Making Things Smart uses Espruino (JavaScript for Hardware), flattening the learning curve.

It's a collection of ten short stories. The stories are different in their plot, characters, etc but yet they share common theme of happiness. The characters of each story make a bid only to attain happiness in their life. These stories unanimously underline the Indian belief that happiness is not a function of wealth. Rather, it comes from intuition. The most important aspect of this collection is they aren't mere fictions, rather the stories are inspired by events of real life characters.
