2020** **A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020** **A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you’re rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In The WEIRDest People in the World, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, The WEIRDest People in the World explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations.**

Patrick McDonnell-beloved, bestselling author-artist and creator of the Mutts syndicated comic strip--shares the inspiring story of young Jane Goodall, the legendary and inspiring conservationist featured in the hit documentary film Jane. In his characteristic heartwarming style, Patrick McDonnell tells the story of the young Jane Goodall and her special childhood toy chimpanzee named Jubilee. As the young Jane observes the natural world around her with wonder, she dreams of "a life living with and helping all animals," until one day she finds that her dream has come true. With anecdotes taken directly from Jane Goodall's autobiography, McDonnell makes this very true story accessible for the very young--and young at heart. One of the world's most inspiring women, Dr. Jane Goodall is a renowned humanitarian, conservationist, animal activist, environmentalist, and United Nations Messenger of Peace. In 1977 she founded the Jane Goodall Institute (JGI), a global nonprofit organization that empowers people to make a difference for all living things.

The 1619 Project ’ s lyrical picture book in verse chronicles the consequences of slavery and the history of Black resistance in the United States, thoughtfully rendered by Pulitzer Prize-winning journalist Nikole Hannah-Jones and Newbery honor-winning author Renée Watson. A young student receives a family tree assignment in school, but she can only trace back three generations. Grandma gathers the whole family, and the student learns that 400 years ago, in 1619, their ancestors were stolen and brought to America by white slave traders. But before that, they had a home, a land, a language. She learns how the people said to be born on the water survived. And the people planted dreams and hope, willed themselves to keep living, living. And the people learned new words for love for friend for family for joy for grow for home. With powerful verse and striking illustrations by Nikkolas Smith, *Born on the Water* provides a pathway for readers of all ages to reflect on the origins of American identity.

Apartheid isn’t over—so Malaika Wa Azania boldly argues in *Memoirs of a Born Free*, her account of growing up black in modern-day South Africa. Malaika was born in late 1991, as the white minority government was on its way out, making her a "Born Free"—the name given to the generation born after the end of apartheid. But Malaika’s experience with institutionalized racism offers a view of South Africa that contradicts the implied racial liberation of the so-called Rainbow Nation. Recounting her upbringing in a black township racked by poverty and disease, the death of a beloved uncle at the hands of white police, and her alienation at multiracial schools, she evokes a country still held in thrall by de facto apartheid. She takes us through her anger and disillusionment with the myth of black liberation to the birth and development of her dedication to the black consciousness movement, which continues to be a guiding force in her life. A trenchant, audacious, and ultimately hopeful narrative, *Memoirs of a Born Free* introduces an important new voice in South African—and, indeed, global—activism.

The Social Contract, originally published as On the Social Contract; or, Principles of Political Rights by Jean-Jacques Rousseau, is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society, which he had already identified in his *Discourse on Inequality* (1754). The Social Contract helped inspire political reforms or revolutions in Europe, especially in France. The Social Contract argued against the idea that monarchs were divinely empowered to legislate. Rousseau asserts that only the people, who are sovereign, have that all-powerful right.

The first collection of poetry by the New York Times bestselling author of *The Dark Between Stars*. Love Her Wild is a collection of new and beloved poems from the poet Atticus, who has captured the hearts and minds of hundreds of thousands of avid followers on his Instagram account @atticuspoetry, including superstars like Karlie Kloss and Shay Mitchell. Dubbed the “ #1 poet to follow ” by Teen Vogue and “ the world ’ s most tattoo-able ” poet by Galore magazine, in *Love Her Wild*, Atticus captures what is both raw and relatable about the smallest and the grandest moments in life: the first glimpse of a new love in Paris, skinny dipping on a summer ’ s night, the irrepressible exuberance of the female spirit, or drinking whiskey in the desert watching the rising sun. With honesty, poignancy, and romantic flare Atticus distills the most exhilarating highs and the heartbreaking lows of life and love into a few short lines, ensuring that his words will become etched in your mind—and will awaken your sense of adventure.

Max and the Tag-Along Moon

*Born to a poor, landless farmer in the month of the monsoon rains, twins Zara and Tara grow up amongst the fields of wheat and cotton in a remote village in Pakistan. During an afternoon spree of games, Tara is kidnapped from the fields and raped. All seems to be resolved after her parents accept an unexpected marriage proposal for their “dishonoured” daughter. But the nightmare resurfaces when a newspaper clipping emerges, calling the union into question. Determined to rescue her twin, Zara embarks on a harrowing quest for justice, battling keepers of a culture that upholds propriety above all else and braving the unknown dangers of an urban centre. Set in the early 1980s against the backdrop of martial law and social turmoil, Beyond the Fields is a riveting, timely look at profound inequality, traditions that disempower women in our world, and survival as a dance to the beat of a different future.*

**#1 NEW YORK TIMES BEST SELLER • From the award-winning, best-selling author of the classic A Little Life—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. To Paradise is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara’s understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist’s damaged granddaughter tries to navigate life without him—and solve the mystery of her husband’s disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can’t exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.**

*Fifty years ago Joy Adamson first introduced to the world the story of her life alongside Elsa the lioness, whom she had rescued as an orphaned cub, and raised at her home in Kenya. But as Elsa had been born free, Joy made the heartbreaking decision that she must be returned to the wild when she was old enough to fend for herself. Since the first publication of Born Free and its sequels Living Free and Forever Free, generations of readers have been enchanted, inspired and moved by these books’ uplifting charm and the remarkable interaction between Joy and Elsa. Millions have also come to know and love Born Free through the immortal film starring Virginia McKenna and Bill Travers. But here is the chance to rediscover the original story in this 50th anniversary edition, in the words of the woman who reared Elsa and walked with the lions.*

*"I have walked that long road to freedom. I have tried not to falter... I have taken a moment to rest, but I can only rest for a moment, for with freedom come responsibilities." Nelson Mandela*
*"If you are tired, keep going. If you are scared, keep going. If you are hungry, keep going. If you want to taste freedom, keep going." Harriet Tubman*
*This inspirational book, following We Are All Born Free, contains 17 quotations about many different aspects of freedom, from the freedom to have an education to that not to be hurt or tortured, the freedom to have a home and the freedom to be yourself. All the chosen quotations are in simple words that can be understood by young children. Authors of the quotations include: Nelson Mandela, Martin Luther King, Harriet Tubman, Anne Frank, the Dalai Lama, Aung San Suu Kyi and Malala Yousafzai. The book is illustrated by internationally acclaimed and award-winning illustrators, including Alexis Deacon, Chris Riddell, Ros Asquith, Jackie Morris and Shirin Adl from the UK, Barroux from France, Roger Mello from Brazil, Birgitta Sif from Iceland, aboriginal artist Sally Morgan from Australia and Mordicai Gerstein from the USA. The award-winning, #1 internationally bestselling new novel by the author of *The Perfect Nanny* that “lays bare women’s intimate, lacerating experience of war” (*The New York Times Book Review*) After World War II, Mathilde leaves France for Morocco to be with her husband, whom she met while he was fighting for the French army. A spirited young woman, she now finds herself a farmer’s wife, her vitality sapped by the isolation, the harsh climate, and the mistrust she inspires as a foreigner. But she refuses to be subjugated or confined to her role as mother of a growing family. As tensions mount between the Moroccans and the French colonists, Mathilde’s fierce desire for autonomy parallels her adopted country’s fight for independence in this lush and transporting novel about race, resilience, and women’s empowerment.

This acclaimed debut novel by a talented Scottish writer journeys into the crises, complexities, rivalries, and generation gaps that exist among members of an ordinary family living in a deprived area of western Edinburgh. Original.
