Finding fulfillment in both love and work isn't easy--but it's possible. The majority of couples today are dual-career couples. As anyone who's part of such a relationship knows, it presents big challenges: trying to raise kids and achieve career goals while caring for and supporting your partner can seem impossible. Yet most advice for dual-career couples frames the challenges as a zero-sum game in which one partner's gain is the other's loss and solutions feel like sacrifices or unsatisfactory trade-offs. This book is different. In *Couples That Work*, INSEAD professor Jennifer Petriglieri rejects conventional, one-size-fits-all solutions and instead focuses on how dual-career couples can tackle and resolve the challenges they face throughout their lives--together. She identifies three key phases of exploration and personal growth in every couple's work-life journey, showing how partners can bring these together to strengthen their bond. Each phase is crystallized with a question: How can we make this work? The first phase focuses on the logistics of combining careers, which often involves the demands of young children. What do we really want? In the second phase, couples learn to navigate their midlife crises in ways that allow each partner to feel happy and fulfilled. Who are we now? With careers winding down and kids grown up, this last phase offers new freedoms--and uncertainties. Based on a five-year research project, the book includes interviews with couples from over thirty countries--from executives to entrepreneurs and from twentysomething newlyweds to dual-career grandpas. With vivid real-life stories, keen insights, and engaging exercises, *Couples That Work* will help couples develop their own unique answers to that most pressing question: How can we successfully combine love and work?

He gets hired by a studio to provide support in the most depressing hospital in New York. Gets peed on by a lion. Explains peristalsis to a Tony winner. Makes a movie and goes to Sundance. Goes back to New York when it bombs. Keeps hustling, shooting anything. Is an a**hole, pays the price, finally learns when and how to be an a**hole and becomes one of the industry's stars. But it's not what he expected. It's harder, weirder, and funnier. But it worked out. It worked out great, actually.

Marilyn Booth's elegantly conceived study reveals the Arabic tradition of life-writing in an entirely new light. Though biography had long been male-authored, in the late nineteenth century short sketches by and about women began to appear in biographical dictionaries and women's journals. By 1940, hundreds of such biographies had been published, featuring Arabs, Turks, Indians, Europeans, North Americans, and ancient Greeks and Persians. Booth uses over five hundred "famous women" biographies—which include subjects as diverse as Joan of Arc, Jane Austen, Aisha bt. Abi Bakr, Sarojini Naidu, and Lucy Stone—to demonstrate how these narratives prescribed complex role models for middle-class girls, in a context where nationalist programs and emerging feminisms made defining the ideal female citizen an urgent matter. Booth begins by asking how cultural traditions shaped women's biography, and to whom the Egyptian biographies were directed. The biographies were published at a time of great cultural awakening in Egypt, when social and political institutions were in upheaval. The stories suggested that Islam could be flexible on social practice and gender, holding out the possibility for women to make their own lives. Yet ultimately they indicate that women would find it extremely difficult to escape the nationalist ideal: the nuclear family with "woman" at its center. This conflict remains central to Egyptian politics today, and in her final chapter Booth examines Islamic biographies of women's lives that have been published in more recent years.

Nujood Ali's childhood came to an abrupt end in 2008 when her father arranged for her to be married to a man three times her age. With harrowing directness, Nujood tells of abuse at her husband's hands and of her daring escape. With the help of local advocates and the press, Nujood obtained her freedom—an extraordinary achievement in Yemen, where almost half of all girls are married under the legal age. A masterpiece of reporting on the Supreme Court's most divisive case, *Roe v. Wade*, and the unknown lives at its heart. Despite her famous pseudonym, no one knows the truth about "Jane Roe," Norma McCorvey (1947–2017), whose unwanted pregnancy in 1970 opened a great fracture in American life. Journalist Joshua Prager spent years with Norma, discovered her personal papers, a previously unseen trove, and witnessed her final moments. With an explosive revelation at the core of the case, he tells her full story for the first time. Prager also traces Roe's fifty-year trajectory through three compelling figures: feminist lawyer Linda Coffee, who filed the original Texas lawsuit yet now lives in obscurity; Curtis Boyd, a former fundamentalist Christian, today a leading provider of third-trimester abortions; and Mildred Jefferson, the first Black female Harvard Medical School graduate, who became a pro-life leader with great secrets. Essential to our understanding of this key debate, the right to choose or the right to life, *The Family Roe* will change the way you think about our enduring American divide.

A New York Times Notable Book "*Sea Wife* is a gripping tale of survival at sea—but that's just the beginning. Amity Gaige also manages, before she's done, to probe the underpinnings of romantic love, marriage, literary ambition, political inclinations in the Trump age, parenthood, and finally, the nature of survival itself in our broken world. Gaige is thrillingly talented, and her

novel enchants." –Jennifer Egan "Sea Wife brilliantly breathes life not only into the perils of living at sea, but also into the fraught and hidden dangers of domesticity, motherhood, and marriage. What a smart, swift, and thrilling novel." –Lauren Groff From the highly acclaimed author of *Schroder*, a smart, sophisticated page literary page-turner about a young family who escape suburbia for a yearlong sailing trip that upends all of their lives. Juliet is failing to juggle motherhood and her stalled-out dissertation on confessional poetry when her husband, Michael, informs her that he wants to leave his job and buy a sailboat. With their two kids—Sybil, age seven, and George, age two—Juliet and Michael set off for Panama, where their forty-four foot sailboat awaits them. The initial result is transformative; the marriage is given a gust of energy, Juliet emerges from her depression, and the children quickly embrace the joys of being feral children at sea. Despite the stresses of being novice sailors, the family learns to crew the boat together on the ever-changing sea. The vast horizons and isolated islands offer Juliet and Michael reprieve – until they are tested by the unforeseen. *Sea Wife* is told in gripping dual perspectives: Juliet's first person narration, after the journey, as she struggles to come to terms with the life-changing events that unfolded at sea, and Michael's captain's log, which provides a riveting, slow-motion account of these same inexorable events, a dialogue that reveals the fault lines created by personal history and political divisions. *Sea Wife* is a transporting novel about marriage, family and love in a time of unprecedented turmoil. It is unforgettable in its power and astonishingly perceptive in its portrayal of optimism, disillusionment, and survival.

The Relationship Manual for Becoming Mr. Right and Making a Woman Happy

An inspiring memoir of life, love, loss, and new beginnings by the widower of bestselling children's author and filmmaker Amy Krouse Rosenthal, whose last act of love before her death was setting the stage for her husband's life without her in the viral New York Times Modern Love column, "You May Want to Marry My Husband." On March 3, 2017, Amy Krouse Rosenthal penned an op-ed piece for the New York Times' "Modern Love" column—"You May Want to Marry My Husband." It appeared ten days before her death from ovarian cancer. A heartbreaking, wry, brutally honest, and creative play on a personal ad—in which a dying wife encouraged her husband to go on and find happiness after her demise—the column quickly went viral, reaching more than five million people worldwide. In *My Wife Said You May Want to Marry Me*, Jason describes what came next: his commitment to respecting Amy's wish, even as he struggled with her loss. Surveying his life before, with, and after Amy, Jason ruminates on love, the pain of watching a loved one suffer, and what it means to heal—how he and their three children, despite their profound sorrow, went on. Jason's emotional journey offers insights on dying and death and the excruciating pain of losing a soulmate, and illuminates the lessons he learned. As he reflects on Amy's gift to him—a fresh start to fill his empty space with a new story—Jason describes how he continues to honor Amy's life and her last wish, and how he seeks to appreciate every day and live in the moment while trying to help others coping with loss. *My Wife Said You May Want to Marry Me* is the poignant, unreserved, and inspiring story of a great love, the aftermath of a marriage ended too soon, and how a surviving partner eventually found a new perspective on life's joys in the wake of tremendous loss.

FINALIST FOR THE PEN JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY "Feminism, history, literature, politics—this tale has all of that, and a heroine worthy of her own turn in the spotlight." —Therese Anne Fowler, bestselling author of *Z: A Novel of Zelda Fitzgerald* A revelatory new portrait of the courageous woman who saved Dostoyevsky's life—and became a pioneer in Russian literary history In the fall of 1866, a twenty-year-old stenographer named Anna Snitkina applied for a position with a writer she idolized: Fyodor Dostoyevsky. A self-described "girl of the sixties," Snitkina had come of age during Russia's first feminist movement, and Dostoyevsky—a notorious radical turned acclaimed novelist—had impressed the young woman with his enlightened and visionary fiction. Yet in person she found the writer "terribly unhappy, broken, tormented," weakened by epilepsy, and yoked to a ruinous gambling addiction. Alarmed by his condition, Anna became his trusted first reader and confidante, then his wife, and finally his business manager—launching one of literature's most turbulent and fascinating marriages. *The Gambler Wife* offers a fresh and captivating portrait of Anna Dostoyevskaya, who reversed the novelist's freefall and cleared the way for two of the most notable careers in Russian letters—her husband's and her own. Drawing on diaries, letters, and other little-known archival sources, Andrew Kaufman reveals how Anna protected her family from creditors, demanding in-laws, and her greatest romantic rival, through years of penury and exile. We watch as she navigates the writer's self-destructive binges in the casinos of Europe—even hazarding an audacious turn at roulette herself—until his addiction is conquered. And, finally, we watch as Anna frees her husband from predatory contracts by founding her own publishing house, making Anna the first solo female publisher in Russian history. The result is a story that challenges ideas of empowerment, sacrifice, and female agency in nineteenth-century

Russia—and a welcome new appraisal of an indomitable woman whose legacy has been nearly lost to literary history.

A Recommended Read from: Good Morning America • Good Housekeeping • Esquire • Shondaland • Atlanta Journal-Constitution • The Week • Lit Hub • Publishers Weekly An illuminating, poignant, and savagely funny examination of modern marriage from Ask Polly advice columnist Heather Havrilesky If falling in love is the peak of human experience, then marriage is the slow descent down that mountain, on a trail built from conflict, compromise, and nagging doubts. Considering the limited economic advantages to marriage, the deluge of other mate options a swipe away, and the fact that almost half of all marriages in the United States end in divorce anyway, why do so many of us still chain ourselves to one human being for life? In *Foreverland*, Heather Havrilesky illustrates the delights, aggravations, and sublime calamities of her marriage over the span of fifteen years, charting an unpredictable course from meeting her one true love to slowly learning just how much energy is required to keep that love aflame. This refreshingly honest portrait of a marriage reveals that our relationships are not simply “happy” or “unhappy,” but something much murkier—at once unsavory, taxing, and deeply satisfying. With tales of fumbled proposals, harrowing suburban migrations, external temptations, and the bewildering insults of growing older, *Foreverland* is a work of rare candor and insight. Havrilesky traces a path from daydreaming about forever for the first time to understanding what a tedious, glorious drag forever can be.

*Detective Kimberley King, recently relocated from New York to Oklahoma, with her young daughter Jessica, can’t ignore the similarity of Hannah’s death to the case of Katie James, the woman that the town of Dead Woman Crossing is named after. But as she interviews suspects, Kimberley is met with blank faces and closed lips. In a small town, people won’t talk and when she pursues a promising lead, her own family turn their back on her. Kimberley isn’t afraid to ask questions, but when she receives a threatening note, she realises that, as a single mother to a young daughter, she might be putting herself dangerously in the killer’s sights ... A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over

*heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.*

Featuring a new preface, Oliver Sacks's *The Man Who Mistook His Wife for a Hat* tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In Dr. Sacks's splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine's ultimate responsibility: "the suffering, afflicted, fighting human subject."

She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

I realize there are many self-help books covering a variety of issues. My desire, however, was to write a book about the marital relationship that is easy to read yet has enough substance to positively impact readers on a level that would motivate an inward desire to change for the better. This is a book that will open the eyes of readers to the fact that they are as normal as anyone else. It is a book showing how a few changes or corrections in one's daily interaction with one's spouse could make for a better tomorrow. The reader will learn not to react, responding instead with the right motive and attitude. The reader will be able to see how, by doing the right things, one's life can change for the better, and so can the lives of all in the household. I grew up hearing how difficult the marital relationship is due to the differences between men and women. I heard about how women are hard to figure out or that most men never know what it is their wives want. In my life, I have not found this to be true. What I have found is that it takes a conscious effort on my part to observe and get to know my wife, her likes and dislikes, her wants, hopes dreams, and desires. During this observation I learned she did not like all the things I did, and that was okay. I learned to accept the fact that she might not want to do what I want to do, and it is okay if I don't want to do what she wants. I learned she was romantic and even has her own personal language. This is a language she and other women appear to understand, but it didn't readily make sense to me. I believe you will find this book to be quite informative and to the point. It will make you think hard about how you interact with your spouse on a daily basis. It will also teach you something about the most important college you will ever attend: the college of life.

Anna, a German mill-owner’s daughter, marries a French aristocrat and moves to France. She discovers that her husband killed his previous wife and that he is trying to kill her as well. Quick, intriguing, and with an extremely interesting plot, ‘The Grey Woman’ (1861) is a short story by Elizabeth Gaskell for anyone who enjoys a good gothic shudder.

Incredibly progressive for its time, it is about the survival of the ill-treated woman who has decided that enough is enough. Elizabeth Cleghorn Gaskell (1810-1865) was an English novelist, short story writer, and biographer, best known for her novels 'North and South' and 'Wives and Daughters' as well as her biography of Charlotte Brontë. Gaskell was viewed as a minor author until the 1950s where it became evident that her depiction of industrial environments and social problems was brilliant and poignant.

Our relationships define every aspect of our lives. Our behaviors, attitudes, actions, values, and beliefs are shaped through our life Relationships. Almost all of us have experienced emotional, physical, and even psychological hurts and wounds from our relationships with parents, siblings, lovers, colleagues, and friends in society. Mary Muinamu is a counseling psychologist, relationship coach, and founder of Relationships Powerlift. Her passion for healthy relationships developed at a very tender age when she noticed that many people were struggling with relationships, especially in marriage. This desire for flourishing relationships drove her into studying Counseling Psychology and writing this book. A responsive spouse is an initial step in dealing with some of these issues. A spouse who is receptive to their spouse's needs is likely to understand them more, minimize conflict, and handle them appropriately. A responsive spouse enlightens and enables you to spot and identify your spouse's various needs and address them accordingly. It also helps to bring healing to hurting marriages. It is an eye-opener for those who are single and those who are married. This book will not leave you the same. It has a wealth of knowledge that many people discover after many years of marriage. It is not a mystery to come to terms with your spouse's needs and be in a position to meet them. We all understand that we need to meet each other's needs, but we sometimes try to assume this for whatever reasons. However, this is for our good if we want a happy and lasting relationship. Many people argue that people change after marriage. However, this is not the case. Most likely, those who seem to change after union were acting during courtship because they never wanted to lose their spouse. That is why even when you start a relationship, it should be normal to disagree on some things. The nature of man is to put a facade and especially to those he or she wants to deceive with his or her reputation. However, a natural person who is true to himself or herself does not mind what the other person might think of him or her as long as he is true to himself or herself. A real man or woman will love you for who you are and learn to accommodate your weaknesses. I am that kind of a person whereby if I decide I will not do something, I will not do it no matter what. I did not know my husband was interested in me when we were young and single, and this aspect of my character used to come out quite often. 109 A Responsive Spouse When he proposed, I remember I asked him how daring he was to love me with that character. His response to me was, "I knew you were not acting. I also wanted someone who could challenge me." Develop your character and be you. The things you consider off and unpleasing may not be as bad as you think before your lover; let them come out.
