

What Does God Look Like Hakiki

This book was written one night after the author was given the title of the book by a true inspiration from God. He revealed to the author a secret held deep in her heart that God truly looks like the goodness of the creation He created. We think you will be inspired, young and old, with the words and photographs in this book.

God is everywhere. He's in the clear blue skies. He's in the sun and the snowflakes. He's in the words we say, and in our hearts, and when we pray. He's in the things we do all day. Written for author Kimberly Simmons' first grandchild, *What Does God Look Like?* explains the many places she sees God's gifts, especially in her children and grandchildren. A rhyming picture book for little ones, it offers a heartfelt expression of God's grace within everyday encounters.

"True religion confronts earth with heaven and brings eternity to bear upon time," says the author in his preface. "The messenger of Christ, though he speaks from God, must also, as the Quakers used to say 'speak to the condition' of his hearers; otherwise he will speak a language known only to himself. His message must be not only timeless but timely. He must speak to his own generation. "The message of this book is indeed both timeless and timely. Tozer is primarily concerned with the loss of the concept of 'majesty' from the popular mind and more importantly in the thinking of the church. He sees the church as having surrendered her once lofty concept of God – not deliberately, but little by little and without her knowledge. With this comes a further loss of religious awe and a sense of the divine presence, of an appropriate spirit of worship and of our ability to withdraw inwardly to meet God in adoring silence." Tozer attempts to address this problem, to go back to the causes of the decline and to understand and correct the errors that have given rise to our loss of a sense of the holy. "It is impossible to keep our moral practices sound and our inward attitudes right while our idea of God is erroneous or inadequate" he tells us.

When Stuart Shipp's sister asks him about God's looks, Stuart takes her on a walk from the park to the beach to the ocean shore, showing her all the beautiful things in God's creation that can help her answer the question *What Does God Look Like?*

How would your life change if you really believed and could even feel that God is absolutely crazy about you? Steve McVey's penetrating new look at the transforming power of God's grace leads you to that change. Steve unpacks the biblical revelation of the Trinity as a loving relationship, and he highlights the goal of history: God intends to include us in that circle of love! Steve answers troubling questions that can keep you from fully sensing God's love, acceptance, and forgiveness, such as... Why does God look like a bad cop in the Old Testament and a good cop in the New Testament? At Calvary, was the Father angry at the Son? Is He ever angry with me? Why do I sometimes feel separated from God, abandoned, guilty, and ashamed? Theologians have described the Trinity as perichoresis—a dance. Are you ready to be swept into the Father's embrace?

Where is Jesus when we need him most? An influential pastor shares how despair can lead us to discover true hope and a deeper relationship with God, helping us emerge stronger and more joyful from times of crisis. "May this careful look at pain in the context of Jesus's life open up avenues of discovery and healing."--Mindy Caliguire, cofounder and president of Soul Care We all experience difficulties and hardships. But how can we learn to live richly in the midst of them? And even grow spiritually because of them? The answer is found in the hopeful humanity of Jesus. As the Son of God, Jesus wasn't exempt from suffering, disappointment, or injustice. He lived in the real world as a real person. He wept for those he loved. He felt hunger and thirst. He endured temptation, betrayal, and ridicule. He died after being unjustly tortured. And somehow through it all, he embodied hope--by defeating death and opening a new world of life for us. In Echoing Hope, influential pastor and blogger Kurt Willems reveals how understanding the humanity of Jesus can radically transform our identity and empower us to step into our pain-filled world in a new way. Combining rich theological insight with personal stories and practices for response, he shows how we can overcome despair and encounter the beautiful potential of our lives.

What Does God Look Like in an Expanding Universe?

When a little boy asks his mother about what God looks like and many other questions as well she answers him with lots of details. This story began when author Linda Wilson's three daughters were young. This story was written and illustrated in response to their questions and the questions of many other children through the years about God. Children yearn for the literal, touchable truth about all things, including the unseen God of the universe. Understanding that truth is quite a task for children in their formative years. Their eager and open minds deserve good answers to their good questions. What Does God Look Like? seeks to help each child know who God is and how much He loves and cares about each of them; relieve any fears or misconceptions about death and reveal a biblical, pleasant picture of heaven for them; and reinforce the teaching that God is not only our Lord and Savior but also our comforter, teacher, and everlasting Father. What Does God Look Like? encourages each child to see God's reflection in his or her face and to make an indelible impression on them that they are made in God's image.

A Biblical look at the appearance of God the Father.

Drawing God is the story of a young girl named Emma, who is inspired to draw like Picasso after a field trip to the art museum. Emma wants to draw something beyond spectacular and decides to draw God. She is quick to share her masterpiece with her best friend at school, but he can't see God in her drawing. Emma tries again and again, and none of her classmates can see God in her drawings. Finally, Emma realizes that she doesn't need their approval. But soon after, she also realizes the power of her contagious inspiration, when she returns to school to find everyone drawing God -- and every picture is different.

What does God (eeshwar, allah) look like exactly? What is the structure, shape, color? How many forms does God have? Or is God formless? Does God look like air/fire? Does God live in space? Is Jupiter the address of God? Does God live in another galaxy? Is God an electron, proton or magnetic force? How is God able to control the universe without being seen? All questions answered with proof. Many religions preach that God looks like a man. They say that God or eeshwar or Allah or rabbi or guru or pagan etc. etc. is beautiful, true and divine. Satyam, Shivam, Sundaram. They postulate that God is the first and the only truth. That He is in all and all is in Him. But some others say that God is formless. The power which rules this universe is thought of as a shapeless, colorless, formless entity. It is thought that God is invisible. What is the actual truth? Does God really exist? Is God a nuclear force or electromagnetic force? Is God a gravitational force? Or does God have electrical forces within himself? Is God female or male? Black or white? How does God manage to control the universe without being seen? Does God obey scientific principles or is God independent of science? Is God defined by mathematics? Or does God lean towards the philosophy? If God is light, is God made of photons then? Does God obey Einstein's theory of relativity? Why must we know the truth? Because this is the foundation on which we stand. Every child, when he reaches 4 or 5 is taught about God. Before he goes to school the child learns about God. His parents and other family members train him subtly about God and his kindness. As he grows he keeps on hearing about God from multiple sources, his home, shrines, school, friends, TV, society, newspapers etc. So this belief keeps on growing unconsciously within himself and makes strong roots. These are the origins of a human being. They spread wide and tall and become a strong big tree all without the apparent knowledge of the person. However man does not question these subconscious thoughts and notions because questioning them would mean questioning himself. These theories and notions are the foundation of his being, his psychology, and self. Unknowingly he feeds on a lot of philosophy which he has no way of validating. His thinking, intuition and logic are modified by this subtle psychology. It impacts all his decisions without his knowledge. He stands on this groundwork and makes all resolutions about life never realizing the seriousness of this subconscious control. Understanding God is the first step. It is the alphabet. How can you read the book without knowing the alphabet? The world jumps on from book to book without ever knowing the alphabet. The world is in a great hurry. It is dashing like a supersonic jet, without ever realizing that its foundations were never ever made. This book talks about all these factors and the truth about God. About god, eeshwar, Allah, rabbi, guru etc. It reveals the truth about mind and soul, spiritual journey and reincarnation. It dissects the truth and presents all facts in a plain language so that everyone can understand it. It is straightforward, surgical and precise. It answers all questions without leaving any doubts whatsoever.

Knowing God

The Incredible Human Potential

I'm not religious now, or at the time I had the dreams, I am the most unlikely person to have been chosen to deliver any messages. Starting in my early twenties and continuing through my late twenties, I dreamt only prophetic dreams. I had been asked by people "that I consider religious" to release my dreams to everyone because they felt that they were necessary. I did not think that the dreams were for anyone except myself, and I kept them mostly private for over thirty years. For whatever reason since the first of 2020, I have an uncontrollable compulsion to share my dreams. Let me start with this one question, what would you do if one evening before bed, you prayed, and with resounding and undeniable confirmation, the next six years of your

life all the items you once prayed, thought, discussed, or questioned were answered? What if the only dreams you had were prophetic dreams with answers? What if, unlike most dreams, these dreams you could not forget? I must have wanted assurance in the place of faith. I wanted to know what everyone wants to know. Where did God come from? Why did God create humans? What do angels look like? What does God look like? Why did Lucifer get condemned to earth (Big Surprise)? Which Bible is the real Bible? What does heaven "really" look like and more? All were surprising to me as I dreamt of the truth. A couple of the biggest surprises was the real reason God created women and their true importance in our current humankind and what heaven looks like and how heaven works. These are all revealed in my dreams. Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

What Did Jesus Look Like? Bloomsbury Publishing

What Does God Look Like? Have you ever wondered what God looks like? Or what he sounds like? Does he really have eyes to see us and ears to hear us? Does he really smell the sweet aroma of our prayers? What does it mean that humans are created in the image of God? Does that mean that God has eyes and ears? When the writer of Genesis goes on and says, In the image of God he created them, male and female he created them (Gen. 1: 27)? Does this verse mean that our gender reflects gender in God? How are we to understand these expressions about God, when we know that he is a Spirit and does not have a body? Are they merely the way uneducated people in ancient times spoke about things they did not understand? Are we too sophisticated and educated today to pay any attention to these expressions? In short, why are all the human images of God in the Bible, and what are Christians to learn from them in the twenty-first century? This book attempts to answer these questions, and many like them, as we examine the human images of God in the Bible and what they have to say to us today.

What Did Jesus Look Like?

OMG!

"Children who are introduced to God, through attending church or having loved ones who speak often about God, often have a lot of questions, including this ever-popular one: What is God like? The late Rachel Held Evans loved the Bible and loved showing God's love through the words and pictures found in that ancient text. Through these pictures from the Bible, children see that God is like a shepherd, God is like a star, God is like a gardener, God is like the wind, and more. God is a comforter and support"--

Children (and adults) often wonder and ask, "What does God look like?" And though 1 John 4:12 reminds us "No one has seen God at any time," that same scripture goes on to provide an answer of some sort, "...if we love one another, God abides in us, and His love is perfected in us." This book is meant to help answer that big question. It demonstrates how words and actions can show His love. Through colorful illustrations of a young boy's everyday adventures, Mama helps him discover what God looks like, in both big and small ways, if he'll only look with his heart.

For two thousand years, Christians have been intrigued by the somewhat enigmatic Imago Dei references in the book of Genesis. Much theological ink has been spilled mulling over the significance and meaning of these words: "Let us make humanity in our image, according to our likeness . . ." In The Liberating Image, J. Richard Middleton takes on anew the challenge of interpreting the Imago Dei. Reflecting on the potential of the Imago Dei texts for developing an ethics of power rooted in compassion, he relates its significance to the Christian community's distinct calling in an increasingly violent world. The Liberating Image introduces a relevant, scholarly take on an important Christian doctrine. It will appeal to all Christians seeking to better understand what it means to be made in God's image.

OMG! is a magical window into how children view God. Its humor is timeless and satisfying and rich with insight. It's a book that speaks to people—no matter who they are or where they live—especially given the state of our troubled world. It will make them think, re-evaluate, and without a doubt, smile. Parents know that kids ask amazing and often difficult questions about God, faith, heaven, and that other place; sometimes their thoughts are warm and sweet but other times they can be razor sharp and invective. But the outrageous and engaging concepts shared in OMG! are more than a way to deal humorously with children when they express their particular unorthodox views, they can open a difficult dialogue for families about the fanciful thoughts and misconceptions that kids have about God and his or her meaning in our lives. OMG! showcases the differences and yet the similarities that kids of every economic, cultural and religious background share. Funny, poignant and galvanizing with deeply rooted sentiments that will never go out of fashion.

He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

According to Stephen it's because they're asking wrong people for advice when no one but God can tell them how to find and keep God as their eternal husband. In God is Going to Marry You, Stephen lets all women, men and children inside the mindset of God and sheds lights on the concepts and questions such as: * GOD's Fiancee * God's Wine, God who dwells between the breast * Who will God get married to? * Which God is Getting Married to You? * Where will GOD Celebrate His Marriage? * Who is invited to the Wedding of God? * Is God a Homosexual? Will he marry lesbians and gays? * How does God look like? * The kind God will not marry? * Where will God's wife live after her marriage? * What happens when you refuse to marry God? * And more ...

This book "Enoch, What Does Heaven Look Like?" is the story of Enoch's amazing journey into the heavens, where he meets with specific angels that lead him on a trip through the various dimensions of the heavens, and eventually to the Throne of God. This book is meant to give the reader a general description of what heaven looks like from the perspective of the man who walked with God named Enoch; the great-grandfather of Noah (Genesis 5:22-29). For the Bible says (Genesis 5:24) that Enoch "walked with God: and he was not; for God took him." Enoch is listed in the Bible and the Apocryphal works. While Enoch is in heaven he receives revelation from God and the archangels about the first seven days of God's creation of the universe; and the mysteries of the wonders of the various heavens while he visits there. This story of Enoch's epic adventure is an adaptation taken from the Holy Bible, and the book of Enoch, and is written in three parts. The first part of this book is based on an adaptation of the Bible's book of Genesis, and is written from the perspective of Enoch's description of the revelation that he get from the Lord, regarding the first seven days of God's Genesis of creation. The second part of this book is meant to give a general description of what heaven looks like, and is an adaptation based on the "Book of Enoch" and the revelation that Enoch receives from the Lord God, as the archangels lead Enoch through the various dimensions

of the heavens showing him the wonders that exists there. The third part of this book described in the last two chapters is an adaptation from the Bible and the "Book of Enoch" regarding the revelation that Enoch receives about the Throne of the God, and the revelation of Jesus the Christ, the Son of God, the Son of Man. The work in this book is not the original "Book of Enoch" letter by letter, but is an adaptation taken from the "Book of Enoch" and the Holy Bible. This book is written in story form and is also a form of poetry; and is not meant to be considered the canon of Holy Scripture.
