Neuroscience has made astounding progress in the understanding of the brain. What should we make of its claims to go beyond the brain and explain consciousness, behaviour and culture? Where should we draw the line? In this brilliant critique Raymond Tallis dismantles "Neuromania", arising out of the idea that we are reducible to our brains and "Darwinitis" according to which, since the brain is an evolved organ, we are entirely explicable within an evolutionary framework. With precision and acuity he argues that the belief that human beings can be understood in biological terms is a serious obstacle to clear thinking about what we are and what we might become. Neuromania and Darwinitis deny human uniqueness, minimise the differences between us and our nearest animal kin and offer a grotesquely simplified account of humanity. We are, argues Tallis, infinitely more interesting and complex than we appear in the mirror of biology. Combative, fearless and thought-provoking, *Aping Mankind* is an important book and one that scientists, cultural commentators and policy-makers cannot ignore. This Routledge Classics edition includes a new preface by the Author.

Skaggs Foundation, is pleased to announce the republication of this folklore classic, in honor of the centenary of the American Folklore Society.

One of *The Millions'* Most Anticipated Books of 2021. Lyrical and unforgettable, part elegy and part memoir, we present a previously unpublished masterpiece from the Beat Generation icon. Simultaneously released with an expanded edition of di Prima's classic *Revolutionary Letters on the one-year anniversary of her passing*. In the autumn of 1964, Diane di Prima was a young poet living in New York when her dearest friend, dancer, choreographer, and Warhol Factory member, Freddie Herko, leapt from the window of a Greenwich Village apartment to a sudden, dramatic, and tragic death at the age of 29. In her shock and grief, di Prima began a daily practice of writing to Freddie. For a year, she would go to her study each day, light a stick of incense, and type furiously until it burned itself out. The narrative ranges over the decade from 1954—the year di Prima and Herko first met—to 1965, with occasional forays into di Prima's memories of growing up in Brooklyn. Lyrical, elegant, and nakedly honest, *Spring and Autumn Annals* is a moving tribute to a friendship, and to the extraordinary innovation and accomplishments of the period. Masterfully observed and passionately recorded, it offers a uniquely American portrait of the artist as a young woman in the heyday of bohemian New York City. Praise for *Spring and Autumn Annals*: "The book is a treasure. Moving between the East Village, San Francisco, Topanga Canyon and Stinson Beach with young children, di Prima's life is unbelievably rich. She studies Greek, writes, prepares dinners and feasts, and co-edits *Floating Bear* magazine. Diane di Prima is one of the greatest writers of her generation, and this book offers a window into its lives."—Chris Kraus "Extolled by a writer who radically devoted herself to the experiential truth of beauty and intellect, in poverty and grace, in independent dignity, and in the community of Beat consciousness, Diane di Prima's *Spring and Autumn Annals* arrives as a long-lost charm of illuminated meditations to love, life, death, eros and selflessness. An essential 1960s text of visionary rapaciousness."—Thurston Moore "Freddie Herko wished for a third love before he died; and what a love is in this book's beholding, saying, and release. Di Prima's dancing narrative, propelled and circling at the speed of thought, picking up every name and detailed perception as a rolling tide, fills me with gratitude for the truth of her eye. Nothing gets past it, not even the 'ballet slippers letting in the snow.'"—Ana Božičević "A masterpiece of literary reflection, as quest to archive her dancer friend's life, to make art at all costs and the price dearly paid. Di Prima's observational capacity is profound, her devotion and loyalty assures her deserved place as a national treasure. She generously instills in us the call of poetic remembrance as an act of resistance, and gives voice to the marginalized participants in experimental cultural movements that carried courage in creative rebellion while envisioning freedom of the human spirit. Di Prima's poetic memoir of the artist journey is a triumph. A mustread and reread for years to come."—Karen Finley

Experience the magic of springtime as it comes to life with flowers blooming, birds singing and many other signs that make spring aglow. The inspiration for this book was the result of the author's final exam for a Children's Literature class at Ohio University in the spring of 1966. At that time, the author's professor suggested that it was worthy of being published. The book was then put in a closet and read from time to time to younger family members. Fifty-two years later, "How Do We Know That Spring's Aglow" is a timeless theme that is enjoyed as much by readers today as it was when it was written in 1966.

The first collection of poetry in English by a noted Polish poet.

The material symbol has become central to understanding religion in late modernity. Overtly theological approaches use words to express the values and faith of a religion, but leave out the 'incarnation' of religion in the behavioural, performative, or audio-visual form. This book explores the lived experience of religion through its material expressions, demonstrating how religion and spirituality are given form and are thus far from being detached or ethereal. Cutting across cultures, senses, disciplines and faiths, the contributors register the variety in which religions and religious groups express the sacred and numinous. Including chapters on music, architecture, festivals, ritual, artifacts, dance, dress and magic, this book offers an invaluable resource to students of sociology and anthropology of religion, art, culture, history, liturgy, theories of late modern culture, and religious studies.

What starts as a straightforward magical mission turns deadly. Spring Thorne's life is a mess. The man Spring loves seems to loathe her, family enemies are coming out of the woodwork, and her mother remains in a twenty-year stasis, waiting on ancient artifacts to revive her. When Spring's uncle asks her to retrieve one of the final two objects, she jumps at the chance--until she finds out dear old Uncle Alastair has also recruited Knox Carlyle; the recent bane of her not-so-idyllic existence. Knox Carlyle avoids Spring at all costs. Since the day she became an adult, she's made it her mission to attract his notice. He refuses to allow himself to love her, believing his dark past eliminates any chance they have to be together. But with every look, every touch, his hard-won determination weakens. With an army of Désorcelers determined to capture or kill witches at every turn, Knox is compelled to protect Spring from her own stubborn tendency to charge into trouble even if it means following her to South America to retrieve a powerful amulet. But when Knox fails to protect Spring, he is forced to go to extremes in order to save the only woman he's ever loved. Spring Magic is the fourth installment in the epic Thorne Witches series. Experience the magic today!

A powerful exploration of Black achievement in a white world based on honest, provocative, and moving interviews with Black leaders, scientists, artists, activists, and champions. "I remember the day I realized I couldn't play a white guy as well as a white guy. It felt like a death sentence for my career." When Chad Sanders landed his first job in lily white Silicon Valley, he quickly concluded that to be successful at work meant playing a certain social game. Each meeting was drenched in white slang and the privileged talk of international travel or folk concerts in San Francisco, which led Chad to believe he needed to emulate whiteness to be successful. So Chad changed. He changed his wardrobe, his behavior, his speech—everything that connected him with his Black identity. And while he finally felt included, he felt awful. So he decided to give up the charade. He reverted back to the methods he learned at the dinner table, or at the Black Baptist church where he'd been raised, or at the concrete basketball courts, barbershops, and summertime cookouts. And it paid off. Chad began to land more exciting projects. He earned the respect of his colleagues.

Accounting for this turnaround, Chad believes, was something he calls Black Magic, namely resilience, creativity, and confidence forged in his experience navigating America as a Black man. Black Magic has emboldened his every step since, leading him to wonder: Was he alone in this discovery? Were there others who felt the same? In moving essays, Chad dives into his formative experiences to see if they might offer the possibility of discovering or honing this skill. He tests his theory by interviewing Black leaders across industries to get their take on Black Magic. The result is a revelatory and very necessary book. Black Magic explores Black experiences in predominantly white environments and demonstrates the risks of self-betrayal and the value of being yourself.

Arcane Amunet is the last of her kind, having escaped the wrath of Hunters, she finds herself a Coven of Witches within Venfic Haven, a hidden home from the rest of the world. Though, as she finds herself protected; she realises there is a backstabber amongst the mass, a Witch that is working alongside the Hunters. A dragon that foretells destinies, streets suddenly cluttered with thousands of dead birds, a plague of malevolent insects, ghosts arising in the town cemetery, demons haunting the woods of the White Forest — these are only some of the dangers that thirteen-year-old Alex Ravenstar and his friends in The Young Sorcerers Guild must overcome in order save the secluded magical town of Runewood from an ancient, soul-enslaving evil in The Dark Shadow of Spring. After a nearly-disastrous adventure to wake the local dragon from its hibernation in hopes that it will tell them their destinies, Alex and his friends accidentally encounter the dark force that was responsible for burning the magic out of the world beyond the Rune Valley thousands of years ago. Known as the Shadow Wraith, the evil force was cast from this world and imprisoned in another realm at the end of the war fought to stop it. Once again, the Shadow Wraith is trying to escape its prison to enslave the world, and Alex and the Young Sorcerers Guild are the only ones who can defeat it.

Celtic Myth & Magick

A Classification of Narrative Elements in Folktales, Ballads, Myths, Fables, Mediaeval Romances, Exempla, Fabliaux, Jest-books, and Local Legends

Tap into the mythic power of the Celtic goddesses, gods, heroes, and heroines to aid your spiritual quests and magickal goals. Human and divine energies complement each other; when joined, they become a potent catalyst for true magick and change. Celtic Myth & Magick describes the energies of over 300 cross-referenced Celtic deities and heroic figures so you can quickly determine which one can best help you in attaining specific goals through magick—such as greater prosperity (Cernunnos), glowing health (Airmid), or a soul partner (Aengus MacOg). This guidebook explains how to use creative Pagan ritual and pathworking to align yourself with the energy of these powerful archetypes. Undertake three magickal quests to the inner plane—where you 'll join forces with Cuchulain, Queen Maeve, and Merlin the Magician to bring their energies directly into your life. This inspiring, well-researched book is written especially for solitary Pagans who seek to expand the boundaries of their practice to form working partnerships with the divine.

Illustrator and author Lauren White uses her characteristic wit and charm to create these two illustrated books of magical spells. *Spells for a Perfect Love Life* and *Spells for Self-Improvement* offer a variety of creative spells for these two popular themes. These enchanting books are filled with spells, potions, and magic for love and self-improvement. Funny, touching, and entertaining, these books make perfect gifts. Sample spell, "Opening the Door": Forget "feng shui." This spell is all you'll ever need to chase away bad vibes, energize your space, and generally rev up the atmosphere. This spell should be performed when there is a new moon—preferably in late winter/early spring. You will need: a fine paintbrush, spring water, myrtle leaves, pine needles, your own door key. Wearing your favorite item of clothing will increase the potency of this spell. Method: 1) Place the myrtle and pine needles in a bowl. 2) Add one cup of spring water. 3) Wait for the moon to rise to its highest point. 4) Place the key in the bowl. 5) With the paintbrush "paint" this water around your doorway. This will give it an immediate magical energy. 6) The metaphorical door is now wide open for good things to flow through.

An invaluable introduction to the life and work of one of today's most important cultural critics. Studied on most undergraduate literary and cultural studies courses, Fredric Jameson's writing targets subjects from architecture to science fiction, cinema to global capitalism. Of his works, *The Political Unconscious* remains one of the most widely cited Marxist literary-theoretical texts, and 'Postmodernism, or the cultural logic of late capitalism', is amongst the most influential statements on the nature of post-modernity ever published. Adam Roberts offers an engaging introduction to this crucial figure, which will convince any student of contemporary theory that Jameson must be read.

Peter, Michael and Emma are strangers, each despatched by their parents for a week's holiday with the Myers in their cottage at the foot of a Welsh mountain. Coincidence? Or has the strange neighbour, Mrs White, somehow lured them to enact an awesome quest? They are an uneasy trio, uncomfortable in their forced alliance, and they face their circumstances in very different ways - Mrs Myers anxious 'mothering', the enigmatic Mrs White, and the swirling sense of fear that seems trapped in the lane running past her house, her stories of Arthur's Way, the old straight track shrouded in legend that leads straight to the peak of the mountain, and her obsession with diverting the spring at the top. There are peculiar visitors and strange warnings, yet the children feel compelled to set off up Arthur's Way at the most dangerous time of year. What they discover, about unseen forces on earth, about the price of disturbing nature, about themselves, leads to a gripping climax in a spell-binding tale.
