February, 1940. In San Francisco's Chinatown, fireworks explode as the city celebrates Chinese New Year with a Rice Bowl Party, a three day-and-night carnival designed to raise money and support for China war relief. All Miranda wants is justice--whatever it

a high-class bordello draped in Southern

**Proud of Their Heritage and Sustained by
Their Faith, They Came to Tame a New Land
She had promised herself that once they left
the fjords of Norway, she would not look back.
After three long years of scrimping and saving
to buy tickets for their passage to America,
Roald and Ingeborg Bjorklund, along with
their son, Thorliff, finally arrive at the docks
of New York City. It was the promise of free
land that fed their dream and lured them**

from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by

train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?

In a hilarious and often poignant debut YA novel, Jesse Alderman—or "Sway," as he's

known—avoids emotional connection at all costs, but he's ultimately forced to open his heart when he meets the girl of his dreams. Paintings, magisterial and universal, that capture the essence of a vibrant African American community In his art Jonathan Green paints the world of his childhood and an ode to a people imbued with a profound respect for the dignity and value of others—the Gullah people of the South Carolina barrier islands. His canvases, beloved for their sense of jubilation and

rediscovery, evoke the meaning of community in Gullah society and display a reverence for the rich visual, oral, and spiritual traditions of its culture. His art also reveals a keen awareness of the interpersonal, social, and natural environments in which we live. The 180 images assembled in this collection showcase the meaning, purpose, and beauty that Green finds in the small but critical tasks of life. His work elevates the everyday—preparing morning meals, doing the wash, accomplishing farming chores,

finishing a day's work, relaxing in the evening—and celebrates the social and religious—community dances, baptisms, weddings, funerals. Green allows his audience the space and silence to observe people unobtrusively as they pursue life's mission of labor, love, and belonging and as they work in harmony with nature's mysterious, ever changing fabric. While Green's paintings speak specifically to his own upbringing, they transcend racial, cultural, and ethnic boundaries, thus allowing individuals of all

backgrounds to recall fond memories and to reflect on the place that purpose and dignity hold in their lives. In addition to a foreword by Pat Conroy, essays by Bettye J. (Mbitha) Parker Smith, Lynn Robertson, and Ronne Hartfield complement Green's images. They tell of the vitality of the Gullah community, the progression of Green's career, and the authenticity of his work.

Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh"

misunderstanding turned out to be very
fortunate. The wrong spelling "DOL" of
"DOL" could be read in the suggestive
way: DO L Indeed, hundreds of
researchers have followed this
suggestion. Some of them appear as
contributors to this book. Of the many

poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to

build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose

more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a

Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Carpenter learned long ago that no white knight was coming
to save her. A hardworking waitress at the local diner, she's
raising her daughter to be like the independent women in her
"Enemy Club"--high school rivals turned best friends,
promising to always tell each other the whole truth and
nothing but! Yet part of Lizzie wishes she did have a man's
help, just for small stuff, like fixing up the house. Her fairy
godmother must have been listening, because Dante "Tay"*

Giovanni soon appears. He's sexy, kind, and offering assistance--no strings attached. Slowly, steadily, Lizzie's heart opens. But the grip of the past is fierce, and nothing in life is ever really free. Tay has his own tragedies to overcome, but if he can, he'll fix more than Lizzie's home. Shoah and Torah systematically takes up the task of reading the Shoah through the lens of the Torah and the Torah through the lens of the Shoah. The investigation rests upon (1) the metaphysical standing that the Nazis ascribed to the Torah, (2) the obliteration of the Torah in the extermination of the Jews, (3) the significance of the Torah for an understanding of the Shoah, and (4) the significance of the Shoah for an understanding of the Torah. The

basis for the inquiry lies not in the content of a certain belief but in the categories of a certain mode of thought. Distinct from all other studies, this book is grounded in the categories of Jewish thought and Judaism—the categories of creation, revelation, and redemption—that the Nazis sought to obliterate in the Shoah. Thus, the investigation is itself a response to the Nazi project of the extermination of the Jews and the millennial testimony of the Jews to the Torah. A freak storm has spawned three tornadoes that are bearing down on the town of Summerville. Yet under the cover of the storm looms a much more ominous

threat: A vindictive killer known as Red who's left a string of victims in his wake and is now bent on exacting his final revenge on the unsuspecting town. But there is an enigma surrounding Red that the FBI is unwilling to admit-closely guarded secrets of something gone terribly wrong beneath the skin of Summerville. Secrets that will destroy far more than one small town. Wendy Davidson is caught in the middle. She's a recovering cult survivor who takes refuge in Summerville on her way to visit her estranged mother. And with her, four strangers, any of whom could be the next victim . . . or the killer.
