*Do you know the secret to access the most important thing a human being can possess? It cannot be purchased with gold or silver in a shop or department store or online. It is not found in the university or any other school established by mankind. It's origin is not in the world of politics or government or in any human institution. It truly is a rare commodity among the people of the earth. It is where freedom, life, love, hope, faith, purity, truth, goodness, and peace abounds. Do you know about this greatest of all possessions? Do you know what it is? Wisdom leads you to it. Wisdom shows you where it is. Wisdom knows it. Are you listening to wisdom? She cries out daily to*

*the children of mankind, and invites us to spend some time with her. She has a magnificent table set, and invites us to dine with her. She has something for us to discover. It is holy, and like His Name, it is incomprehensible. It is deeply personal and richly intimate. It gives substantial meaning to our existence.. It is our only salvation. It is an authentic relationship with the Personal God, who made the universe. Intimacy with the living God is what this book is about. It's what Proverbs is about. Come to dinner and partake.*

Numerous useful books on Old Testament theology are now available. However, they often give too much information - or too little. Some can seem large, and daunting to the ordinary student or pastor, and because of their layout, information may be hard to access. Others take a more introductory approach and do not deal with many of the

theological issues and questions that the Old Testament raises. Robin Routledge's aim is to bridge this gap. He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text, with more detailed discussion and references for further reading in the footnotes. His purpose is to examine the theological significance of the various texts in their wider canonical context, noting unity and coherence within the Old Testament (and to some extent between the Old and New Testaments), whilst also being aware of diversity. A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter. His hope as a Christian minister is that, while this volume has grown out of a teaching context, and is intended for students, it will also be of benefit to others who want to take the theological content of the Old Testament seriously, and to apply its message to the life and ministry of the church today.

Some were written originally in English and others have been translated from Spanish and Italian originals. They are divided in three groups: introductory, thematic, and exegetical essays. The exegetical articles offer a detail study of several passages of the book, some of them pivotal in the structure of the book (Sir 2,1; 4,11-19; 6,22; 22,27-23,6; 23,27; 24,22; 27,30-28,7; 34,1-8; 34,9-12; 42,15-43,33; 43,27-33). The thematic essays deal with important theological issues such as canon and inspiration, wisdom, fear of the lord, trial, cult, prayer, forgiveness, and creation. Other no less important issues such as power and authority, dreams, travels, perfumes, animals and garments are discussed as well.

Special attention is given to topics related with women, for instance, Ben Sira's classification of wives, divorce, polygamy, and the absence of named women in the Praise of the Ancestors (Sir 44-50).

The book of Proverbs was written to develop skillful living and thinking. Its wisdom will benefit the inexperienced as well as the mature. The title of the book comes from Proverbs 3:18 where the father urges his son to pursue wisdom saying, "She is a tree of life to those who lay hold of her." The commentary opens with an explanation of the long lectures of the father to his son. Then each of the short proverbs are grouped together in common topics. This commentary covers the entire book of Proverbs.

The story of God written in intimate love letters just for you. Dr. Larry Crabb knows that if we could see the larger story of God and humanity, our world would never be the same. That story is found in large part in the sixty-six letters of the Bible. Written in a conversational first person, as if God is speaking directly to us, Dr. Crabb looks at each individual book in scripture and boils it down to a one- or two-sentence message to us from that particular book. He then unpacks each sentence in a short chapter answering the question, What does God want me to hear from this love letter? The book's epilogue then fits all sixty-six pieces of the jigsaw puzzle together into one coherent paragraph and reveals the beautiful picture of what God has been about since the creation of the world. Far from being comprehensive, this is a personal approach to helping readers know God and his great love for them, his message for all mankind, and how their lives fit into His larger story.
