What if a falcon and a hawk had a fight? Who do you think would win?

"The icy cold Arctic is home to both the powerful polar bear and intelligent orca, two mighty predators. But which animal is the fiercest of the ecosystem? Does the polar bear's patience in stalking its prey and strength in attack put it on top? Or does the orca's ability to work in a pod give it the edge? Compare and contrast each animal's features and skills before you declare the winning predator"--

Great White Shark Vs. Killer Whale

Shark Vs. Killer Whale

The Bird Alphabet Book

Lobster Vs. Crab

The fascinating and heartbreaking account of the first publicly exhibited captive killer whale – a story that forever changed the way we see orcas and sparked the movement to save them. Killer whales had always been seen as bloodthirsty sea monsters. That all changed when a young killer whale was captured off the west coast of North America and displayed to the public in 1964. Moby Doll – as the whale became known – was an instant celebrity, drawing 20,000 visitors on the one and only day he was exhibited. He died within a few months, but his famous gentleness sparked a worldwide crusade that transformed how people understood and appreciated orcas. Because of Moby Doll, we stopped fearing “killers” and grew to love and respect “orcas.”

What would happen if sixteen sea creatures met in a tournament? Who will be the ocean champion? Who do you think would win? --

What would happen if a lion and a tiger had a fight? Who do you think would win? This nonfiction reader compares and contrasts the two species. Students will learn about the animals' anatomies, behaviors, and more. Includes beautiful photos, charts, illustrations, and fascinating facts.

What would happen if a great white shark and a killer whale had a fight? This nonfiction reader compares and contrasts the two species. Students will learn about the animals' anatomies, behaviors, and more. Includes beautiful photos, charts, illustrations, and fascinating facts.

Famed in story as "the great leviathans," sperm whales are truly creatures of extremes. Giants among all whales, they also have the largest brains of any creature on Earth. Males can reach a length of sixty-two feet and can weigh upwards of fifty tons. With this book, Hal Whitehead gives us a clearer picture of the ecology and social life of sperm whales than we have ever had before. Based on almost two decades of field research, Whitehead describes their biology, behavior, and habitat; how they organize their societies; and how their complex lifestyles may have evolved in this unique environment. Among the many fascinating topics he explores is the crucial role that culture plays in the life of the sperm whale, and he traces the consequences of this argument for both evolution and conservation. Finally, drawing on these findings, Whitehead builds a general model of how the ocean environment influences social behavior and cultural evolution among mammals as well as other animals. The definitive portrait of a provocative creature, Sperm Whales will interest animal behaviorists, conservationists, ecologists, and evolutionary biologists as well as marine mammalogists.

Introduces killer whales, discussing their physical characteristics, diet, habitats, and status as an endangered species.

Wolverine Vs. Tasmanian Devil

The gypsy street dancer Esmeralda captures the hearts of many men, including those of Captain Phoebus and Pierre Gringoire, but especially Quasimodo and his guardian Archdeacon Claude Frollo. Frollo is torn between his obsessive lust for Esmeralda and the rules of the Notre Dame Cathedral. His obsessive lust for La Esmeralda has made him renounce God and study alchemy and black magic Esmeralda is falsely accused and sentenced to hang .

Frollo visits her in jail and declares his love. He begs her to love him but she calls him a "goblin-monk" and a murderer. Before her execution, Esmeralda is publicly humiliated in front of Notre Dame. Looking across the square, she suddenly sees Phoebus and calls out his name. Just then, Quasimodo swings down on a rope from Notre Dame and carries her back to the cathedral, crying out "Sanctuary!" He had fallen in love with her and had been planning her escape all along.
