Provides definitions of legal terms and phrases used in various branches of law, in a new edition that includes a more extensive dating of terms, over 7,500 new entries, and increased bibliographic coverage. This text is used at more colleges and universities than any other business law text. With the perfect balance of tradition and innovation, this benchmark text brings to life the functions and inner-workings of business law in the real world. Rich with classic and modern cases, West's Business Law is the ideal text for students entering virtually any field of business. By combining this market leading text with a complete supplements and technology package, this is the one clear choice in business law courses. 3 things to know about the focus of Dynamic Business Law, 2e: Emphasis on ETHICAL DECISION-MAKING. In chapter 2, the authors introduce a framework for making ethical business decisions that students can use on a regular basis. Following each case there are questions designed to train students to apply this approach. Then repeatedly throughout the chapters, questions about business ethics are raised in the text. This framework is designed to help improve the learning process of students and to give a sense of relevancy to the ethical decision making process. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to further tie in this component. Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Students need to understand how the concepts they learn in this course tie into their business careers. Instructors can easily show that the study of business law is best seen as a foundational component of the larger study of business administration. Dynamic Business Law now includes Connect Business Law as a packaging option. Connect includes Interactive Applications for each chapter of the textbook and helps students apply legal concepts to business, stimulates critical thinking, and reinforces key topics. Overview: Dynamic Business Law, 2e is appropriate for the two-term business law course. Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly "defending" the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to further tie in this component. Instructor's Supplements: The Online Learning Center contains the complete IM, Test Bank, PowerPoint, image library, and video clips. Instructor's Manual: The Instructor's Manual provides a clear outline of how to begin using this text and is especially helpful to adjuncts who teach Business Law. Sample syllabi are included, as well as detailed lecture outlines incorporating PowerPoints and other materials professors can bring into their lectures. Exciting and new examples from outside the text are also included, and can be discussed in class to help generate excitement and involvement in the course from students. Test Bank: The Test Bank, developed by Vonda Laughlin of Carson-Newman College, contains a variety of true/false, multiple choice, and essay questions - as well as "scenario-based" questions, which are application-based, and use a situation described in a narrative, with 3 - 5 multiple-choice test questions based on the situation described in the narrative. We've aligned our Test Bank with the new AACSB guidelines, tagging each question according to its knowledge and skills areas. Categories include Global, Ethics and Social Responsibility, legal and other External Environment, communication, Diversity, Group Dynamics, Individual Dynamics, Production and IT. Designations aligning questions with Learning Objectives, features, and case, exist as well. PowerPoint Presentation slides: Developed by Jeff Penley at Catawba Valley Community College, we offer two different sets of slides for professors. The "Basic" set consists of an outline of each chapter. The "Premium" set expands on this outline to include hypotheticals and ethical dilemmas, allowing the instructor to incorporate application into the lecture. Instructor Video DVD (ISBN: 0077339118, 13-digit: 9780077339111): The Instructor Video DVD contains video clips from CBS that highlight current legal issues. Instructor Notes, located on the OLC, give insight into how to incorporate segments into the classroom and offer questions to stimulate discussion. Most of these videos are also part of Premium content - a big plus for instructors teaching online/hybrid courses.

Despite the modern proliferation of other business formats, the corporation model still has major advantages, and the Ninth Edition of Florida Corporate Practice brings those advantages to the attention of both seasoned practitioners and new attorneys. The Florida Business Corporation Act has been substantively amended numerous times over the years, and this manual keeps up to the minute with those changes, as well as case law and regulations interpreting the Act. Complementing the expansive coverage of business corporations, this new edition offers additional advice and insight relating to not for profit corporations. Highlights of the Ninth Edition include: Discussion and Application of the 2019 Florida Legislature's substantial amendment to the Florida Business Corporation Act, F.S. Chapter 607 (codified at Ch. 2019-90, Laws of Fla. (2019)), effective January 1, 2020, including: Expansion of the authority of the board of directors to amend and propose amendments to the articles of incorporation, prohibition of the board of directors to adopt proposed amendments to the articles and make a recommendation to the shareholders to approve amendments to the articles that require shareholder approval, optional provision permitting preemptive rights to be included in the articles of incorporation (i.e., no longer required), and expansion of the provisions that the bylaws may contain. Significant expansion of statute governing registered office and registered agent, newly established duties of registered agents, delivery of notice via electronic transmission by registered agents, and effect of resignation of a registered agent. Updated provisions permitting the board of directors to fix the record date for determining shareholders entitled to a share dividend, and the creation of rights required for adoption of a shareholders' rights plan (a/k/a "poison pill"). Extension of the rights of a shareholder to obtain records, establishment of a mechanism or breaking a deadlock among directors and shareholders, and the creation of the ability to establish bifurcated record dates to provide corporations with greater flexibility to align shareholder ownership and voting by setting a record date for voting closer to the meeting date. Substantial amendments to provisions governing derivative proceedings, a director's standard of care, conflict of interest transactions, and indemnification. New oversight feature to the board of director's corporate governance responsibility, in addition to its exercise of all corporate powers and management of the business affairs of the corporation. Newly revised discussion of known claims against a dissolved corporation and the procedure for any claims other than known claims (i.e. unknown claims). Substantial amendment of administrative dissolution, primarily adding new grounds for administrative dissolution. Creation of a new ground for a shareholder to initiate judicial dissolution proceedings when a corporation has abandoned its business and has failed, within a reasonable period of time, to liquidate and distribute its assets and dissolve, and newly amended provision providing courts with more latitude in fashioning appropriate alternative remedies to judicial dissolution. New filing requirement of an annual report before a corporation can make filings regarding mergers, share exchanges, and conversions. Substantial amendments to the law governing domestication and domestication procedures, and to the law governing conversions and conversion procedures. New requirement that a corporation maintain certain records in a manner available for inspection within a reasonable time; new provisions addressing a corporation's maintenance of its annual financial statements, accounting records, and a record of its current shareholders and the number and class or series of shares held by each shareholder; new requirement for corporation to deliver or make available the corporation's annual financial statements for the most recent fiscal year; and newly established procedure to follow when a corporation does not deliver or make available the corporation's annual financial statements.

In the age of American mass incarceration, a complex legal regime governs prison conditions and presents a host of controversial questions at the intersection of constitutional liberty, statutory interpretation, administrative regulation, and public policy. This is a completely overhauled, re-titled, and much-expanded version of the leading casebook about incarceration. It addresses both pretrial and post-conviction incarceration, presenting Supreme Court and leading lower court case law, statutes, litigation materials, professional standards, academic commentary, and prisoner writing. Topics include conditions of confinement, civil liberties, particular prisoner populations and relevant legal issues (race and national origin discrimination, the particular issues/law governing treatment of incarcerated women, LGBTQ people, and people with disabilities). Litigated remedies (injunctive litigation, damages, the Prison Litigation Reform Act, and criminal prosecution of prison staff), are also covered in detail, as is non-litigation oversight. The casebook is supplemented by an open-access website that offers additional resources and sources for further reading.
